☐ You can add a variety of elements to your form.

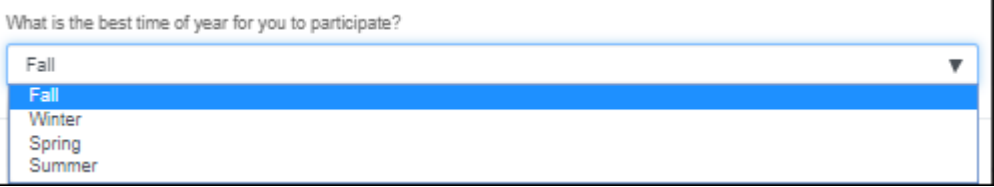

- Drag the element from the right to the blank area in the middle.
- You can drag and drop the elements to re-position them within the form.
- Click **Preview Form** any time to see how the form will look to parents.

The following two options allow you to provide headings and instructions on the form.

Header	<p>Select to add a heading, up to 50 characters.</p> <p>Example:</p> <div>PTA Participation Form</div>
Paragraph	<p>Select to provide one or more sentences in the form, such as instructions, up to 1000 characters.</p> <p>Example:</p> <div> PTA Participation Form Please complete this form by the end of the first week of school. </div>

The following question format types refer to the answer you are soliciting from the parent.

Date Field	<p>The parent will be asked to type a date or select a date from a calendar widget.</p> <p>Example:</p> <div> <div>What date can you begin?</div> <div> Begin Date mm/dd/yyyy </div> </div>
Number Field	<p>The parent will be asked to enter a number, such as a phone number, street number, or quantity.</p> <p>Example:</p> <div> <div>How many times per year</div> <div> Number 1 </div> </div>

Radio button	<p>The parent will be asked to select one of several options (multiple choice, one answer).</p> <p>Example:</p> 
Dropdown-Multiple Choice	<p>The parent will be asked to select an option from a drop-down list (one or multiple selections).</p> <p>Example:</p> 
Text Field	<p>The parent will be asked to enter a few words or less. You can specify the maximum number of characters the parent can enter.</p> <p>Example:</p> 
Text Area	<p>The parent will be asked to enter a text response that may require more than a few words. You can specify the maximum number of characters the parent can enter.</p> <p>Example:</p> 

All question format types allow the following properties to be set:

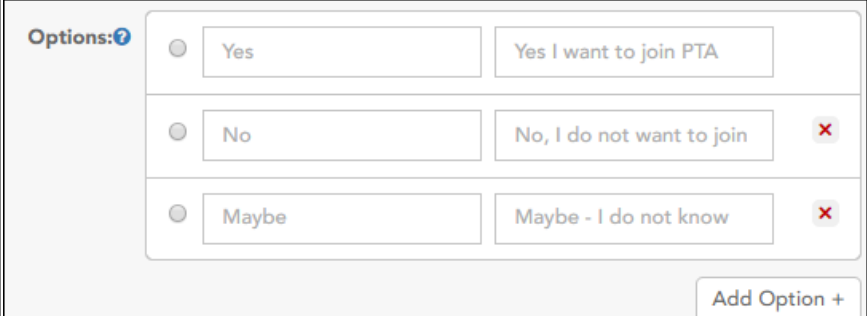

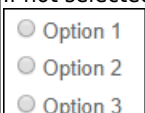

NOTE: For *Spanish* forms, provide this information in Spanish.

TIP: Be sure to add questions to the custom form that help identify the student that the information is being gathered for (e.g., What is your student's first name? What is your student's last name? Grade Level? What school does your child attend? (multiple choice)). The form results do not automatically provide default information such as first name, last name, grade level, campus.

Required	Select if parents are required to answer this question.
Label	Type the question as you want it to appear in ParentPortal. NOTE: Labels should be different for each field on individual forms. This text is for internal use when viewing custom form data.
Tool Tip	Type further instructions for the question if needed. This will be displayed when a parent hovers over a question mark icon  next to the field.
Placeholder Text	Type any text that you want to appear in the field, such as a sample answer or guidance. For example, in an email field, you may type <i>name@email.com</i> . The parent's actual answer will overwrite any placeholder text. For Date Field , the placeholder text is always mm/dd/yyyy.

The following properties depend on the type of question format type selected:

NOTE: For *Spanish* forms, provide this information in Spanish.

Property	Question Type(s)	Description
Size	Header	Select the font size for the header.
Description	Paragraph	Type any instructions or information about the form.
Options	Radio button, Dropdown-Multiple Choice	<p>Type each option the parent can choose from. There are two fields for each option:</p> <ul style="list-style-type: none"> • In the left field, type the option as it should be displayed in ParentPortal. • In the right field, type the option the way you want it to appear in the response. Parents will not see this name; it is for internal use only. It is okay for these to be the same. <ul style="list-style-type: none"> • Click Add Option + to add as many options as needed. • Click  to remove an option. 
Allow Multiple Selections	Dropdown-Multiple Choice	Indicate if the parent can choose more than one option.
Display Options Horizontally	Radio button	<p>If selected, all options are displayed on the same row.</p>  <p>If not selected, each option is displayed on a separate row.</p> 

Property	Question Type(s)	Description
Default Value	Date Field	Indicate the default value. If entered, it will be displayed initially, rather than the Placeholder text. If the parent deletes the default value, the Placeholder Text is displayed.
Minimum/Maximum Number	Number Field	Specify a range of numbers that are allowed.
Minimum/Maximum Date	Date Field	Specify a range of dates that are allowed.
Maximum Characters	Text Field, Text Area	Indicate the maximum number of characters the parent can enter.
Number of Rows	Text Area	Specify how tall the text area is. The number of rows does not affect the number of characters the parent can enter.
Input Type	Text Field, Text Area	Select the type of text you are asking the parent to enter.

☐ You can further adjust the form. Hover over each question in the form:

- Click to remove the question from the form.

- Click to view/modify the properties of the question.

Click **Close** to collapse (i.e., hide) the properties for a particular question.

- Click to duplicate the question including its properties.

☐ Click **Clear** if you need to remove all questions from the form and start over.

☐ Click **Save**.

☐ Click **Previous** if you need to return to Step 1 to modify form properties.

NOTE: A custom form must be added to either the Returning Student Registration or Student Data Maintenance group (under **Form Group Management**) to be visible to parents. Custom forms are not available for use in New Student Enrollment.

ASCENDER Parent Portal Admin > Forms Management > Custom Forms > View Form Data

This page allows you to view data submitted by parents in custom forms.

Your existing custom forms are listed. **Active Forms** are listed first, and **Archived Forms** are listed below active forms.

NOTE: Archived forms are forms that may still be needed for reporting purposes but are no longer used for data collection. An archived form is still accessible to administrators, but is grouped with other archived forms for organizational purposes.
