ASCENDER ParentPortal > Summary

The Summary page is the first page displayed when you successfully log on to ASCENDER ParentPortal. This page provides your student's schedule, current average for each class, and attendance for the current date. You may also see a district or campus message if available.

If your student's report card or IPR is available, a link is provided.

Mobile App Features

The ASCENDER ParentPortal uses a Responsive Design approach, which means the software detects the screen size and orientation of your device, and changes the layout accordingly so that you have the best viewing experience.

Some features you may experience as the screen gets narrower:

- The side menu will collapse (i.e., hide). Click  to view the side menu.
- Objects on the screen will shift from side-by-side to stacked vertically.
- Grids (such as the student's schedule) will adjust by hiding the columns, beginning with the column furthest to the right. Tap the row to view any hidden data.

Some features you may experience as the screen gets wider:

- Buttons will get wider but not taller.

☐ Select Summary from the Navigation menu to access this page.

Student Information

A student summary card is displayed for each student added to your account which displays the number of unread alerts for your student (according to your alert settings).

Class Schedule

The student's class schedule is displayed if enabled by the district, including period, course title, teacher name, room number, current attendance and current grade average for each class.

MOBILE DEVICE USERS: On a mobile device, only the period, course, and current average are visible initially. Tap a row to view the complete details for each class.

Instructor	If the teacher has provided an email address, the teacher's name is displayed as a link to that email address. If you click the name, the default email client (as specified in your Internet Options settings) opens with the teacher's address in the To field. TIP: If you use web-based email (e.g., Gmail or Yahoo! Mail), you can copy the email address from the default email client to a web-based email message.
	If the teacher has provided additional notes, click  to view the notes. The notes open in a pop-up window. Click anywhere on the page to close the pop-up window.
Last Updated	The date when the teacher last updated grades or attendance is displayed.

Current Average	The student's current grade average for each class is displayed. If the course is set up to post letter grades, letter grades are displayed. If the course is not graded, the message “Non-graded Course” is displayed in place of a grade.
Today's Attendance	Attendance for the current date is displayed for each class if it has been posted. Otherwise, it is blank. If the student is enrolled in an elementary campus which has only one period, one attendance status is displayed for the entire day.
