File	Click **Browse** to select the file to import. The first letter of the filename indicates the submission period and must be one the following in order to be imported: F (fall) M (mid-year) S (summer) E (extended) Once a file has been selected the **Import** button is enabled.

Click **Import**.

When the import is complete, results are displayed, including counts of errors, records read, records skipped, and records by type.

Valid records are imported. Records marked with errors are not imported.

Correct any errors, and then run the Delete Tables utility to clear out the imported data; otherwise duplicate record errors will occur when you attempt to import a second time for the valid records that were imported originally.
