ASCENDER - TRS Reporting Process

Created: 09/10/2018

Reviewed: 02/12/2021

Revised: 02/12/2021

The purpose of this document is to guide you through the necessary pages to manage TRS reporting.

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Additional reporting information and complete file record layouts can be found on the Re Portal Resources page at https://www.trs.texas.gov/Pages/re_team_about.aspx.

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

Prerequisites

[Prerequisites](#).

Set District HR Options

[Payroll > Tables > District HR Options](#)

Address the following District HR Options to indicate how hours (actual/scheduled) are reported and processed for TRS purposes.

Update Actual Hours From Payroll Processing	Select to use actual hour data from the pay transmittals during the Payroll > Payroll Processing > Run Payroll process to update/insert records in the Actual Hours table that is used for TRS processing. This field is selected by default. If selected, the Payroll > Payroll Processing > Run Payroll > Pre-Post Reports > HRS2700 - Actual Hours Worked report uses data from the transmittals. If not selected, you must either use the Payroll > Utilities > Import Actual Hours Worked page to import the actual hours from a file or manually enter the data on the Payroll > Maintenance > Actual Hours Worked page.
--	---

Per TRS, each employee must have actual hours worked or hours scheduled reported.

Under **TRS Extract Options**, indicate which hours to report for each listed pay type (pay type 1 - contracted, pay type 2 - non-contracted, pay type 3 - hourly).

Note: Substitutes are paid as contracted and as needed. TRS requires the actual days worked for substitutes, and the actual days and hours worked for retired substitutes.

<p>Use Pay Dates for TRS Month or Actual Date</p>	<p>This field applies to the RP20 and ER20 extracts.</p> <p>Select <i>A - Actual Hours Table Date</i> to use the actual date from the Maintenance > Actual Hours Worked page to determine the accumulated actual hours worked for pay type 3 employees. And, determine the days worked for pay type 4 jobs (i.e., substitutes). The actual date, month and year, must be the same as the TRS reporting month and year.</p> <p>The RP20 and ER20 extracts include all actual hours worked table entries regardless if the associated pay date is processed or unprocessed. The TRS month associated with the pay date is ignored.</p> <p>Select <i>P - Pay Dates for TRS Month</i> to use the pay date from the pay dates table to determine the accumulated actual hours for a pay type 3 job. And, determine the days worked for pay type 4 jobs (i.e., substitutes). The associated pay date must be a processed pay date that has the same month and year as the TRS reporting month and year. The actual date is ignored.</p>
<p>Pay Type 1 - Report Actual or Scheduled Hours</p>	<p>This field applies to the RP20 extract.</p> <p>Select <i>A - Actual Hours</i> to report actual hours worked for a pay type 1 job. Review the Use Pay Dates for TRS Month or Actual Date field selection to determine how the records are selected from the actual hours worked table.</p> <p>Select <i>S - Scheduled Hours</i> to report scheduled hours worked for a pay type 1 job. If <i>S - Scheduled Hours</i> is selected, then the hours are reported based on the assigned calendar. The TRS workday calendar is used for employees who do not have an assigned calendar.</p>
<p>Pay Type 2 - Report Actual or Scheduled Hours</p>	<p>This field applies to the RP20 extract.</p> <p>Select <i>A - Actual Hours</i> to report actual hours worked for a pay type 2 job. Review the Use Pay Dates for TRS Month or Actual Date field selection to determine how the records are selected from the actual hours worked table.</p> <p>Select <i>S - Scheduled Hours</i> to report scheduled hours worked for a pay type 2 job. If <i>S - Scheduled Hours</i> is selected, then the hours are reported based on the assigned calendar. The TRS workday calendar is used for employees who do not have an assigned calendar.</p>

Pay Type 3 - Report Actual or Scheduled Hours

This field applies to the RP20 extract.

Select *A - Actual Hours* to report actual hours worked for a pay type 3 job. Review the **Use Pay Dates for TRS Month or Actual Date** field selection to determine how the records are selected from the actual hours worked table.

Select *S - Scheduled Hours* to report scheduled hours worked for a pay type 3 job. If *S - Scheduled Hours* is selected, then the hours are reported based on the assigned calendar. The TRS workday calendar is used for employees who do not have an assigned calendar.

Update Job Codes

[Personnel > Tables > Job/Contract > Job Codes](#)

Use the Job Code table to update the **FTE Hrs** field for all full-time jobs. This information is used on the ED40 (Contract and Position) record to report the number of hours an employee must work in order to be considered full-time.

- Locate a job code or click **+Add** to add a new job code.
- In the **FTE Hrs** field, type the number of full-time equivalent hours for the selected job code.
- Click **Save**.

Update Employee Records

[Personnel](#) > [Maintenance](#) > [Employment Info](#)

Use the Staff/Job Pay Data page to update the necessary TRS reporting data fields.

Retrieve an employee.

Employment Type	<p>Required TRS reporting field.</p> <p>Click  to select the employee's employment type code.</p> <ul style="list-style-type: none"> • <i>F - Half-Time or more</i> • <i>M - Temporary</i> • <i>P - Less than Half-Time</i> • <i>S - Substitute</i>
Retiree Employment Type	<p>Required TRS reporting field. (for retirees)</p> <p>Click  to select the retired employee's retiree employment type code.</p> <ul style="list-style-type: none"> • <i>C - Combination of Substitute and Half-Time or less</i> • <i>F - Full-Time</i> • <i>H - Half-Time or less</i> • <i>S - Substitute</i>
ERS Retiree Health Elig	<p>Select if the employee is an Employment Retirement System of Texas (ERS) retiree and is eligible to receive health coverage for the current year through ERS. If selected, the employee does not pay the Member Insurance Contribution (IN), and the employer does not pay the Reporting Entity TRS-Care payment (RI).</p>
NY ERS Retiree Health Elig	<p>Select if the employee is an Employment Retirement System of Texas (ERS) retiree, and is eligible to receive health coverage for the next year through ERS.</p>

[Payroll > Maintenance > Staff/Job Pay Data > Job Info](#)

TRS Member Pos	<p>Required TRS reporting field.</p> <p>Click  to select the code indicating the employee's classification. This field is required for All employees.</p> <ul style="list-style-type: none">• 01 - Professional staff• 02 - Teacher, librarian• 03 - Support staff• 04 - Bus driver• 05 - FT nurse/Counselor• 06 - Peace Officers• 07 - Food service worker• 09 - Summer School <p>Notes: A value must be selected in the TRS Member Pos field and the contract begin date must be less than or equal to the current month when extracting the Contract and Position (ED40) report for the first time (i.e., First Time Report ED40 is selected.)</p> <p>The TRS Member Pos field must be set to 01, 02, or 05 if the value in the State Min Salary field is greater than zero.</p>
Wkly Hrs Sched	<p>Required TRS reporting field.</p> <p>Type the employee's scheduled weekly hours for a specific job where applicable.</p>

Click **Save**.

Before You Begin

[Before you begin.](#)

Review the following information and/or complete the tasks listed before you begin the TRS processing steps.

[Terms:](#)

Term	Description
Days Worked	The actual number of days worked or on paid leave in a reporting period month.
Employment Type	A code that indicates the type of employee (i.e., F - Half-Time or more, M - Temporary, P - Less than Half-Time, S - Substitute).
FTE Hours (full-time equivalent)	The number of weekly full-time employee hours for each job code.
LEA (Local Education Agency)	Refers to the educational entity (e.g., charter, district, etc.).
Public Education Employer Contribution (EC)	<i>Previously known as the Non-OASDI (Old age, survivor and disability insurance) Contribution.</i> Per TRS, effective September 1, 2019, all non-higher Public Education employers are required to pay this contribution on all TRS eligible employees, regardless of whether the employer pays Social Security. The purpose of the Public Education Employer Contribution (EC) is to remit on a monthly basis a contribution on the total amount of eligible salary paid to members to TRS under Section 825.4035 of the Texas Government Code.
State Minimum Salary	The state-mandated minimum salary amount that an employee with TRS position code <i>01 - Professional staff, 02 - Teacher, librarian, or 05 - FT nurse/Counselor</i> must be paid based on the number of years experience as determined by Section 153.1021 of the Texas Administrative Code, Commissioner’s Rules on Creditable Years of Service.
TRS	Teacher Retirement System of Texas
TRS Member Position Code	A TRS code (<i>01 - Professional staff, 02 - Teacher, librarian, 03 - Support staff, 04 - Bus driver, 05 - FT nurse/Counselor, 06 - Peace Officers, 07 - Food service worker, 09 - Summer School</i>) that identifies the employee's position classification. This field is required for ALL employees.
TRS On-Behalf	Contributions made by the State of Texas to the Teacher Retirement System (TRS) of Texas on behalf of a reporting entity's employees.
TRS Status	The code indicating the employee's status in regard to having a TRS deposit computed.
Wkly Hrs Sched	The employee’s scheduled weekly hours for a specific job.

[TRS Reporting Record Types:](#)

ED Records:

<p>ED20 (Demo)</p>	<p>The ED20 record is used to provide basic demographic enrollment information for employees and must be submitted for all new employees including employees who were previously terminated and rehired. This does not apply to retirees. The ED20 record is submitted to TRS at the beginning of a new school year and each month for new employees.</p> <p>Note: If an ED20 record has been submitted and corrections are required, submit an ED25 (Demo Adj) record the following month. Do not send both an ED20 and an ED25 record for the same employee in the same month.</p>
<p>ED25 (Demographic Adjustment)</p>	<p>The ED25 record is used to report adjustments to an employee's previously submitted ED20 (Demo) record.</p> <p>ED25 records are not created for changes made to a terminated employee's demographic record.</p>
<p>ED40 (Contract and Position)</p>	<p>The ED40 record is used to report an employee's new employment and position records. This record reports contract and position information on each employee before the start of employment and before the submittal of regular payroll contributions for the first time.</p> <p>Multiple ED40 records should be submitted for an employee with multiple jobs. If the various jobs fall within the same position code, then only one record should be submitted per position code. In that scenario, the ED40 records should include the employee's primary position information.</p>
<p>ED45 (Contract and Position Adjustment)</p>	<p>The ED45 record is used to adjust an employee's previously submitted and TRS-accepted ED40 record.</p>
<p>ED90 (Termination)</p>	<p>The ED90 record is used to report an employee who no longer has a contract or work agreement with the LEA. The tab is necessary to process refunds and other retirements.</p> <p>The ED90 record is submitted to TRS in the same month that the final transaction for the employee is reported on the Regular Payroll Report. For employees in TRS-eligible positions, the final transaction may be the final salary and deposits, or previously reported salary and deposit adjustments. For employees in TRS-ineligible positions, the final transaction may be the final salary or a previously reported salary adjustment.</p> <p>The ED90 record and the final transaction reported through the Regular Payroll Report must be submitted before TRS can process a refund, death claim, or retirement for a member. If the final transaction month was reported incorrectly on the ED90, you must submit a new ED90 to replace the originally reported month.</p>

RP Records:

<p>RP20 (Regular Payroll)</p>	<p>The RP20 record is used to report TRS-eligible and non TRS-eligible employees' compensation and contribution information. Multiple RP20 records should be submitted for an employee with multiple jobs; one RP20 for each TRS position code. If the various jobs fall within the same position code, only one RP20 record should be submitted per TRS position code.</p> <p>Per TRS, when reporting employees in non TRS-eligible positions, the only compensation data to be reported is the total gross compensation, no contribution data should be reported. The only exception is that employees in non-eligible positions may purchase Special Service through payroll deduction. Therefore, service credit purchase deduction may be reported for these employees. In addition, the hours worked/scheduled and days worked data must be reported for ALL employees.</p>
<p>RP25 (Payroll Adjustment)</p>	<p>The RP25 record is used to report adjustments to an employee's previously reported compensation and contribution information. RP25 Payroll Adjustment records can be used to correct an incorrectly submitted RP20 or add a detail record omitted from a previous report. This is a net difference transaction.</p>

ER Records:

<p>ER20 (Employment of Retirees)</p>	<p>ER20 records are extracted per Primary Job and per Retiree Exception, and the Retiree Exception will be the Retiree Employment Type if selected.</p> <ul style="list-style-type: none"> • Employees with multiple jobs will have multiple ER20 records reported. • Any extra duty pay (XTRA job) that is not attached to the job with the Retiree Exception should be reported with the Primary Job. • The TRS Adjustment Days extract will not extract a value for ER type records. Users are expected to update the extracted records with the Retiree Employment Type.
<p>ER25 (Add Adj)</p>	<p>The ER25 record is used to report an adjustment that adds a record to a previously reported Employment After Retirement report.</p>

ER27 (Edit Adj)	<p>The ER27 record is used to report an adjustment (i.e., edit or deletion of a record) to a previously reported record on an Employment After Retirement report.</p> <p>The ER27 is used to edit a previously submitted and TRS-accepted ER20 or ER25 record. If one or more of the following fields is adjusted, a net difference transaction must be reported:</p> <ul style="list-style-type: none"> • Actual Hours Worked • Days Worked • Total Gross Pay • Pension Surcharge • TRS-Care Surcharge <p>Additionally, the ER27 is used to delete a previously submitted and TRS-accepted ER20 or ER25 record. When deleting a record that was previously reported in error, all of the following data must net to zero:</p> <ul style="list-style-type: none"> • Actual Hours Worked • Days Worked • Total Gross Pay • Pension Surcharge • TRS-Care Surcharge
------------------------	--

[TRS Reporting Requirements:](#)

Ensure that the necessary District HR options and employee indicators are present for TRS reporting. All employees including substitutes, part-time, and students must be reported each month regardless of their TRS status. TRS reporting requires the following fields to be updated for all employees. You can use the Mass Update utility to update all of the fields except the **Hire** and **Rehire Date** fields.

TRS Reporting Requirements

- **ALL** employees are reported.
- Retired employees are only reported on the ER record.
- A contract **Begin** and **End Date** is required for **ALL** employees.

Required Information	ASCENDER Business Page
The FTE Hours (full-time equivalent) is required for the ED record if 30 hours or more.	Personnel > Tables > Job/Contract > Job Codes
The Days Worked or scheduled is required for the RP record. This data is retrieved from either the school calendar or TR calendar.	Personnel > Tables > Workday Calendars
The Employment Type is required for the ED record.	Personnel > Maintenance > Employment Info
The TRS Status (TRS membership eligibility flag) is required for the ED record.	Payroll > Maintenance > Staff Job/Pay Data > Pay Info

<p>A TRS Member Pos (position) Code is required for all employees (including substitutes).</p> <p>The Wkly Hrs. Sched (hours scheduled) is required for the RP record.</p>	<p>Payroll > Maintenance > Staff Job/Pay Data > Job Info</p>
<p>The Retiree Employment Type is required for the ER record.</p>	<p>Personnel > Maintenance > Employment Info</p>

Calculating Retiree Surcharge Table:

The Run Payroll process uses the **Retiree Exception** field on the Payroll > Maintenance > Staff Job/Pay Data > Job Info tab along with the **Employment Type** and **Take Retiree Surcharge** fields on the Personnel > Maintenance > Employment Info tab to determine whether or not to calculate a retiree surcharge for an employee. This table provides information on when a surcharge should be calculated based on these factors.

Key:

Employment Type	<i>F - Half-Time or more</i> <i>M - Temporary</i> <i>P - Less than Half-Time</i> <i>S - Substitute</i>
Take Retiree Surcharge	Selected = (Y) Yes Not selected = (N) No
Retiree Exception	<i>E Surge Personnel</i> <i>B Non-Profit Tutor Substitute</i> <i>N Non-Profit Tutor Half Time or Less</i> <i>T Non-Profit Tutor Full Time</i>

Employment Type	Take Retiree Surcharge	Retiree Exception	Calculate Surcharge?
S	Y, N	E	No

TRS Reporting Process

1. [Address adjustment days.](#)

Payroll > Payroll Processing > TRS Processing > Adjustment Days

This tab is used to add, edit, and delete adjustment days for TRS reporting.

The **Extract** function on this tab is used to extract the available days worked from the TRS calendar and from any leave docks that were processed through the payroll leave transmittals process for leave types with **Use For Dock TRS Days** selected on the [Payroll > Tables > Leave > Leave Type Description](#) tab. If the adjustment days are a result of a leave dock and the employee has multiple jobs with multiple position codes, then the adjustment days are recorded for each of the TRS position codes. After the data is extracted, the information can be retrieved for a specific employee in the **Maintenance** section of this tab. This data is used for the RP (Regular Payroll) and ER (Employment after Retirement) records.

The **Maintenance** function on this tab is used to view and maintain adjustment days for a specific employee. The information is automatically updated when the TRS adjustment days are extracted. In addition, the data can be manually added.

The **TRS Month** and **TRS Year** fields are disabled on this tab.

Under **Extract**:

Field	Description
Report Date (MM-YYYY)	Type the reporting month and year for the report.

Click **Execute**. The Extract TRS Adjustment Days - Processing Report is displayed. [Review the report.](#)

Emp Nbr	Employee Name	TRS Pos Cd	TRS Retiree	Adj Beg Dt	Adj End Dt	Nbr Adj Days	Notes
000014	AGUILAR, ADRIAN A	03	Y	05-01-	05-26-	20	Contracts: New record inserted.
000036	ARANDA, ALEXIS	02	Y	05-01-	05-26-	20	Contracts: New record inserted.
000097	BERRELEZ, BELINDA ROSARIO	03	Y	05-01-	05-26-	20	Contracts: New record inserted.
000117	BROWN, BONNIE E	03	Y	05-01-	05-26-	20	Contracts: New record inserted.
000492	HARRISON, JESSICA M	02	Y	05-01-	05-26-	20	Contracts: New record inserted.
000953	SAN MIGUEL, ROBERTO VELA	02	Y	05-01-	05-26-	20	Contracts: New record inserted.
001004	STARNES, SANDRA JANE	02	Y	05-01-	05-26-	20	Contracts: New record inserted.
001123	WHITE, VICENTE	02	Y	05-01-	05-26-	20	Contracts: New record inserted.
001145	ZERTUCHE, XOCHITL GABRIEL	03	N	05-01-	05-25-	19	Contracts: New record inserted.
001147	ZIMMERMAN, YAHIDA WILLIAM	03	N	05-01-	05-25-	19	Contracts: New record inserted.

End of Report

Click **Process** to process the records. A message is displayed indicating that the process was successful. Or, click **Cancel** to return to the Adjustment Days tab.

Under **Maintenance**:

Employee	Type the employee number or employee last name. As you type the data, a drop-down list of corresponding data is displayed. Select the employee name to be retrieved.
Start Date	Type the date in the MM-DD-YYYY format. Leave blank to display all available data for the selected employee.

- Click **Retrieve**. The employee's existing adjustment day records are displayed; processed records cannot be changed.
- Click **+Add** to add a row.

Type	Click <input type="button" value="v"/> to select one of the following record types for the record. <ul style="list-style-type: none"> • <i>RP - Regular Payroll</i> • <i>ER - Employment After Retirement</i>
TRS Pos Cd	Click <input type="button" value="v"/> to select the applicable TRS member position code: <ul style="list-style-type: none"> • <i>01 - Professional staff</i> • <i>02 - Teacher, librarian</i> • <i>03 - Support staff</i> • <i>04 - Bus driver</i> • <i>05 - FT nurse/Counselor</i> • <i>06 - Peace Officers</i> • <i>07 - Food service worker</i> • <i>09 - Summer School</i>
Retiree Employment Type	Click <input type="button" value="v"/> to select the employee's retiree employment type code. <ul style="list-style-type: none"> • <i>B - Non-Profit Tutor Substitute</i> • <i>C - Combination of Substitute and Half-time or less</i> • <i>E - Surge Personnel</i> • <i>F - Full-Time</i> • <i>H - Half-time or less</i> • <i>N - Non-Profit Tutor Half Time or Less</i> • <i>S - Substitute</i> • <i>T - Non-Profit Tutor Full Time</i> See Calculating Retiree Surcharge for additional information.
Begin Adj Date	Type the beginning adjustment date in the MM-DD-YYYY format.
End Adj Date	Type the ending adjustment date in the MM-DD-YYYY format.
Nbr Days Adj	Type the number of adjustment days for the record.
TRS Retiree	Displays the employee's TRS retirement status: <ul style="list-style-type: none"> • <i>Y - Yes, the employee is a TRS retiree.</i> • <i>N - No, the employee is not a TRS retiree.</i>

TRIS Posted MO/YR	This field displays the month and year of the last TRS posting if any.
Comments	Type any comments or other information that pertains to the record.
Date Last Upd	This field displays the last date that the record was updated.
User ID	This field identifies the user who created the transaction. The user ID is tracked through the user's logon to the system.

Click **Save**.

Other functions and features:

Retrieve	The Retrieve button is also used to retrieve information from the last save. If you click Retrieve , any unsaved changes are lost.
Errors	The Errors button is displayed at the top of the page if any errors are encountered. In addition, the tab name is displayed in red to indicate the tab on which the error occurred, and a TRS Processing pop-up window is displayed with a list of the encountered error(s). Click X to close the pop-up window and correct the errors.
	Click to delete a row. The row is shaded red to indicate that it will be deleted when the record is saved. Click Save .

2. (If Necessary) [Update payroll history](#).

Payroll > Payroll Processing > TRS Processing > Payroll History

This tab is used to make changes to an employee's payroll history data. The saved extra duty table and employee payroll history data can be retrieved for a selected TRS reporting month and year. If the extra duty table values and/or the employee's payroll history data is updated, the TRS processing reports can be recreated using the [Payroll > Payroll Processing > TRS Processing > Extract](#) tab.

Records are created and/or updated each time a payroll run is posted.

Field	Description
TRIS Month	This field defaults to the current TRS reporting month. Click  to select the TRS reporting month for which you want to retrieve data. This is a required field.
TRIS Year	This field defaults to the current reporting TRS year. Click  to select the TRS reporting year for which you want to retrieve data. This is a required field.

Click **Retrieve**.

The **Extra Duty** section is collapsed by default.

❑ Click **Extra Duty** to expand the section. This section allows you to change how extra duty is reported for a TRS reporting period.

- The extra duty code table for the selected **TRS Month** and **TRS Year** is displayed.
- Only S-type extra duties are displayed.

Field	Description
Extra Duty Code	The extra duty code and description from the Payroll > Tables > Salaries > Extra Duty tab for the selected TRS reporting month and year is displayed.

Field	Description
Expense 373	<p>Select if the extra duty code is eligible for the expense 373 state minimum expenditure. Otherwise, leave blank.</p> <p>If an employee is paid using the specified extra duty code, Expense 373 is selected, a TRS Position Code is not selected, and the employee is subject to state minimum, then the extra duty amount is included in the TRS 373 calculations using the TRS position code of the employee's primary job.</p> <p>If a TRS Position Code is selected on this page, it is used for reporting the pay associated with the extra duty code. If Expense 373 is selected and the TRS Position Code is 01, 02, or 05, then the amount is included in the TRS 373 calculations where applicable.</p> <p>If Expense 373 is not selected for an extra duty code but the TRS Position Code is 01, 02, or 05, then the pay associated to the extra duty code is not included in the TRS 373 calculations; however, it is included in the Public Education Employer Contribution calculations.</p> <p>Example: A teacher teaching summer school is paid using an extra duty stipend, Expense 373 should not be selected in the Payroll History extra duty table and the appropriate TRS Position Code (03, 04, 07, or 9) should be selected.</p>
TRS Position Code	<p>Click  to select the applicable TRS member position code:</p> <ul style="list-style-type: none"> • 01 - Professional staff • 02 - Teacher, librarian • 03 - Support staff • 04 - Bus driver • 05 - FT nurse/Counselor • 06 - Peace Officers • 07 - Food service worker • 09 - Summer School

The **Employee History Information** section is expanded by default.

Click **Employee History Information** to collapse the section. This section allows you to change how an employee's payroll history is reported for a TRS reporting period.

Field	Description
Employee	Begin typing the employee name or number. As you type the data, a drop-down list of corresponding data is displayed. Select an employee and click Retrieve .

The employee's payroll history data for the selected TRS reporting month and year is displayed. All jobs (non-XTRA) are displayed for all pay frequencies (4, 5, and 6) and for each pay date/adjustment (including voids). System adjustments are not included.

If the **TRS Position Code** is 01, 02, or 05, the **Annual State Minimum Salary**, **Period State Minimum Salary**, **State Basic Days**, and **Wholly Sep Amount This Pay Period** fields are enabled and can be changed.

The screenshot shows the 'Payroll Processing > TRS Processing' interface. Under 'Job Information', a table lists payroll data for frequency 5. The 'TRS Position Code' is '01 Professional staff'. To the right, four fields are highlighted with a red circle: 'Annual State Minimum Salary' (46,505.00), 'Period State Minimum Salary' (1,937.71), 'State Basic Days' (187 Contract day), and 'Wholly Sep Amount This Pay Period' (0.00).

If the **TRS Position Code** is 03, 04, 06, or 07, the **Annual State Minimum Salary**, **Period State Minimum Salary**, **State Basic Days**, and **Wholly Sep Amount This Pay Period** fields are disabled and cannot be changed.

The screenshot shows the same interface as above, but the 'TRS Position Code' is '03 Support staff'. The four fields highlighted with a red circle are now disabled, indicated by a grey background and a lock icon.

Under **Job Information**, the following information is displayed from the employee's job history table.

Freq	The pay frequency is displayed.
Pay Date	The pay date associated with the selected TRS reporting month and year is displayed.
Check Number	The check number for the specified payroll run is displayed.

Adj Nbr	If any adjustments exist for the specified payroll run, the adjustment number is displayed.
Job Code	The employee's job code and job code description are displayed and cannot be changed.
Total Gross	The employee's total gross amount for the current payroll period is displayed. The amount is calculated by dividing total contract amount by the number of pay periods (according to the pay frequency) in the fiscal year. The value cannot be changed.
TRS Gross	The employee's TRS gross amount is displayed and cannot be changed.
TRS Position Code	The employee's TRS member position code is displayed and can be changed.
Annual State Minimum Salary	The employee's annual (total) state minimum salary is displayed. The salary is computed by multiplying the foundation daily rate by the percent assigned times the number of days in the contract. The amount can be changed. This field is only enabled if the TRS Position Code is <i>01, 02, or 05</i> .
Period State Minimum Salary	The employee's state minimum salary for the current payroll period is displayed. The salary is calculated by dividing the annual (total) state salary by the number of pay periods (according to the pay frequency) in the fiscal year. The amount can be changed. This field is only enabled if the TRS Position Code is <i>01, 02, or 05</i> .
State Basic Days	The employee's number of state minimum days is displayed. The number of days can be changed. Click ▼ to select the number of days in the contract for the employee. <ul style="list-style-type: none"> • <i>000 TRS - Non contract</i> • <i>187 Valid basic days in contract</i> • <i>202 Valid basic days in contract</i> • <i>207 Valid basic days in contract</i> • <i>220 Valid basic days in contract</i> • <i>226 Valid basic days in contract</i> This field is only enabled if the TRS Position Code is <i>01, 02, or 05</i> .

Wholly Sep Amount This Pay Period

The wholly separate amount is displayed for the pay period if any. This field should only be used if part of the contract total includes a wholly separate amount.

This field is only enabled if the **TRS Position Code** is 01, 02, or 05. If so, type the total salary for the current pay period that is not subject to the State Base.

Example:

An employee’s primary job is a teacher and his extra duty job is a bus driver. Since the bus driver salary is not subject to the State Base, **it is recommended** to set up the bus driver duty as a separate job or as an extra duty without **Expense 373** selected. In this case, a wholly separate amount does not need to be entered as it is already excluded.

However, if the employee’s teacher and bus driver salary is lumped together in the contract total, the bus driver salary (extra duty compensation) is not subject to the Stat Min because it is wholly separate from his main duties; therefore, the annual bus driver salary amount should be indicated in the **Wholly Sep Amt** field.

Under **Extra Duty Information**, the following information is displayed from the employee pay distribution history record and cannot be changed:

Freq	Pay Date	Check Number	Adj Nbr	Job Code	Total Gross	TRS Gross	TRS Position Code	Annual State Minimum Salary	Period State Minimum Salary	State Basic Days	Wholly Sep Amount This Pay Period
5					2,917.17	2,917.17	01 Professional staff	46,505.00	1,937.71	187 Contract day	0.00

Freq	Pay Date	Adj Nbr	Extra Duty Code	Account Code	Amount	Exp 373
5			FA FB ASSISTANT		208.34	<input checked="" type="checkbox"/>
5			GH GOLF HEAD		187.50	<input checked="" type="checkbox"/>

- **Freq**
- **Pay Date**
- **Adj Nbr**
- **Extra Duty Code**
- **Account Code**
- **Amount**

The **Exp 373** check box can be changed if the extra duty pay was from a transmittal without an applied extra duty code.

Click **Save**. Use the [Payroll > Payroll Processing > TRS Processing > Extract](#) tab to recreate the TRS processing reports.

3. [Extract data.](#)

[Payroll](#) > [Payroll Processing](#) > [TRS Processing](#) > [Extract](#)

This tab is used to extract the following TRS reporting data. All six extracts (ED20, ED40, ER20, RP20, Adjustment Days to RP25, and Adjustment Days to ER27) can be run simultaneously while you perform other system tasks. You can extract per frequency or for all frequencies.

1. [Employee Demographic \(ED20\)](#)

Extracts employee demographic information (employee number, name, address, date of birth, gender, and contact information) for all employees from the [Personnel > Maintenance > Staff Demo > Demographic Information](#) tab to the TRS Processing Maintenance tab.

An ED20 record must be submitted for all new employees including employees who were previously terminated and rehired. This does not apply to retirees. The ED20 record is submitted to TRS at the beginning of a new school year and each month for new employees. The ED25 record is used to change previously submitted employee demographic information.

2. [Contract and Position \(ED40\)](#)

Extracts contract and position information for all employees prior to the start of employment and prior to the submittal of regular payroll contributions for the first time. The data is extracted from the [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab to the [Payroll > Payroll Processing > TRS Processing > Maintenance](#) tab.

Multiple ED40 records should be submitted for an employee with multiple TRS position codes. If the various jobs fall within the same position code, then only one record can be submitted per position code. In that scenario, the ED40 records should include the employee's primary position information.

FTE Hours Notes:

- The extract first uses data from the **Wkly Hrs Sched** field on the [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab.
- If the **Wkly Hrs Sched** field is zero, the extract uses the value in the **FTE Hrs** field on the [Personnel > Maintenance > Tables > Job/Contract > Job Codes](#) tab.
- If the **FTE Hrs** field is zero on the Job Codes tab, the extract uses the value in the **Standard Hours per Workday** field on the [Payroll > Tables > District HR Options](#) page (the extract multiplies the field by five to get the hours per week).
- If the employee has multiple jobs and/or TRS position codes, the **% Assigned** (total percentage of the employee's responsibilities represented by each job) field from the [Payroll > Maintenance > Staff Job/Pay Data > Job](#)

[Info](#) tab is factored into the calculation.

- If **No FTE** is selected on the [Personnel > Maintenance > Tables > Job/Contract > Job Codes](#) tab, then the **FTE Hrs** for the job is set to zero.

Summer School Contracts (TRS position code 09):

The ED40 extract creates an ED40 record for employees who have a TRS position code 09 and a summer school contract begin date (month/year) on the Summer School Contracts page that is equal to the TRS Reporting month/year.

The RP20 extract creates an ED40 record if:

- The employee has a summer school contract begin date (month/year) on the Summer School Contracts page that is equal to the TRS Reporting month/year.
- The employee was paid with an extra duty code that has TRS position code 09 assigned on the [Payroll > Payroll Processing > TRS Processing > Payroll History](#) tab (Extra Duty section).
- The employee does not have an existing ED40 record for the reporting month.

3. [Regular Payroll \(RP20\)](#)

Extracts employee compensation and contribution information for the selected reporting period.

- Multiple RP20 records should be submitted for an employee with multiple TRS position codes; one RP20 for each TRS position code. If the various jobs fall within the same position code, only one RP20 record should be submitted per position code.
- Per TRS, when reporting employees in non-TRS-eligible positions, the only compensation data to be reported is the total gross compensation, no contribution data should be reported. The only exception is that employees in non-eligible positions may purchase Special Service through payroll deduction. Therefore, service credit purchase deduction may be reported for these employees. In addition, the hours worked/scheduled and days worked data must be reported for ALL employees.
- The Adjustment Days function should be processed prior to performing this function.

Note: The extract first uses data from the **Wkly Hrs Sched** field on the [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab. If the field is zero, the extract uses the **FTE Hrs** field on the [Personnel > Maintenance > Tables > Job/Contract > Job Codes](#) tab. If that field is zero, then the extract uses the **Standard Hours per Workday** field on the [Payroll > Tables > District HR Options](#) page (the extract multiplies the field by five to get the hours per week). If the employee has multiple jobs and/or TRS position codes, the **% Assigned** (total percentage of the employee's responsibilities represented by each job) field from the [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab is factored into the calculation. The RP20 record informs TRS of the employee's weekly scheduled hours. For example, the employee works 20 hours a week as a part-time employee in a full-time job.

- If the **TRS Insurance Employer Paid** check box is selected on the [Payroll >](#)

[Tables > Taxes/Deductions > TRS Rates](#) tab, the TRS Insurance calculations are excluded from the regular payroll calculations and performed when the RP20 Extract is performed. The TRS Insurance is calculated and expensed for the LEA based on the employee's distributions for the applicable payrolls that were processed during the reporting month. This applies to distribution history record types G, O, A, and S.

- If the RP20 extract does not include Employer Paid TRS Insurance calculations, the RP20 - Employer Paid TRS Insurance report is not generated.
- The RP20 extract uses the **TRS Extract Options** on the [Payroll > Tables > District HR Options](#) page to determine which hours (actual or scheduled) to report for pay type 1, 2, and 3 employees.
- The Public Education Employer Contribution (*Previously known as the TRS Non-OASDI Contribution*) uses the following calculation: State Minimum Salary x Public Education Employer Contribution Rate = **Public Education Employer Contribution**.

Note: Per the State of Texas Education Code, Section 42.102, effective September 01, 2019, the TRS Processing Extract will no longer use the cost of education adjustment (index) (CEI) value when calculating TRS 373 Statutory Minimum Contributions. As a result:

- The Adjusted State Minimum salary is not calculated and state contributions are due on all eligible compensation paid above the statutory minimum salary schedule.
 - The CEI value no longer exists in TRS 373 Above State Base calculations that are used in TRS Processing, NY Payroll to Budget, and PMIS Simulations.
 - The **TRS Cost Education Index** field remains on the [Payroll > Tables > District HR Options](#) page for any 2018 processing needs.
- Future software updates will remove the CEI, reformat the TRS 373 report to remove the Adjusted State Minimum column, rename TRS Non-OASDI (Reporting Entity Payment for Non-OASDI Members) to Public Education Employer Contribution and any other changes that are required to coincide with TRS changes.
- Public Education Employer Contribution (*Previously known as the TRS Non-OASDI Contribution*) calculations are performed for all TRS-eligible employees who are subject to FICA tax.
- Charter schools:** TRS-eligible salaries are used to calculate the Public Education Employer Contribution (*Previously known as the TRS Non-OASDI Contribution*). The Public Education Employer Contribution is not capped by state minimum salaries.

Summer School Contracts (TRS position code 09):

The ED40 extract creates an ED40 record for employees who have a TRS position code

09 and a summer school contract begin date (month/year) on the Summer School Contracts page that is equal to the TRS Reporting month/year.

The RP20 extract to creates an ED40 record if:

- The employee has a summer school contract begin date (month/year) on the Summer School Contracts page that is equal to the TRS Reporting month/year.
- The employee was paid with an extra duty code that has TRS position code 09 assigned on the Payroll > Payroll Processing > TRS Processing > Payroll History tab (Extra Duty section).
- The employee does not have an existing ED40 record for the reporting month.

Payroll calculation notes:

- During payroll calculations, absence deductions and coded absence deductions are allocated to the selected job when processing dock amounts that affect the state minimum salary.
- Leave Docks are allocated based on the percent assigned to the jobs, which may cause differences in the TRS 373 and Public Education Employer Contribution (*Previously known as the TRS Non-OASDI Contribution*) calculations if the employee has multiple jobs.

4. [Employment after Retirement \(ER20\)](#)

Extracts employment data of retirees regardless of the retirement date or type. The data is extracted from the payroll history to the [Payroll > Payroll Processing > TRS Processing > Maintenance](#) tab.

[ER20 Notes](#)

ER20 Notes:

ER20 records are extracted per Primary Job and per Retiree Exception, and the Retiree Exception will be the Retiree Employment Type if selected.

- Employees with multiple jobs will have multiple ER20 records reported.
- Any extra duty pay (XTRA job) that is not attached to the job with the Retiree Exception should be reported with the Primary Job.
- The TRS Adjustment Days extract will not extract a value for ER type records. Users are expected to update the extracted records with the Retiree Employment Type.

The ER20 record always extracts the actual hours for retired employees.

The ER20 record bases the reporting dates for the reporting month/year on that reporting month year using the following circumstances:

If the contract begin or end date is within that reporting period, those dates are reported.

If the reporting month is within the contract begin/end dates, the entire date range for the month is reported.

If the contract begin/end date is outside of the reporting month year (e.g., the employee is paid from accruals), the original contract dates are reported.

Example: If a retiree's contract begin date is 08-17-2023 and end date is 05-25-2024, the dates reported for this employee are as follows:

Extract Month/Year	Reported Dates
August 2023	08-17-2023 - 08-31-2023
September 2023	09-01-2023 - 09-30-2023
October 2023	10-01-2023 - 10-31-2023
November 2023	11-01-2023- 11-30-2023
December 2023	12-01-2023 - 12-31-2023
January 2024	01-01-2024 - 01-31-2024
February 2024	02-01-2024 - 02-28-2024
March 2024	03-01-2024 - 03-31-2024
April 2024	04-01-2024 - 04-30-2024
May 2024	05-01-2024 - 05-25-2024
June 2024	06-01-2024 - 06-30-2024

5. [Adjustment Days](#)

This utility is used to extract the available days worked from the TRS calendar and from any leave docks that were processed through the payroll leave transmittals process for leave types that have **Use For Dock TRS Days** selected on the [Payroll > Tables > Leave > Leave Type Description](#) tab. If the adjustment days are a result of a leave dock, and the employee has multiple jobs with multiple position codes, then the adjustment days are recorded for each of the TRS position codes. The data is extracted to the Adjustment Days tab in the **Maintenance** section.

Access the [RE Portal Resources](#) page for additional reporting information and complete file record layouts.

Field	Description
TRS Month	This field defaults to the current TRS reporting month. Click  to select the TRS reporting month. This is a required field.

<p>First Time Reporting</p>	<p>Select if this is the first time the local education agency (LEA) is submitting an ED20 or ED40 report.</p> <p>ED20 Notes:</p> <p>Employees must have an active status in the CYR payroll.</p> <p>Employees are required to have either the Original Emp. Date or Latest Re-Employ Date populated on the Personnel > Maintenance > Employment Info tab.</p> <p>The most recent value of either of these dates is used to determine if the employee should be included in the extract.</p> <p>If First Time Reporting is not selected, the most recent date value (Original Emp. Date or Latest Re-Employ Date) that is used must match the TRS reporting month and year.</p> <p>If First Time Reporting is selected, the most recent date value (Original Emp. Date or Latest Re-Employ Date) that is used must be equal to or less than the TRS reporting month and year.</p> <p>ED40 Notes:</p> <p>A value must be selected in the TRS Member Pos field on the Payroll > Maintenance > Staff Job/Pay Data > Job Info tab and the contract begin date must be less than or equal to the current month when extracting the ED40 report for the first time.</p> <p>To be considered for the extract, employees must have an active status in CYR payroll and not have a TRS Status Code of 4 or 5 on the Payroll > Maintenance > Staff Job/Pay Data > Job Info tab.</p>
<p>Frequency</p>	<p>Select the payroll frequencies (e.g., 4 (biweekly), 5 (semimonthly), 6 (monthly)) to be extracted for the report. Multiple frequencies can be selected.</p> <p>By default, only the pay frequencies that are selected on the District Administration > Tables > District Information > Payroll Frequencies tab are enabled and selected.</p>

Select the extracts to be processed. You can run multiple extracts simultaneously while you perform other system tasks.

- Select **Employee Demographic (ED20) Extract** to extract employee demographic data.
- Select **Contract and Position (ED40) Extract** to extract contract and position data.

From Contract Begin Date	Type the from contract begin date in the MM-DD-YYYY format to specify a beginning date range to be used to determine which records should be included in the extract. If this field is populated, the To Contract Begin Date must be populated and vice versa.
To Contract Begin Date	<p>Type the to contract begin date in the MM-DD-YYYY format to specify an ending date range to be used to determine which records should be included in the extract. If this field is populated, the From Contract Begin Date must be populated and vice versa.</p> <p>Notes:</p> <p>If a date range is entered, the contract begin date from the job record must be within the range.</p> <p>If a date range is not entered and the First Time Reporting is not selected, then the contract begin date month and year must be equal to the TRS reporting month and year.</p> <p>If a date range is not entered and First Time Reporting is selected, then the contract begin date month and year must be equal to or less than the TRS reporting month and year.</p>

- Select **Regular Payroll (RP20) Extract** to extract regular payroll data.

Maximum Days Worked	Type the actual number of days worked in the reporting period month.
----------------------------	--

<p>Maximum Hours Worked</p>	<p>Type the actual number of hours worked in the reporting period month.</p> <p>The below approach allows each work day to be assigned independently of the pay dates that may contain the work day. Also, it manages the days worked if an employee has multiple jobs with different calendar codes but the same TRS position. And, the TRS adjustment days for leave docks (each TRS position code will have an entry for every dock day in the TRS adjustment days table) can easily be applied per TRS position.</p> <p>Notes:</p> <p>Maximum hours worked and maximum days worked should be entered allowing a warning message to be issued to identify employees with totals for the respective amounts (totals of all TRS positions codes) that may exceed the entered threshold values.</p> <p>Actual days worked are accumulated from the calendar codes in the job history records for each pay date. A list of work dates is created for each TRS position code for every employee. A work date is included if the employee was paid during a pay date that is considered for the extract. Included dates are based on the following:</p> <p>The employee’s job history contract begin/end dates (if either is within the current reporting month/year.)</p> <p>The date is marked as a work day in the calendar code. The calendar code to be used is determined as follows: If the job still exists in the employee’s job master then the job master calendar code is used, if the job does not exist in the employee’s job master, then the job history calendar code is used. If the calendar code is blank, then the TR calendar code is used.</p> <p>The dates to be considered from each calendar are based on the selected reporting period.</p>
<p>Default Zero Days Reason</p>	<p>Click  to select one of the following reasons:</p> <ul style="list-style-type: none"> • <i>A - Accrued Pay/Not Terminated</i> • <i>C - Employee on less than 12 month pay schedule/Not Terminated</i> • <i>F - Final Pay/Terminated</i> • <i>L - Leave Without Pay</i>

Child Nutrition Information

Child Nutrition (i.e. school breakfast and lunch) is a Special Revenue fund as LEAs are reimbursed based on the number of qualifying meals. Each LEA has the option to decide how the monthly child nutrition contributions submitted under the TRS Grant Deposit and TRS Grant Care are determined, either by actual salaries or on the TRS Child Nutrition Calculation Worksheet (two options).

If the LEA bases the amounts on actual salaries, a **TRS Grant Code** should be entered for that fund (usually 240) on the Fund to Grant table. However, if the LEA uses one of the two methods on the TRS Child Nutrition Calculation Worksheet, then an **Expenditure Account Code** and **Salary** amount should be entered below for the RP extract. The system will proportionately distribute the entered salary amount for the employees paid out of the same fund as entered in the **Expenditure Account Code** field.

Under **Child Nutrition**, click + **Add** to add a row and enter data in the following fields:

Grant Code	Type the designated TRS grant code.
Account Code	Type the designated child nutrition expenditure account code. All expense account codes must have the same fund/fiscal year.
Description	Type a description for the entry.
Current Month Salary	Type the current month gross salary amount. The entered salary amount is proportionately distributed for the employees paid out of the same fund as entered as the expenditure account.
Previous Month Salary	<p>Type the prior month gross salary amount. If an amount is entered, the child nutrition salary is calculated based on the specified fund and all employees who were paid in the prior TRS reporting month and year using the child nutrition fund(s) (e.g., 240). If the current TRS reporting month is 09, the prior year TRS Rates table is used.</p> <p>If an amount is not entered, no processing is completed for the prior month pay dates.</p> <p>RP25 records are automatically updated/inserted for the current reporting month but adjusting the previous reporting month for child nutrition amounts. (e.g., If you are extracting data for 04-2019, the current reporting month is 04-2019 and the adjusting reporting month is 03-2019.) If an RP25 record already exists, the TRS grant gross, grant deposit, and grant care amounts are updated.</p> <p>Journal entries are created in Finance for the prior month child nutrition TRS grant deposit and care amounts.</p>

Select **Employment after Retirement (ER20) Extract** to extract employment after retirement data.

Maximum Days Worked	Type the actual number of days worked in the reporting period month.
----------------------------	--

<p>Maximum Hours Worked</p>	<p>Type the actual number of hours worked in the reporting period month.</p> <p>The below approach allows each work day to be assigned independently of the pay dates that may contain the work day. Also, it manages the days worked if an employee has multiple jobs with different calendar codes but the same TRS position. And, the TRS adjustment days for leave docks (each TRS position code will have an entry for every dock day in the TRS adjustment days table) can easily be applied per TRS position.</p> <p>Notes:</p> <p>Maximum hours worked and maximum days worked should be entered allowing a warning message to be issued to identify employees with totals for the respective amounts (totals of all TRS positions codes) that may exceed the entered threshold values.</p> <p>Actual days worked are accumulated from the calendar codes in the job history records for each pay date. A list of work dates is created for each TRS position code for every employee. A work date is included if the employee was paid during a pay date that is considered for the extract. Included dates are based on the following:</p> <p>The employee’s job history contract begin/end dates (if either is within the current reporting month/year.)</p> <p>The date is marked as a work day in the calendar code. The calendar code to be used is determined as follows: If the job still exists in the employee’s job master then the job master calendar code is used, if the job does not exist in the employee’s job master, then the job history calendar code is used. If the calendar code is blank, then the TR calendar code is used.</p> <p>The dates to be considered from each calendar are based on the selected reporting period.</p>
<p>Default Zero Days Reason</p>	<p>Click  to select the reason for reporting zero days worked.</p> <ul style="list-style-type: none"> • <i>A - Accrued Pay/Not Terminated</i> • <i>C - Employee on less than 12 month pay schedule/Not Terminated</i> • <i>F - Final Pay/Terminated</i> • <i>L - Leave Without Pay</i>

Select **Adjustment Days** to extract adjustment days data.

<p>Adjustment Days to RP25</p>	<p>Select to extract all adjustments from the Maintenance tab page that do not have an amount in the TRS Posted MO/YR field, and the TRS reporting month and year does not match the Begin Adj Date field. Only records with the TRS Retiree field set to <i>N</i> are extracted. If the adjustment days are a result of a leave dock, and the employee has multiple jobs with multiple position codes, then the adjustment days are recorded for each of the TRS position codes. Only the net difference days worked are extracted to the RP25 record.</p>
<p>Adjustment Days to ER27</p>	<p>Select to extract adjustments from the Maintenance tab. Only records that have the TRS Retiree field set to <i>Y</i> are extracted. If the adjustment days are a result of a leave dock, and the employee has multiple jobs with multiple position codes, then the adjustment days are recorded for each TRS position code. No amounts are extracted to the ER27 record. Only net difference days worked, the contract begin and end dates, and records with the default reason code set to <i>E</i> are extracted.</p>

- ❑ Click **Execute** to process the selected extracts.

- ❑ Click **Extract Status** to view the details (extract and error reports, status, user details, etc.) for each processed extract.

The TRS Extract Processing pop-up window is displayed with the extract **Status**, **Extract Type**, **Start** date and time, **End** date and time, **User ID**, and user **Email** address. If the logged-on user has an email address on the Personnel > Maintenance > Staff Demo > Demographic Information tab, an email message is forwarded for each extract after completion.

[ED20 Demographic record details.](#)

The ED20 Demographic record is used to report an employee's demographic information. An ED20 record must be submitted for all new employees including employees who were previously terminated and rehired. This does not apply to retirees. The ED20 record is submitted to TRS at the beginning of a new school year and each month for new employees.

Note: If an ED20 record has been submitted and corrections are required, submit an ED25 (Demo Adj) record the following month. Do not send both an ED20 and an ED25 record for the same employee in the same month.

Country	Click  to select the country of the employee's address. The Demographic Address Country lookup is displayed. In the Search field, begin typing the country name or code to narrow the search. Select the country code. The lookup is closed and the Country field is populated with the selected code. Otherwise, click Cancel to close the lookup without selecting a country code. This field is only necessary for foreign addresses.
Postal Code	Type the new postal code for the employee's address. This field is only necessary for foreign addresses.

Under **New Contact Info:**

Phone Nbr	Type only corrections to the employee's previously submitted ten-digit phone number.
Work E-mail	Type only corrections to the employee's previously submitted work e-mail address. The field can be a maximum of 100 characters.

[ED40 Contract and Position record details.](#)

The ED40 record is used to report an employee's new employment and position records. This record reports contract and position information on each employee before the start of employment and before the submittal of regular payroll contributions for the first time.

Multiple ED40 records should be submitted for an employee with multiple jobs. If the various jobs fall within the same position code, then only one record should be submitted per position

code. In that scenario, the ED40 records should include the employee's primary position information.

The **Emp Nbr**, **Staff ID/SSN**, **Name**, **DOB**, and **Gender** fields are displayed and cannot be changed.

ED90 Termination record details.

The ED90 record is used to report an employee who no longer has a contract or work agreement with the local education agency (LEA). The tab is necessary to process refunds and other retirements.

The ED90 record is submitted to TRS in the same month that the final transaction for the employee is reported on the Regular Payroll Report. For employees in TRS-eligible positions, the final transaction may be the final salary and deposits, or previously reported salary and deposit adjustments. For employees in TRS-ineligible positions, the final transaction may be the final salary or a previously reported salary adjustment.

The ED90 record and the final transaction reported through the Regular Payroll Report must be submitted before TRS can process a refund, death claim, or retirement for a member. If the final transaction month was incorrectly reported on the ED90, you must submit a new ED90 to replace the originally reported month.

The **Emp Nbr**, **Staff ID/SSN**, **Name**, **DOB**, and **Gender** fields are displayed and cannot be changed.

ED90 Termination X

Emp Nbr: 000249 Staff ID/SSN: 112-79-8767 Name: DE HOYOS, DEANNA STAR DOB: 06-25-1952 Gender: F - Female

ER27 Edit Adj	0			

❑ Click to view the record details. The corresponding maintenance pop-up window is displayed with the record details.

- Make the necessary changes and click **Save**.
- Click **Close** to close the pop-up window.

❑ Click to delete a record. A warning message informing you that the selected record type

will be deleted is displayed.

- Click **OK** to delete the record.
- Click **Cancel** to return to the Maintenance page without deleting the record.

Add a RP record.

□ Click **+** to add a record. The corresponding maintenance pop-up window is displayed allowing you to add and save data. Complete the necessary fields and click **Add** to add the record.

The form is titled "RP20 Regular Payroll" and includes the following sections:

- Job Info:** TRS Position Code (03 - Support staff), Actual Hours Worked (0), Hours Scheduled (0), Days Worked (0), Zero Days Reason (C - Employee on less than 1).
- Monthly Amount:** TRS Gross (2,000.00), TRS Grant Gross (0.00), Emplr TRS Care Contrib (24.85), Perform Pay Gross (0.00), TRS Care (21.54), TRS Grant Deposit (0.00), Emplr New Member Contrib (0.00), Adj State Min (1,520.00), TRS Sal Reduction (255.10), TRS Grant Care (0.00), Emplr TRS Non-OASDI Contrib (29.07), Stat Min Contrib (93.52), Total Gross Pay (2,000.00).
- Service Credit:** Service Credit Purchase Deduction Amount (0.00), Service Credit Tax Shelter Flag (dropdown).

Buttons at the bottom: "Add" and "Close".

When the record is successfully added, an Add Successful message is displayed and the **Add** button is disabled.

□ Click **Close** to close the pop-up window.

If an RP record is added with a different TRS position code, a separate row is added to the grid.

Regular Payroll (RP) Type	TRS Position Code	Days Worked	Total Gross Pay	Adj Mo/Year	Select	Delete	Add
RP20 Regular Payroll	01 Professional staff	0	3,113.00				
RP20 Regular Payroll	03 Support staff	0	2,000.00				
RP25 Regular Payroll Adj	01 Professional staff			10/			

RP20 Regular Payroll record details.

The RP20 record is used to report TRS-eligible and non TRS-eligible employees' compensation and contribution information. Multiple RP20 records should be submitted for an employee with multiple jobs; one RP20 for each TRS position code. If the various jobs fall within the same position code, only one RP20 record should be submitted per TRS position code.

Per TRS, when reporting employees in non TRS-eligible positions, the only compensation data to be reported is the total gross compensation, no contribution data should be reported. The only exception is that employees in non-eligible positions may purchase Special Service through payroll deduction. Therefore, service credit purchase deduction may be reported for these employees. In addition, the hours worked/scheduled and days worked data must be reported for ALL employees.

The **Emp Nbr**, **Staff ID/SSN**, **Name**, **DOB**, and **Gender** fields are displayed and cannot be changed.

ER Records

Under **Employment After Retirement (ER) Type**, a list of ER record types with the number of existing records (**Nbr of Records**) is displayed. The ER table [functions](#) the same as the ED table.

[ER20 Employment of Retirees record details.](#)

ER20 Employment of Retirees

The ER20 record is used to report employment information for retirees, regardless of retirement date or retirement type.

ER20 records are extracted per Primary Job and per Retiree Exception, the Retiree Exception will be the Retiree Employment Type if selected.

- Employees with multiple jobs will have multiple ER20 records reported.
- Any extra duty pay (XTRA job) that is not attached to the job with the Retiree Exception should be reported with the Primary Job.
- The TRS Adjustment Days extract will not extract a value for ER type records. Users are expected to update the extracted records with the Retiree Employment Type.

The **Emp Nbr**, **Staff ID/SSN**, **Name**, **DOB**, and **Gender** fields are displayed and cannot be changed.

Under **Employment**:

TRS Position Code	Click  to select the applicable TRS member position code: <ul style="list-style-type: none"> • 01 - Professional staff • 02 - Teacher, librarian • 03 - Support staff • 04 - Bus driver • 05 - FT nurse/Counselor • 06 - Peace Officers • 07 - Food service worker • 09 - Summer School

Pension Surcharge	Type the amount of pension surcharge due based on retiree's employment, if any.
TRS Care Surcharge	Type the amount of TRS-Care surcharge due based on retiree's employment, if any.

Under **Adjusted Report:**

Month	Click  to select the month of the adjusted report.
Year	Type the year of the adjusted report in the YYYY format.

[ER27 Employment of Retirees Edit Adjustment record details.](#)

ER27 Edit Adj

The ER27 record is used to report an adjustment (i.e., edit or deletion of a record) to a previously reported record on an Employment After Retirement report.

The ER27 is used to edit a previously submitted and TRS-accepted ER20 or ER25 record. If one or more of the following fields is adjusted, a net difference transaction must be reported:

- **Actual Hours Worked**
- **Days Worked**
- **Total Gross Pay**
- **Pension Surcharge**
- **TRS-Care Surcharge**

Additionally, the ER27 is used to delete a previously submitted and TRS-accepted ER20 or ER25 record. When deleting a record that was previously reported in error, all of the following data must net to zero:

- **Actual Hours Worked**
- **Days Worked**
- **Total Gross Pay**
- **Pension Surcharge**
- **TRS-Care Surcharge**

Under **New Employment:**

TRS Position Code	<p>Click <input type="button" value="v"/> to select the employee's new TRS position code.</p> <ul style="list-style-type: none"> • 01 - Professional staff • 02 - Teacher, librarian • 03 - Support staff • 04 - Bus driver • 05 - FT nurse/Counselor • 06 - Peace Officers • 07 - Food service worker • 09 - Summer School

5. [Create submission files.](#)

Payroll > Payroll Processing > TRS Processing > Create Files

This tab is used to create the Employee Data (ED), Regular Payroll (RP), and Employment of

Retirees (ER) submission files for TRS reporting. These submission files can be electronically submitted to TRS.

The **Employee Data (ED)** submission file contains basic employee enrollment information. The ED file is submitted at the beginning of a new school year for all employees and each month for new employees.

The **Regular Payroll (RP)** submission file provides a payroll contribution detail report for each employee on a monthly basis. The RP file is submitted after the last payroll of the month.

The **Employment of Retirees (ER)** submission file reports employment information for retirees, regardless of retirement date or retirement type. The ER file is submitted once a month for retired members.

Access the [RE Portal Resources](#) page for additional reporting information and complete file record layouts.

Create a file:

Field	Description
TRS Month	This field defaults to the current TRS reporting month. Click  to select the TRS reporting month. This is a required field.
TRS Year	This field defaults to the current reporting TRS year. Click  to select the TRS reporting year. This is a required field.

Select the file type(s) (**ED, RP, ER**) to be created. At least one file type must be selected.

Create ED File

<p>Select ED type(s), or blank for ALL</p>	<p>Click  to display the Employee Demographic (ED) pop-up window. In the Search field, type the record type to narrow the selection. Create RP File

Select RP type(s), or blank for ALL

Click  to display the Regular Payroll (RP) pop-up window. In the **Search** field, type the record type to narrow the selection. Select the RP record type(s) to be included.

- **RP20 Regular Payroll**
- **RP25 Regular Payroll Adj**

Click **Select** to close the pop-up window and populate the field with the selection(s).

Click **Cancel** to return to the Create Files Tab. Leave the field blank to include all RP record types.

<input type="checkbox"/>	Code	Description
<input checked="" type="checkbox"/>	RP20	Regular Payroll
<input type="checkbox"/>	RP25	Regular Payroll Adj

Select Employee(s), or blank for ALL

The Employees directory is displayed.

To search for a specific employee, type data in one or more of the search fields.

To search through all available data, leave all fields blank.

Click **Search**. A list of data that matches the search criteria is displayed.

Select one or more employee numbers from the list and click **OK**. Otherwise, click **Cancel**.

Create ER File

Select ER type(s), or blank for ALL

Click  to open the Employment After Retirement pop-up window. Select the ER record type(s) to be included. In the **Search** field, type the record type to narrow the selection. Select the ER record type(s) to be included.

- **ER20 Employment of Retirees**
- **ER25 Add Adj**
- **ER27 Edit Adj**

Click **Select** to close the pop-up window and populate the field with the selection(s).
 Click **Cancel** to return to the Create Files Tab.
 Leave the field blank to include all ER record types.

Select Employee(s), or blank for ALL

The Employees directory is displayed.

To search for a specific employee, type data in one or more of the search fields.

To search through all available data, leave all fields blank.

Click **Search**. A list of data that matches the search criteria is displayed.

Select one or more employee numbers from the list and click **OK**. Otherwise, click **Cancel**.

Click **Execute**. The Signature Data reports are displayed for each selected file type. The summary contains the total number of records submitted for the reporting month and year. In addition, the submission files (.txt) are created for each selected file type.

[Review the report.](#)

6. [Interface to Finance.](#)

Payroll > Payroll Processing > TRS Processing > Interface

This tab provides a list of journal vouchers that have not been interfaced to Finance. The journal vouchers listed can be interfaced to the current or next accounting period in Finance. In addition, you can delete journal vouchers that have not been interfaced to Finance.

Interface to Finance:

The **TRS Month** and **TRS Year** fields are disabled on this tab.

Select one of the following posting options:

- **Post to Current Account Period: XX**
- **Post to Next Account Period: XX**

If applicable, you can post to the next accounting period if the current accounting period is closed.

A list of unposted journal vouchers is displayed.

Select the transactions to be interfaced.

Field	Description
Report Mo/Yr	The TRS reporting month and year are displayed.
Posting Date	Type the posting date or select a date from the calendar to be used when interfacing the JV to Finance.
JV Number	The six-character JV number is displayed.
Adjustment	This field displays the number of times the extract is processed when using the Insert New Records extract option prior to performing an interface.
Child Nutrition Deposit	This field displays the calculated child nutrition deposit amount based on the processed extract.
Child Nutrition Care	This field displays the calculated child nutrition care amount based on the processed extract.
TRS 373	This field displays the calculated TRS373 amount.
TRS Non-OASDI	This field displays the calculated Non-OASDI amount.
TRS Insurance	This field displays the employer contribution amount. Additionally, this field creates the journal for the entries and interfaces to Finance when the TRS insurance amount is greater than zero.

- Click **Interface**. The General Journal Transactions and Fund Transfer preview reports are displayed. [Review the report](#).

The screenshot shows a report window titled "General Journal Transactions" with a sub-header "ISD". The report includes a header section with the following information:

- Date Run: [blank]
- Cnty Dist: [blank]
- Record Type: Child Nutrition
- JV Number: TR0118 04
- Adjustment Number: 0
- Fund: [blurred]

The main body of the report is a table with the following columns: Fno-Obj, So-Org, Prog, JV Nbr, Reason, Debit(+) Amount, and Credit(-) Amount. The table contains four rows of transaction data and a final row for Fund Totals.

Fno-Obj, So-Org, Prog	JV Nbr	Reason	Debit(+) Amount	Credit(-) Amount
[blurred]	TR0118	TRS 489 Child Nutrition Care	0.00	-62.50
[blurred]	TR0118	TRS 3 Child Nutrition Deposit	0.00	-340.00
[blurred]	TR0118	TRS 489 Child Nutrition Care	62.50	0.00
[blurred]	TR0118	TRS 3 Child Nutrition Deposit	340.00	0.00
Fund Totals:			402.50	-402.50

- Click **Process**. If the selected transactions are interfaced to Finance successfully, a process successful message is displayed, the report window is closed, and the selected row (transaction) is deleted from the grid.
- Click **Cancel** to cancel the interface and close the report window.

7. [Purge files](#).

Payroll > Payroll Processing > TRS Processing > Purge

This tab is used to purge (delete) data from TRS reporting tables.

Purge data:

The **TRS Month** and **TRS Year** fields are disabled on this tab.

Field	Description
From Date (MM-YYYY)	Type the beginning month and year in the MM-YYYY format of the TEAM tables to be purged.
To Date (MM-YYYY)	Type the ending month and year in the MM-YYYY format of the TEAM tables to be purged.

Notes:

- If a date is not entered in both the **From Date (MM-YYYY)** and the **To Date (MM-YYYY)** fields, then all of the selected records are purged for all months that are currently in the system.
- If a date is entered in the **From Date (MM-YYYY)** field but not in the **To Date (MM-YYYY)** field, then all of the selected records are purged from the entered month through the current month.
- If a date is not entered in the **From Date (MM-YYYY)** field but is entered in the **To Date (MM-YYYY)** field, then all of the selected records are purged from the beginning month in the system through the entered date.
- If a date is entered in both the **From Date (MM-YYYY)** and **To Date (MM-YYYY)** fields, then all of the selected records are purged for all the months within the date range.

The following list of TRS tables is displayed.

- **ED20 Demographic**
- **ED25 Demographic Adj**
- **ED40 Contract & Position**

- **ED45 Contract & Position Adj**
- **ED90 Termination**
- **RP20 Regular Payroll**
- **RP25 Regular Payroll Adj**
- **ER20 Employment of Retirees**
- **ER25 Add Adj**
- **ER27 Edit Adj**

Select the tables that you want to purge. You can select individual tables (check boxes) or select the top check box to select all tables (check boxes).

Click **Execute**. The Purge Data pop-up window opens with a list of the selected tables and the number of records to be purged.

Type	Count
ED20 Demographic	43
ED25 Demographic Adj	87
ED40 Contract & Position	452
ED45 Contract & Position Adj	1
RP20 Regular Payroll	1712
RP25 Regular Payroll Adj	22
ER20 Employment of Retirees	53
ER25 Add Adj	21
ER27 Edit Adj	42

- Click **Yes** to purge the selected data. A message is displayed indicating that the delete was successful.
- Click **No** to cancel the purge process and return to the Purge tab.
