Budget Extract Automatic Crosswalks 1

Budget Extract Automatic Crosswalks

If your district maintains budget data in greater detail than the state-mandated level, the detail is summarized to the state-mandated level. The automatic crosswalks in the PEIMS extract program perform the summarization.

The state-mandated level of detail for budget data can be found in the TEA Financial Accountability System Resource Guide.

The extract program will automatically make the following changes to the budget data being extracted to PEIMS:

Account Code Description	Account Code	PEIMS Code

fund

> 160 and < 199

199

fund

> 510 and < 599
