ASCENDER ParentPortal - Enrollment, Registration & Data Updates

Terminology

Be sure you are familiar with the following terminology:

Terminology:

- **New Student Enrollment** The process of enrolling a student in the district for the first time in the current year.
- Returning Student Registration The annual registration of returning students, including

review and updates to student records such as demographic data updates and standard forms.

• **Student Data Maintenance** - The ongoing maintenance of records for existing students, such as changes to contact information.

Form Types:

- **Uploaded documents** cannot be updated online by parents; they can by viewed, printed, completed by hand, and returned to the campus. Uploaded documents forms will vary by campus and district, and can be delivered in various formats, such as Microsoft Word, PDF, spreadsheet, etc. Calendars are an example of static documents. **Any documents you upload should be ADA compliant.**
- **Dynamic forms** are presented online and can be completed and submitted online. These forms may include student online registration and demographic updates, as well as document attachment fields and uploads. Dynamic forms are built from a list of available fields. The list of available fields can be found later in the document.
- **Standard forms** are predefined district-level forms that are common throughout Texas. The forms cannot be edited, but you can determine whether or not they are available to parents by including (or excluding) them from groups. Most forms are submitted annually; the Home Language Survey only needs to be submitted once during the student's lifetime enrollment in the district.
 - Forms list:
 - Ethnicity and Race Data Questionnaire

Ethnicity and Race Data Questionnaire Read the form carefully and complete the form with the best possible information TEXAS PUBLIC SCHOOL STUDENT/STAFF ETHNICITY AND RACE DATA QUESTIONNAIRE The United States Department of Education (USDE) requires all state and local education institutions to collect data on ethnicity and race for students and staff. This information is used for state and federal accountability reporting as well as for reporting to the Office of Civil Rights (OCR) and the Equal Employment Opportunity Commission (EEOC). School district staff and parents or guardians of students enrolling in school are requested to provide this information. If you decline to provide this information, please be aware that the USDE requires school districts to use observer identification as a last resort for collecting the data for federal reporting Please answer both parts of the following questions on the student's or staff member's ethnicity and race. United States Federal Register (71 FR 44866) PART 1. ETHNICITY: Is the person Hispanic/Latino? O Not Hispanic/Latino Hispanic/Latino - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race PART 2. RACE: What is the person's race? (Choose one or more) 🗏 American Indian or Alaska Native - A person having origins in any of the original peoples of North and South America (including Central America), and who maintains a tribal affiliation or community attachment. 🗏 Asian - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam. Black or African American - A person having origins in any of the black racial groups of Africa. Native Hawaiian or Other Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. White - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa STUDENT NAME: DOB:

Falsification of Documents Identity Verification of Person Enrolling Student

STUDENT NAME:null, null DOB
STUDENT ID:

Falsification of Information

Texas Education Code 25.001 (h) and (i) Texas Penal Code 37.10

A person who knowingly falsifies information on a form required for enrollment of a student in a school district is liable for the greater of the maximum tuition fee or the amount the district has budgeted for each student as maintenance and operating expenses if the student is not eligible for enrollment in the district but is enrolled on the basis of false information.

NOTE: Enrollment in specific magnet programs does not incur out of district tuition fees. Check with your individual counseling office if your student is enrolled in a magnet program.

DAILY TUITION RATES ARE SUBJECT TO CHANGE. TUITION RATES ARE REVISED YEARLY IN OCTOBER AND ANNOUNCED BY THE TEXAS EDUCATION AGENCY. STUDENTS WHO QUALIFY FOR SPECIAL EDUCATION SERVICES DIFFER FROM GENERAL EDUCATION STUDENTS DUE TO THE ADDITIONAL SERVICES THEY RECEIVE. CHECK WITH YOUR CAMPUS COUNSELING OFFICE FOR CURRENT TUITION RATES.

Proof of Identity of Person Enrolling Student

Regardless of whether or not a child's parent, guardian, or other person with legal control of the child under a court order is enrolling a child, Texas Education Code as amended in 2001, a district is required to record the name, address, and date of birth, of the person enrolling a child. TEC Section 25.002(f). Providing a copy of your government issued ID with photo satisfies this request.

I UNDERSTAND THAT I MUST PROVIDE MY CURRENT ADDRESS, AND PROOF OF IDENTITY. I ALSO UNDERSTAND THAT IF I HAVE KNOWINGLY FALSIFIED INFORMATION ON FORMS REQUIRED FOR ENROLLMENT, I AM LIABLE FOR TUITION FEES AS DESCRIBED ABOVE.

• FERPA and Directory Information Notice

FERPA and Directory Information Notice

Read the form carefully and complete the form with the best possible information.

NOTICE OF PARENT AND STUDENT RIGHTS FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) and DIRECTORY INFORMATION

maintains general education records which are available to the parent, guardian, or person standing in lawful control of the student under a court order. Both parents/guardians have access to the records unless the school is in possession of a court order limiting access.

Federal law provides that student "educational records" are confidential. School records are defined as being directly related to a student and maintained by the school including, but not limited to: attendance, grades, discipline, test scores, health and immunization, and psychological or counseling records. Directory information is not confidential under FERPA.

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by the tenth (10th) day of the school year.

has designated the following information as directory information: student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, degrees, honors and awards received, dates of attendance, grade level, most recent educational institution attended, participation in officially recognized activities and sports, and weight and height of members of athletic teams.

- Student directory information is available to the public unless the parent/guardian restricts the release of the information. According to the Texas Public
 Information Act (TPIA), must release directory information promptly upon request and may not ask requestors the reason for the requested information.
 Parents/guardians have the right to restrict the release of directory information, but must do so in writing within the first ten (10) days of the school year or enrollment or
 see number 4 below.
- 2. Parents/guardians may alter their choice regarding directory information at any time by completing and submitting the Student Directory Release form found in the list on the left of this webpage to their child's school. Decisions regarding directory information will remain until a subsequent written request is made to alter the previous decision.
- Parents with a Parent Portal account may review their child's privacy status and make changes if wanted. Privacy codes may also be changed any time by completing a Student Directory Information Release form (found in the list on the left of this webpage) and submitting it to their child's school.
- 4. Schools must notify parents and eligible students of their FERPA rights annually. In addition to this form, FERPA information is found in the Student/Parent Handbook available in both English and Spanish online at the district website or a paper copy, by request, from your child's school.

■ Home Language Survey *

Home Language Survey FORM (TEA)

-19 TAC Chapter 89, Subchapter BB, §89.1215 (Home Language Survey applicable ONLY if administered for students enrolling in pre-kindergarten through grade 12)

HOME LANGUAGE SURVEY-19 TAC Chapter 89, Subchapter BB, §89.1215

(Home Language Survey applicable ONLY if administered for students enrolling in pre-kindergarten through grade 12)

TO BE COMPLETED BY PARENT OR GUARDIAN FOR STUDENTS ENROLLING IN PREKINDERGARTEN THROUGH GRADE 8 (OR BY STUDENT IN GRADES 9-12):

The state of Texas requires that the following information be completed for each student who enrolls in a Texas public school for the first time. It is the responsibility of the parent or guardian, not the school, to provide the language information requested by the questions below.

Dear Parent or Guardian:

To determine if your child would benefit from Bilingual and/or English as a Second Language program services, please answer the two questions below.

If either of your responses indicates the use of a language other than English, then the school district must conduct an assessment to determine how well you child communicates in English. This assessment information will be used to determine if Bilingual and/or English as a Second Language program services are appropriate and to inform instructional and program placement recommendations. If you have questions about the purpose and use of the Home Language Survey, or you would like assistance in completing the form, please contact your school/district personnel.

For more information on the process that must be followed, please visit the following website:

This survey shall be kept in each student's permanent record folder.

NAME OF STUDENT: null, null STUDENT ID: CAMPUS:

1. What language is spoken in the child's home most of the time?

2. What language does the child speak most of the time?

3. What is the student's country of birth?

NOTE: If you believe you made an error when completing this Home Language Survey, you may request a correction, in writing, only if: 1) your child has not yet been assessed for English proficiency; and 2) your written correction request is made within two calendar weeks of your child's enrollment date.

Migrant Education Program - Family Survey

If country not listed in dropdown list, enter country of birth:

Student Media Release

Read the form carefully and complete the form with the best possible information. STUDENT MEDIA RELEASE Student Name: Student ID#: During the school year, opportunities arise to provide positive information and publicity about our programs and events to the general public or specific audiences. In some cases, we may receive requests from the news media or professional persons to interview, photograph, and/or film students for news or non-profit publications, television or radio broadcasts, or for educational information and training or various publications and brochures printed by and parent-teacher organizations. Permission is needed for your child to be the subject of any news media publicity or to be included in district publications. Your selection will be kept on file for future reference and will remain in effect unless revoked in writing by the parent/guardian. I give permission for my child to be interviewed, photographed, and/or filmed for public news media, professional education information, or any other non-profit publication for public use (e.g. newsletters). In addition, I give permission for my child's name, work and likeness to appear on the Internet.

Student Residency Questionnaire (McKinney-Vento)

Student Residency Questionnaire

The information on this form is required to address the McKinney-Vento Act 42 U.S.C. 11434a(2). The answers to this residency information help determine the services the student may be eligible to receive. Presenting a false record or falsifying records is an offense under Section 37.10, Penal code, and enrollment of the child under false documents subjects the person to liability for tuition or other costs. TEC Sec. 25.002(3)(d).

All information obtained for this purpose will remain confidential. One form per student enrolled is required.

- Download Standard Forms:
- **Custom forms** are forms that parents can complete and submit online. These forms include district-created questions which are not covered by dynamic and standard forms, such as polls, surveys, and event registration.

^{*} Only needs to be submitted once during the student's lifetime enrollment in the district.

Before you Begin

The following information will assist you in implementing ASCENDER ParentPortal New Student Enrollment, Returning Student Registration, and Student Data Maintenance in your district.

Accessing the Tools & Assigning Staff

Determine who will be responsible for managing the tasks:

□ The Form Management setup steps must be completed by a user with a district admin login for ASCENDER ParentPortal. These setup steps cover New Student Enrollment, Returning Student Registration, and Student Data Maintenance.
 □ Campus tasks such as enrolling students and accepting data changes must be completed by a user with access to the applicable pages in ASCENDER Registration. This user must have a role ID with appropriate access to necessary campuses and the following ASCENDER Registration pages:

New Student Enrollment:

- Registration > Maintenance > Online Registration > New Student Enrollment
- Registration > Maintenance > Parent Portal > Letters > Print > Letter Criteria
- Registration > Maintenance > Parent Portal > Letters > Print > Print Letters
- Registration > Maintenance > Student Enrollment > Forms (Be sure this tab is enabled in Security Admin.)

Returning Student Registration and Student Data Maintenance:

- Registration > Maintenance > Student Enrollment > Forms (Be sure this tab is enabled in Security Admin.)
- Registration > Maintenance > Online Registration > Register Student
- Registration > Maintenance > Online Registration > Pending Updates
- Registration > Reports > Registration Reports > Student > SRG0700 Student Missing Forms
- Registration > Reports > Registration Reports > Student > SRG0710 Standard Forms (Home Language Survey)
- Registration > Reports > Registration Reports > Student > SRG0720 Online Registration Forms Related Reports
- Registration > Reports > Registration Reports > Student > SRG0730 Percentage of Forms Submitted per Campus
- Registration > Reports > Registration Reports > Withdrawal > SRG2300 Student Information Request

Planning Ahead

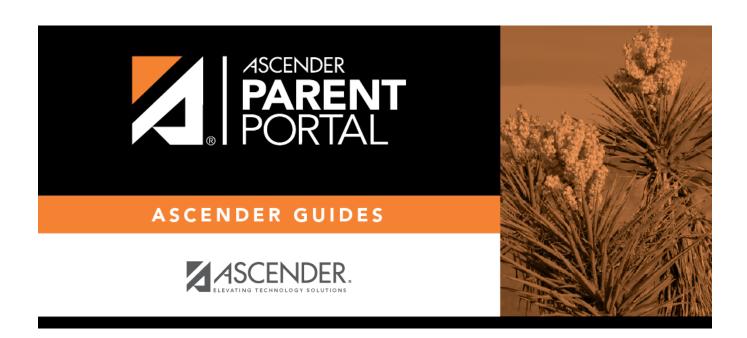

\square During the planning phase, contact your region	al service center for assistance in developing your
forms.	

☐ Discuss how your campus and district will implement New Student Enrollment (method and location).
 What method will you be using (CAPTCHA or email verification)? Where will you be hosting the enrollment event (campus, home, during a Kinder Roundup event or open house, etc.)
\Box Determine who will be responsible for completing the form management setup and ongoing maintenance. It is recommended that 1 or 2 staff persons set up and maintain online forms.
$\hfill \square$ Review all of the district's current registration documents, and compare them to the available forms.
 Determine whether static forms are needed, and which built-in dynamic and standard forms will be used. Make changes to built-in forms as needed. Determine if custom forms are needed using district-created questions.
 Contact your service center consultant for assistance with individual situations.
\square Develop a plan to explain how the returning student registration process will work.
☐ It is recommended that you communicate in advance to parents that they need to verify that their ASCENDER ParentPortal account and email address are current. Recommendations:
 Send a letter to parents (or use messaging system) to notify them that Returning Student Registration will be available on xx/xx/xxx (or during a particular event). Example: The letter can be created from ASCENDER Registration > Reports > Create Registration Report. Select the student contact fields, create the report, and then filter the report by email and populate a mail merge with an electronic form template.
 Enable online student data updates before the Returning Student Registration event. This will give parents an opportunity and a reason to log on to ASCENDER ParentPortal, which may assist districts in reconciling ParentPortal account issues.
 NOTE: Registration > Maintenance > Student Enrollment > Contact: The Email field for contacts marked as Parent/Guardian must match for ALL students associated with the ParentPortal account in order for Registration features to be activated for the parent. This email address must also be the address entered on the parent's ParentPortal account and it must be validated.
☐ Because custom instructions cannot be added to standard forms, consider creating a static form that is listed at the beginning of the standard forms which provides any instructions or additional information you would like to communicate to the parent before beginning the registration process.
\square Consider whether you need to have translators available for any enrollment events.

Troubleshooting Tools

☐ The **Guardian Verified** field on Registration > Maintenance > Student Enrollment > Contacts can be used to allow verification of ParentPortal accounts for parents who do not have access to a valid email address.

If **Guardian Verified** is selected, the contact's email address can immediately be matched to the email address entered by the parent when registering for an ASCENDER ParentPortal account. If the two addresses match, the contact can complete online registration and update the student's data. This allows you to bypass the normal email verification process for short-term situations where the normal email address verification process cannot be completed.
