# **ASCENDER Business Overview**

The ASCENDER Business System is a group of web-based applications that allow you to interact with the database using an Internet browser such as Firefox, Google Chrome, or Safari (Mac only). As the ASCENDER System evolves, the browser versions are updated.

Here are a few tips:

- For adequate viewing, be sure to check your screen resolution settings. The recommended screen resolution setting is 1280×1024.
- It is recommended that you clear your Internet browser's cache each time a release is installed or updated.
- Be sure to access the ASCENDER Browser Settings document for the most current system browser settings information. This document can be found in the online Help.
- If you experience any issues or have questions, please contact your regional Education Service Center.

#### About Release Notes & Known Issues:

As the ASCENDER software programs are modified, release notes are posted in the corresponding Release Announcement at wiki.ascendertx.com. An ESC consultant login is required to access the Announcements page.

If known issues are identified for a particular release or update, a Known Issues document is also posted.

#### System Requirements and Browser Settings:

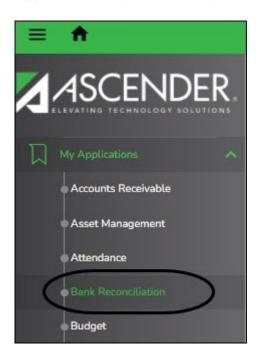

Periodically ensure that your system and browser settings meet the minimum requirements.

For information about system requirements and recommended browser settings, see ASCENDER Recommended Browser Settings.

#### ASCENDER Software Terminology:

**System** - The group of applications supporting a broad area of LEA or campus management, or a specific group of applications (e.g., Business, Student, State Reporting, OCR, District Administration, System Administration).

**Application** - A particular application within a system (e.g., Accounts Receivable, Payroll).

**Page** - Selected from a menu or submenu, a page may have multiple tabs, or it may stand alone. A page can have fields, buttons, grids, report parameters, and other features allowing you to accomplish one or more tasks.

The following page is displayed upon successfully changing your password:

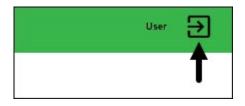

#### • Exit & Logout:

It is important to exit and log out correctly to ensure that the software functions properly.

## **Exit Application**

To exit any open application, in the top-right corner of each application next to your user name, click .

An exit application page is displayed with a message indicating that you have logged out successfully and you may close the browser tab.

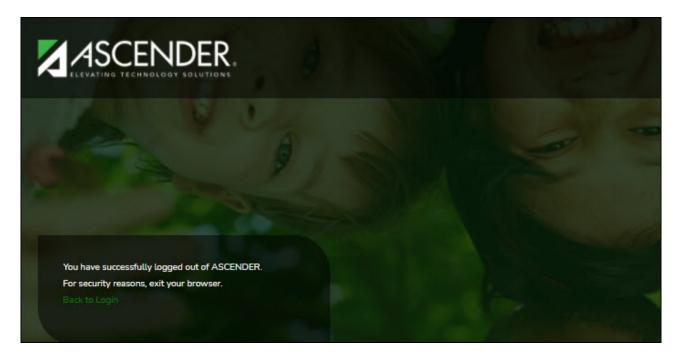

## Logout

From the ASCENDER homepage, in the top-right corner of the page next to your user name, click and then click **Logout**.

The Logout page is displayed confirming that you have logged out of ASCENDER successfully.

Click **Back to Login** to return to the ASCENDER Login page.

## **Incorrect Logout Method**

It is important to remember that if you click X on your browser to exit an application or log out of ASCENDER, various issues including table locks in the system can occur. You must contact your technical department for further assistance, which may include disconnecting the connection in Sybase to clear the table locks.

# Navigation

• ASCENDER Homepage & Quick View Dashboard:

## **ASCENDER Homepage & Quick View Dashboard**

Depending on your user profile, ASCENDER offers a Quick View dashboard that is used to

display important information from multiple sources in one, easy-to-access place. Currently, the following dashboard elements are available for Business users:

•					≡	<b>-</b> -
						_

- ASCENDER News (All users) Displays important announcements or upcoming events. The ASCENDER News is managed by the Texas Computer Cooperative (TCC).
  - Each news entry displays a topic and a description. An ellipsis (...) is displayed at the end of the description indicating that additional details are associated with the entry.
  - You can click anywhere on the news entry to open the corresponding pop-up window, which displays the full contents of the news entry. Click **Close** or to close the pop-up window.
  - If there are no news entries to display, a message is displayed prompting you to stay tuned for upcoming news.
- LEA News (All users) Displays important announcements or upcoming events directly from the LEA. The LEA News is managed by the local education agency (LEA) in District Administration.
  - Each news entry displays a topic and a description. An ellipsis (...) is displayed at the end of the description indicating that additional details are associated with the entry.
  - You can click anywhere on the news entry to open the corresponding pop-up window, which displays the full contents of the news entry. Click **Close** or to close the pop-up window.
  - If there are no news entries to display for the current date range or if you do not have permission to the application or breadcrumb (menu item) associated with the entry, the following message is displayed: "No news is good news".
- Finance at a Glance (Business users with permission to Finance, Purchasing, or Warehouse) Displays a personalized summary of accounts based on your user profile in District Administration. The Finance at a Glance will display a percentage of received/spent monies based on your user profile. This percentage can be filtered for expenditures less than 80 percent, between 80 percent and 100 percent, greater than 100 percent, and those accounts that have spent money with no budget. Accounts are summarized by fund/year, function, major object (first 2 digits), and organization. The table displays the Account, % RIzd / Exp, and Exception columns.

s of 08-16-20 11:00 AM account has actuals with no budget		80 <= 100 >100 Exception (

- $\circ\,$  This data is retrieved from the general ledger balances in Finance file ID C and is sorted by account code.
- Only account classes 5XXX, 6XXX, 7XXX, and 8XXX are included.
- $\circ\,$  The table is updated on an hourly basis (at the top of the hour).
- The following filters are available to view selected accounts and are highlighted with a corresponding color. Select the filter checkboxes as needed to narrow the display of accounts in the table.
  - >80 (green)
  - < =100 (yellow)</p>
  - >100 (red)
  - Exception (purple)
- **Approval Summary** (Business users) Displays a list of pending approval items based on your user's profile. If there are no approvals, a message is displayed indicating there are no pending approvals.

All ASCENDER users created in Security Administration are automatically granted permission to view all dashboard elements. However, the content within the dashboard element is driven by your user profile (**Profile Name**) in Security Administration with the exception of ASCENDER News, which is available to all users. The LEA News may be limited to certain users based on the LEA's preferences when adding the news entry in District Administration.

Each dashboard element tile is enabled with the drag-and-drop feature along with row x column layout options to allow you to customize the layout of your dashboard elements. Your selected layout preferences are automatically saved upon logging out of the software.

#### **Drag-and-Drop Feature**

Use the drag-and-drop feature to define the placement of the dashboard element tiles.

- $\circ\,$  Press and hold down the left mouse button on the desired element tile to "Grab" it.
- $\circ\,$  "Drag" the element tile to the desired location.
- $\circ\,$  "Drop" the element tile by releasing the mouse button.

#### Column x Row Layout Options

Use the following layout options located at the top of each dashboard element tile to

adjust the size (column = width and row = height) of the element tile. To view these options, use your mouse to hover over the top-right corner of the element.

#### Delete an element:

If you do not want an element displayed on your dashboard, you have the ability to move it out of view to the **Quick View** or **QV** column, which is the gray column located along the right side of the page.

- On any dashboard element, click in to remove the element tile from the main dashboard view. The element is moved to the **Quick View**.
- By default, the **QV** column is collapsed. Click **a** at the top of the page to expand the column and view the contents. Click **a** again to collapse the **QV** column.

#### Collapsed Quick View

#### **Expanded Quick View**

Below is an example of the **Approval Summary** element tile being deleted from the main dashboard view and moved to the **Quick View**.

<b>≜</b>		
ASCENDER News		1
Annual Student Data Rollover Survey Finance August Fiscal Year Close steps Payroll Deduction Import Summer Payroll Processing	ASCENDER welcomes you to provide feedback on our revamped ASDR process by A Now is a great time to review that process we do only once a year - Fiscal Did you know we have an import to update deductions for your employees? LEA News Great News T	The first pep rally is this Friday!	

**Note**: At any point, you can use the drag-and-drop feature to move elements from the **Quick View** back to the main dashboard view.

## **Approval Summary**

All users are granted permission to the Approval Summary dashboard element, which provides a list of pending approval items based on the user's profile. If there are no approvals, a message is displayed indicating there are no pending approvals.

Click here for a complete list of approval types that are included in the Approval Summary (based on your user profile).

	Displays the number of pending approval items for the corresponding approval type.
ID/Freq	Displays the ID or pay frequency tied to the pending item, if applicable.
Approval Type	Displays a link to the page where you have pending approval items.

Approval Summary		
# Pending	ID/Freq	Approval Type
1	C/4	Payroll > Approve CIP Transaction

In this example, the user has a pending approval for a CIP transaction.

□ Click the link. The selected application page opens in a separate browser window.

 $\Box$  Perform the necessary action to satisfy the pending item(s).

□ Log out of ASCENDER and then log back in to refresh the homepage.

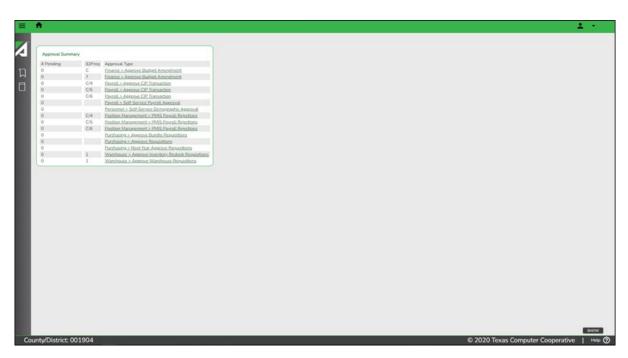

If there are no other pending approvals, a message is displayed indicating there are no pending approvals.

#### • Applications:

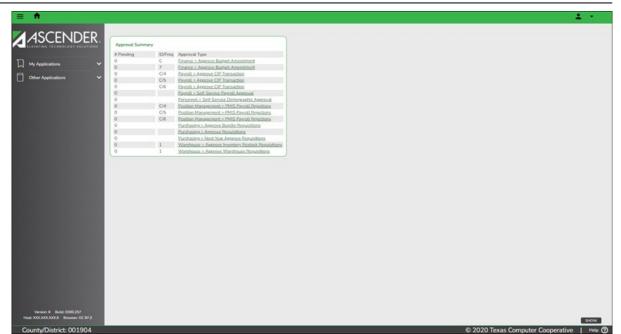

The ASCENDER homepage serves as a personalized dashboard and displays links to all ASCENDER applications that are tied to your user profile.

The main menu is located on the left side of the page. In the upper-left corner, click to collapse the main menu or expand the main menu. This functionality is available on all pages in all applications. And, on some pages must be used for a more favorable view of the actual page.

**Collapsed view** - The main menu is hidden.

**Expanded view** - The main menu is open.

Depending on your view, click or **My Applications** to view a list of applications to which you have rights.

All other applications are listed under **Other Applications**. Click **I** to view a list of other applications to which you do not have rights.

Access rights for each application must be set in Security Administration by a user with access to that system.

If you attempt to open an application you do not have rights to, the following page is displayed:

	Discipline	
You are not authorized to access D	iscipline	
For information about ASCENDER Di	scipline visit: ascendertx.com	
Exit		

Click **Exit** to return to the ASCENDER homepage.

#### • Menu & Tabs:

### Menu and Tabs

After you select an application from the ASCENDER homepage, the application homepage is displayed. In the below example, the Payroll application is selected.

Select a main menu item (e.g., Tables, Maintenance, Inquiry, etc.). The available submenu options are displayed. Use the gray scroll bar to scroll up and down and view any additional submenu options.

Select the menu or submenu options for the page you want to display.

Many pages consist of multiple tabs. Click the tab to be displayed. You will notice a difference in font color. The tab that is currently open on the page displays in green font and is underlined. All other tab names are black with no underline. Click another tab name to view data on a different tab.

Maintenance > Staff Job/Pay Data	🗸 Payroll 🚦
Save	
Employee:	Retrieve Directory
PAY INFO JOB INFO DISTRIBUTIONS DEDUCTIONS LEAVE BALANCE	

If a tab is disabled (grayed out), you may not have security permission to access the tab, the tab may not be available in the setting (year or pay frequency) to which you are logged on, or a process on another tab may need to be performed before the tab is enabled.

For example, the Leave Balance tab is disabled when a user is logged on to the next year pay frequency.

Maintenance > Staff Job/Pay Data	👻 Payroll 🚦	
Save	Yea	ar: N
Employee: 000689 : Directo	ory Docume	nts
PAY INFO JOB INFO DISTRIBUTIONS DEDUCTIONS LEAVE BALANCE		

## **Change Application**

From any application page, you can open a new application. At the top of the page next to the open application name (in this case Payroll), click . A list of all ASCENDER applications is displayed in alphabetical order. Select the application you want to open. A separate browser tab opens with the newly selected application homepage.

Maintenance > Staff Job/Pay Data			-	► Y Payroll
Save				ASCENDER Home
Employee: 000689 : PAY INFO JOB INFO DISTRIBUTIONS DEDUCTIO	ONS LEAVE BALANCE	Retrieve		Accounts Receivable Asset Management Bank Reconciliation

	Staff Salary Data	Totals		Warehouse

## **Application Tabs**

Open applications are set up to display as separate browser tabs so you can easily navigate from one application to another.

	ASCENDER Payroll ×	
ASCENDER	ASCENDER	ASCENDER
Home page	Payroll	Accounts Receivable

If you have multiple applications open, you can navigate to an open application without exiting from any one application by selecting the associated browser tab located at the top of the page.

**Note**: The session timer operates separately for each application, which may cause you to receive a session timeout message from one application while you are in another application.

Review the Session Timers section for more information about setting up session timers.

Multiple pages (i.e., menu items) cannot be displayed within an application. When a new menu selection is made, the current page is no longer displayed. If data modifications are

made on the page and the changes are not saved, an unsaved data warning message is displayed. You can select to leave the page without saving the changes or remain on the page to continue making changes or save the changes on the page.

• Change File ID, Accounting Period, or Payroll Frequency.

### **Change Feature**

In the top-right corner of the page, the Change feature allows you to change the file ID, year, accounting period, payroll frequency, and warehouse ID. This feature is only available if you are logged on to the following applications:

- Asset Management (file ID)
- Budget (file ID)
- Finance (year and accounting period)
- Payroll (year and frequency)
- Position Management (year and frequency)
- Warehouse (warehouse ID)

Depending on the application to which you are logged on, click **Change** to enable the applicable change fields.

		User 🕀
Year: C	Frequency: 5	Change

Depending on the application, the drop-down field(s) are enabled. Click  $\checkmark$  to view a list of the applicable years, file IDs, accounting periods, or payroll frequencies. Select the applicable option(s) and click **Apply**. The application data changes to match your selection.

		1	User Đ
Year: Current Year ♥ Current Year Next Year	Frequency: 5 - Semimonthly CYR 💙	Apply	Cancel

Click **Cancel** to cancel the changes.

• Software Version:

### Software Version

The following information is displayed at the lower-left corner of the page under the main menu.

Version	Displays the ASCENDER software version.
Build	Displays the ASCENDER software build number.
Host	Displays the software server host information.
Browser	Displays the browser and version details (e.g., Google Chrome Version 85.0).

• County District:

## **County District**

The following information is displayed in the lower-left corner of the page under the software version details.

100000000000000000000000000000000000000	1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.1.	100000000000000000000000000000000000000
County/	District:	101905
country	Biochioca	101000

**County/District** Displays the county district number to which you are logged on. To change this number, log out and log back in with a different number.

#### • System Alerts:

## **System Alerts**

At the bottom of each page, there is an orange message line that displays any system alerts.

Click **Hide** to hide the message line. The message line will remain hidden as you navigate to other tabs within the same page. The message line will show again if you navigate to a new menu item or when a record is saved.

		$\rightarrow$	HIDE
This is a system alert.			
	Session Timer: 44 min and 44 sec	© 2020 Texas Computer Cooperative	Help (?)

Click **Show** to show the message line.

• Online Help:

## **Online Help**

Access the ASCENDER online Help by clicking the Help button in the lower-right corner of the page.

© 2020 Texas Computer Cooperative	- F	Help	?	
-----------------------------------	-----	------	---	--

The Help topic is specific to the application page. You can browse other Help topics from the Help window. Online Help is available for all applications and is page sensitive. Additionally, you can access a variety of process-specific guides and checklists in the Online Help.

Review the ASCENDER Online Help page for more information.

### • Homepage Timer:

## **Homepage Timer**

The ASCENDER Homepage has a 300-minute session timer. This timer redirects the user to the ASCENDER Login page and requires them to log on again if they attempt to launch an application after 300 minutes of inactivity on the homepage. This timer cannot be modified.

**Note**: This timer is separate from the individual application session timers that are set up in District Administration.

#### • Session Timers:

## **Session Timers**

Across the bottom of each application page, a session timer is displayed. As each page is displayed, the timer resets.

```
Session Timer: 188 min and 43 sec
```

Review the Session Timers Help page in District Administration for more information about session timers.

## **Retrieve & Maintain Data**

From each page or tab, data can be retrieved, viewed, added, deleted, and modified using the following tools:

• Auto features:

#### Autotab

The autotab feature eliminates the need to manually click in or tab to the next field. Instead, the next defined text field automatically receives the cursor focus when the maximum number of characters in the current text field is reached.

In the example below, as you type a 20-digit account code number in nine separate boxes, you do not need to tab to each box. If you type a three-digit fund number in the **Fund** field, the cursor focus automatically tabs to the next field and so on.

↑ Inquiry > Budget Account Codes Inquiry	~	Budge	et
Retrieve Reset			
Summary O Totals Exclude Objects 61XX			
Account Code: XXX II XXX II XXX II XXX II XXII X II XXIII XXIII XXIII Fund Func Obj Sobj OrgProg			

When the cursor moves to a new field, all of the characters in that field will be highlighted.

If you are replacing the data, on your first keystroke of the new data, all of the old data will be deleted, and you can type the new data.

You may also use your arrow keys to move to any specific part of the data in the field to update or replace the data, such as spelling or changing numbers in a sequence.

## Autosuggest

The autosuggest feature allows you to type in specific data, as you type the data, a dropdown list of corresponding data is displayed. You can make a selection from the dropdown list, scroll through the drop-down list, or type new data in the field.

A Ma	intenance > Vendor Information	*	Finance	-
s	ave			
Vendor: VENDOR Please retr	39 Retrieve 39222 : BEST COMPUTER SUPPLIES / BEST COMPUTER SUPPLIES : R Alamo City, TX 39221 : BEST QUEST TEACHING SYST,LLC / BEST QUEST TEACHING SYST,LLC : R Alamo City, TX		Add	
	39220 : BEST WESTERN PALM AIR / BEST WESTERN PALM AIR : R			

Depending on the field and page, press the SPACEBAR to view a list (in some cases

limited) of available options for the field.

• Add and delete rows:

### Add a Row

In a table or grid, click **+Add** to add a new data entry row. A new row is added to the bottom of the grid or list.

Save	]

- indicates that the column is sorted in ascending order

🔻 - indicates that the column is sorted in descending order

#### • Pagination:

## Pagination

Depending on the page, approximately 30 rows of data is displayed or can be viewed with the use of the scroll bar. If the data exceeds the number of rows that can be displayed on the page, the page numbers are displayed on the bottom-left side of the page.

You can view and select which pages to display from the drop down. Or, you can click the arrow icons on either side of the page numbers to move between pages.

The pagination feature on some pages includes the range of data per page. In the below image, the page is sorted by **Fund** so each page displays the fund range listed on that page so you can find funds 180-240 on page 1 and so on.

Delete	Fscl year	Fund Type

#### • Save changes:

## **Save Changes**

To save changes on a page, click the **Save** button. You can also press ENTER on your keyboard to retrieve or save, depending where you are on the page.

If you are in a search area of the page, the retrieve feature is the default setting when you press ENTER.

If you are in the body of the page, the save feature is the default setting when you press ENTER.

## Reports

Numerous reports are available in ASCENDER. Most applications also offer a Create Report page allowing you to create customized reports.

• Generate a Report:

### **Generate a Report**

#### Select a report:

All available report names are displayed on the left side of the page. The list of available reports remains displayed on the page even after you select a report name. This allows you to select another report within the selected reports menu without exiting the report page.

 $\Box$  Click a report to select it. The parameters for the selected report are displayed on the right side of the page.

□ Type or select the report options. **Parameters in bold are required.** 

□ Use the buttons located at the top of the page to generate the report.

ons	Clear Option	CSV	PDF	Preview
ns	Clear Option	CSV		Preview

If the button feature does not apply to the selected report, it is disabled. For example, a certain report may not be available in the CSV format, so the **CSV** button will be disabled when that report is selected.

- **Preview** Click to generate the HTML view of the report.
- $\circ~\textbf{PDF}$  Click to generate a PDF file of the report.
- $\circ~\mbox{CSV}$  Click to generate a CSV file of the report.
- Clear Options Click to clear data from all parameter fields.

#### Review, save and/or print the report:

#### Review the report using the following buttons:

Click **First** to go to the first page of the report.

- Click  $\blacktriangleleft$  to go back one page.
- Click I to go forward one page.

Click Last to go to the last page of the report.

#### The report can be viewed and saved in various file formats.

Click 🔁 to save and print the report in PDF format.

Click (This option is not available for all reports.) When a report is exported to the CSV format, the report headers may not be included.

Click **X** to close the report window. Some reports may have a **Close Report**, **Exit**, or **Cancel** button instead.

#### Sort and filter:

Some reports may or may not provide the sort and/or filter option.

<ul> <li>From the report window, click Sort/Filter to open the Sort/Filter window. By default, the Sort Criteria section is expanded. If not, click Sort Criteria.</li> <li>(Left grid)         Columns         Available for         Sorting         Select the columns by which you want to sort, the columns are highlighted blue.
