ASCENDER - Position Management: Salary Simulations Overview

Use the following pages to set up and perform various Position Management salary simulations. The forecast salary simulation functionality is similar to the Payroll simulations with the following differences:

- Uses first pay date and extra duty codes versus using an extract ID parameter.
- Calculates fringe benefits instead of only salaries.
- Simulation amounts can be updated to Budget instead of only displaying a simulation report.

This guide assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Position Management - Salary Simulation

Simulation Options

Create simulations. All fields must be completed.

[Position Management](#) > [Utilities](#) > [Salary Simulation](#) > [Simulation Options](#)

The Salary Simulation menu is only available when logged on to a next year pay frequency.

Create an export using [Utilities](#) > [Export PMIS Tables](#) prior to using this tab.

This tab is used to create a forecast position salary simulation and to select the parameters associated with the simulation.

The simulation will process for positions where the school year matches the **Next Year** field on the [District Administration](#) > [Options](#) > [Position Management](#) tab and where the accept changes flag is selected for forecast records.

Each simulation will have a unique, user-assigned name and may have various salary types included in the simulation.

When the salary calculations are performed, the program will use the original salary amount from the next year salary table, and then apply the percent or amount change as defined in the associated simulation table for that salary to determine the new salary amount for that pay grade and pay step.

Steps that have a zero percent or amount increase are included in the salary calculations at the rate from the original next year salary table amounts.

Salary Simulations provide budget reports without the need to overlay any employee or position data in the NYR payroll. Reports are available after the simulation calculations have been processed.

If the **Recalculate** field is selected for a supplement position on the Maintenance > PMIS Supplement Modify or PMIS Supplement Admin pages, and the position is not based on a regular position, the salary table amount for the extra duty is applied to the position record. If the **Recalculate** field is not selected, the salary amount in the supplement position is not changed.

403B FICA Alternative contribution calculations - PMIS simulation calculations now include 403B FICA Alternative contribution calculations when the A3 deduction type is included on the Deductions tab for the selected simulation. And, the deduction code for the A3 deduction type exists for an employee included in the simulation. The reports will list the account codes and amounts in the annuities column.

Create a simulation:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Click **Retrieve**. The simulation is retrieved.

| | |
|-------------------------------|---|
| Simulation Name | If retrieving an existing simulation, the simulation name is displayed. If adding a new simulation, type the simulation name. |
| Simulation Description | The description of the current simulation is displayed. If adding a new simulation, type the new simulation description. |
| User ID | This field is populated per user per simulation. |

Click **Add Simulation** to create a new simulation.

Under **Calculation Options:**

| | |
|---|--|
| Include Proposed Positions | Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to budget for the proposed positions to determine if they are affordable. This is a required field. |
| Include Vacant Supplement Positions | Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to budget for the vacant supplement positions to determine if they are affordable. This is a required field. Note: Forecast always budgets for a vacant regular position. |
| Increment Pay Steps | Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to increment the pay steps in the simulation. This is a required field. Note: If salaries will be frozen, the salary increase should be set to 0%, and the step salary schedule should be changed by moving the amounts from one step to another. |
| Maximum Annual Pay Step | Type the two-character code for the highest pay step in your local annual salary schedule. The field is used to identify the correct salary amount on the salary table. |
| Maximum Hourly/Daily Pay Step | Type the two-character code for the highest pay step in your hourly/daily salary schedule. The field is used to identify the correct salary amount on the salary table. |
| Increment State Steps | Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to increment the state steps in the simulation. The state steps automatically max out at 20. This is a required field. |
| Include TRS On-Behalf Calculations | Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to include the TRS on-behalf calculations in the simulation. This is a required field. |
| Expenditure Account for TRS On-Behalf Calculations | Type an account code to be used as an expenditure account for the TRS on behalf calculations. The object code is always 6144 and must be distributed by function so the function must be XX. The LEA can determine other account code components. |

| | |
|--|---|
| <p>For Midpoint Salaries - Basis of Salary Change</p> | <p>Click <input type="checkbox"/> to select one of the following options: <i>C - Use position hrly/dly rate</i> - Select to calculate the percentage increase for midpoints on the actual existing rate. This option is used by LEAs that are using a midpoint schedule in place of putting employees on a salary schedule. <i>T - Use Simulation Mid Inc/Dec Amt</i> - Select to base the percentage on the midpoint. This option is used by LEAs that follow a midpoint schedule. Select to calculate the percentage increase for midpoints on the actual existing rate. This option is used by LEAs that are using a midpoint schedule in place of putting employees on a salary schedule. This is a required field.</p> |
| <p>For Midpoint Salaries - Increase Pay Rate to Minimum</p> | <p>Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to increase or not increase the pay rate to minimum for midpoint salaries. This is a required field. If <i>Yes</i> is selected, the pay rate is increased to the minimum amount if it is below the minimum amount, and then the pay rate raise is applied per the simulation. This ensures that employees are not paid less than the minimum. If <i>No</i> is selected, the pay rate raise is applied per the simulation, and then the pay rate is raised to the minimum amount if it is still below the minimum amount. Example Example 1: If an employee's current pay rate is \$47, the simulation is set up for a 1% increase on midpoint, and the midpoint table amounts are set up as follows: \$50 minimum \$75 midpoint \$100 maximum If <i>Yes</i> is selected, the pay rate is updated to \$50.75, which is an increase to \$50 (the minimum) plus 1% (.75) of \$75. If <i>No</i> is selected, add 1% (.75) of \$75 to the current pay rate of \$47, which is below the minimum so the pay rate is updated to \$50. Example 2: If an employee's pay rate is \$49.50, and all of the factors are the same as in example 1: If <i>Yes</i> is selected, the employee's new pay rate is \$50.75. If <i>No</i> is selected, the employee's new pay rate is \$50.25.</p> |
| <p>Include TEA Health Insurance</p> | <p>Click <input type="checkbox"/> to select <i>Yes</i> or <i>No</i> to include or not include TEA health insurance in the simulation. This is a required field.</p> |

Under **Update Options:**

Utilities > Salary Simulation Position Manag

Simulation Name: Simulation Description:

SIMULATION OPTIONS
FIRST PAY DATE CODES
FUND/FISCAL YEAR EXCLUSIONS
LOCAL ANNUAL
HOURLY/DAILY
EXTRA DUTY

Update Options

Update for Active Positions Only:

Update Forecast:

Update Budget:

Update Budget Amount:

Round Budget Amount to nearest dollar:

| | |
|---|--|
| Update for Active Positions Only | Click <input type="button" value="v"/> to select one of the following options: <i>A - Calculate Budget Based on Vacancy Data</i> <i>B - Move Actual Amount to Budget Amount</i> <i>C - Move Actual Amount to Budget if Actual > Budget</i> This is a required field. |
| Update Forecast | Click <input type="button" value="v"/> to select Yes or No to update or not update the forecast in the simulation. Only select Yes when you are ready to secure all of the positions and apply the increase and updates to next year positions. This option moves the simulations into the next year positions, and if selected, the pay and state step increase is updated. This is a required field. |
| Update Budget | Click <input type="button" value="v"/> to select one of the following options: <i>N - Do not update Budget</i> <i>I - Increase or add to the amounts in Budget</i> <i>R - Replace the amounts in Budget (This is how next year payroll to next year budget works.)</i> This is a required field. |
| Update Budget Amount | Click <input type="button" value="v"/> to select one of the following options: <i>R - Recommended Amount</i> <i>A - Approved Amount</i> This is a required field. |

Click **Execute** to begin the simulation process.

Under **Calculation Reports**:

- Select the report(s) from the list. Click **Select All** or **Unselect All** to select all of the reports or unselect all reports.
- Click **Generate Reports**. The reports are displayed in the order selected.

Click **Process** to save the data to budget and/or PMIS records based on the **Update Options** selected. You are prompted to create a [backup](#).

[Review the report.](#)

Click **Continue** to continue to the next report.

Click **Return** to return to the Calculation Reports page and skip the display of the remaining reports selected.

Duplicate a simulation:

The **Duplicate From Simulation** field and **Duplicate** button are only visible when you click **Add Simulation**.

| | |
|----------------------------------|--|
| Duplicate From Simulation | Type the name of a simulation, or click  to select a simulation name from a list. |
|----------------------------------|--|

Click **Duplicate** to duplicate the simulation.

Delete a simulation:

Click **Delete** to delete the displayed simulation.

First Pay Date Codes

Select the first pay date codes to be included in the simulation.

[Position Management](#) > [Utilities](#) > [Salary Simulation](#) > [First Pay Date Codes](#)

This tab is used to designate positions to be included in the simulation based on first pay date codes.

You must be logged on to a next year pay frequency to access this utility.

Set up first pay date codes:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Click **Retrieve**. The simulation is retrieved.

| | |
|-------------------------------|---|
| Simulation Name | The simulation name is displayed. |
| Simulation Description | The description of the current simulation is displayed. |

Click **First Pay Dt Cds** to select a fund from the First Pay Date Codes [lookup](#).

First Pay Date Codes

First Pay Date Codes Search:

| Select | First Pay Date Code | Date of Pay | Description |
|--------------------------|---------------------|-------------|-------------|
| <input type="checkbox"/> | ONE | 08-15- | 207 Days |

Click **+Add** to add a row.

Utilities > Salary Simulation Position Ma

Simulation Name: Simulation Description:

|  | SPC | |
|  | STC | |

/ 1

| | |
|----------------------------|--|
| First Pay Date Code | Type a unique pay date code. The field can be a maximum of three characters. |
|----------------------------|--|

| | |
|--------------------|---|
| Date of Pay | This field is display only and indicates the starting pay date. |
|--------------------|---|

Click **Save**.

Fund/Fiscal Year Exclusions

Select the fund/year(s) to be excluded from the Budget update regardless of the Budget update option. These funds are still included in the reports.

[Position Management](#) > [Utilities](#) > [Salary Simulation](#) > [Fund/Fiscal Year Exclusions](#)

This tab allows you to designate which funds should not be included in updates to budget (if **Update Budget** is selected on the [Position Management > Utilities > Salary Simulation > Simulation Options](#) tab). If no funds are selected, all funds are available for the update.

You must be logged on to a next year pay frequency to access this utility.

Create an exclusion:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Click **Retrieve**. The simulation is retrieved.

| | |
|-------------------------------|---|
| Simulation Name | The simulation name is displayed. |
| Simulation Description | The description of the current simulation is displayed. |

Click **Budget Funds** to select a fund from the Budget Funds/Fiscal Years [lookup](#).

Click **+Add** to add a row.

| | |
|--------------------------|---|
| Fund/Fiscal Years | Type the fund code and the fiscal year. The fund code can be any digit between 101-999, and the fiscal year is a one-digit code that is the last digit in the fiscal (school) year. |
|--------------------------|---|

Click **Save**.

Budget Funds/Fiscal Years

Fund Search:

| Select | Fund | Fiscal Year |

| <input type="checkbox"/> | 242 | |
| <input type="checkbox"/> | 244 | |
| <input type="checkbox"/> | 255 | |
| <input type="checkbox"/> | 270 | |
| <input type="checkbox"/> | 289 | |

Create an exclusion:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Click **Retrieve**. The simulation is retrieved.

| | |
|-------------------------------|---|
| Simulation Name | The simulation name is displayed. |
| Simulation Description | The description of the current simulation is displayed. |

Click **Budget Funds** to select a fund from the Budget Funds/Fiscal Years [lookup](#).

Click **+Add** to add a row.

| | |
|--------------------------|---|
| Fund/Fiscal Years | Type the fund code and the fiscal year. The fund code can be any digit between 101-999, and the fiscal year is a one-digit code that is the last digit in the fiscal (school) year. |
|--------------------------|---|

Click **Save**.

Local Annual

Select the local annual salary scales to be used in the simulation. The salary scales can default to a particular percentage or amount increase with the ability to update individual pay grade/schedule/steps.

[Position Management > Utilities > Salary Simulation > Local Annual](#)

Local Annual - HRS6250

Position Management > Utilities > Salary Simulation > Local Annual

This tab is used to automatically reference the correct annual salary for employees, based on their pay grade, pay step, max days employed, and local schedule code. This table can be utilized to alter simulations for those employees, such as teaching staff, whose pay is based on an annual amount with step increases for years of service.

Set up local annual salary data:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Under **Records**:

| | |
|------------------------|--|
| Simulation Name | Display only and indicates the simulation name as entered in the Simulation Name field at the top of the page. |
| Description | Display only and indicates the simulation description as entered in the Simulation Description field at the top of the page. |
| Pay Grade | Click  to select the appropriate pay grade for the current simulation. This option limits your selection. |
| Local Annual | Click to retrieve and select multiple pay grades from the annual salary table, or create new entries to be included in the simulation phase. |

Click **Retrieve**. The local annual salary data is displayed.

Under **Modify**, select either of the following criteria to modify local annual salaries:

- **By Percent**
- **By Dollar Amt**

Under **Salary**:

| | |
|---------------|---|
| Amount | Type the dollar or percentage value to increase a salary. The dollar amount can be a maximum of six digits (e.g., 9999.99). |
|---------------|---|

Click **Default** to apply the amount entered in the **Amount** field to each salary.

Note: Only those rows that have no value in the **% Increase** or **Amount Increase** columns are affected when applying the default values.

Click **+Add** to add a row.

Note: When adding a new row with **+Add**, the same pay grade, pay step, local schedule, and maximum days employed must exist in the NYR Local Annual Salary Table, or the record cannot be saved.

| | |
|------------------|--|
| Pay Grade | Type the code for the pay grade. The field can be a maximum of three characters. |
|------------------|--|

| | |
|--------------------------|---|
| Pay Step | Type the code for the salary level within the indicated pay grade. The field can be a maximum of two characters. |
| Max Days Employed | Type the maximum number of days worked at the indicated pay grade and pay step. The field can be a maximum of three characters. |
| Local Sched | Type the optional, locally assigned, single-character code that is used to indicate the separate pay schedules for professional and support staff with the same pay grade, pay step, and maximum number of days employed. |

The system populates the **Annual Amt** field with the annual salary for this pay grade and step from the Local Annual NYR table.

Note: Each row can only be changed by a percent or dollar amount, not both, and if a row previously had a value entered in the **Amount Increase** column, and now a value is entered in the **% Increase** column, the **Amount Increase** column changes to zero.

| | |
|------------------------|---|
| % Increase | Type the percentage of the increase. |
| Amount Increase | Type the dollar amount of the increase. |
| New Amount | This field is calculated by the system. |

- Click **Refresh Totals** to recalculate the new amounts when a new amount or percent is entered.
- Click **Save**.

Hourly/Daily

Select the hourly/daily salary scales to be used in the simulation. The salary scales can default to a particular percentage or amount increase with the ability to update individual pay grade/steps.

[Position Management > Utilities > Salary Simulation > Hourly/Daily](#)

Hourly/Daily - HRS6250

Position Management > Utilities > Salary Simulation > Hourly/Daily

This tab is used to automatically reference the correct hourly/daily salary for positions, based on their pay grade, pay step, max days employed, and local schedule code. This table can then be utilized to alter simulations for those positions, such as teachers, paraprofessionals, maintenance, bus drivers, and other jobs as maintained by the district.

You must be logged on to a next year pay frequency to access this utility.

Set up hourly/daily salary data:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Click **Retrieve**. The hourly/daily salary data is displayed.

Under **Records**:

| Field | Description |
|------------------|--|
| Sim Name | Displays the simulation name as entered in the Simulation Name field at the top of the page. |
| Descr | This field is populated automatically with the simulation description as entered on the Simulation Options tab. |
| Pay Grade | Click  to select the appropriate pay grade for the current simulation. This option limits your selection. Note: In addition, you can click the Hourly/Daily button to retrieve and select multiple pay grades from the hourly/daily table, or create new entries to be included in the simulation phase. |

Click **Retrieve**. The hourly/daily salary data is displayed.

Under **Modify**, select either of the following criteria to modify hourly/daily salaries:

- **By Percent**
- **By Dollar Amt**

Under **Salary**:

| | |
|---------------|---|
| Amount | Type the dollar or percentage value to increase a salary. The dollar amount can be a maximum of six digits (e.g., 9999.99). |
|---------------|---|

Click **Default** to apply the amount entered in the **Amount** field to each salary.

Note: Only those rows that have no value in the **% Increase** or **Amount Increase** columns are affected when applying the default values.

Click **+Add** to add a row.

| | |
|------------------|--|
| Pay Grade | Type the code for the pay grade. The field can be a maximum of three characters. |
| Pay Step | Type the code for the salary level within the indicated pay grade. The field can be a maximum of two characters. |

| | |
|---------------------|--|
| Rate Type | This field is populated by the system: If the Hrs Per Day field is left blank, the rate type is set to the daily rate. If the Hrs Per Day field contains hours, the rate type changes to hourly. |
| Pay Type | Displays the type of pay for the selected simulation. |
| Hrs Per Day | Indicates how the rate is paid. If hours are not zero, the rate is considered an hourly rate. |
| Local Sched | Type the optional, locally assigned, single-character code that is used to indicate the separate pay schedules for professional and support staff with the same pay grade, pay step, and maximum number of days employed. |
| Est Ovtm Hrs | Displays the estimated annual number of overtime hours allowed for this pay grade and step. |

The system populates the **Amount field** with the hourly/daily salary amount authorized for this pay grade and step from the Hourly/Daily NYR table.

Note: Each row can only be changed by a percent or dollar amount, not both, and if a row previously had a value entered in the **Amount Increase** column, and now a value is entered in the **% Increase** column, the **Amount Increase** column changes to zero.

| | |
|------------------------|---|
| % Increase | Type the percentage of the increase. |
| Amount Increase | Type the dollar amount of the increase. |
| New Amount | This field is calculated by the system. |

- Click **Refresh Totals** to recalculate the new amounts when a new amount or percent is entered.
- Click **Save**.

Extra Duty

Include all extra duty codes in the simulation even if there is not an increase.

[Position Management > Utilities > Salary Simulation > Extra Duty](#)

Extra Duty - HRS6250

Position Management > Utilities > Salary Simulation > Extra Duty

This tab is used to automatically reference the correct extra duty salary for employees based on their extra duty codes. This table can be utilized to alter simulations for those pay rates for part-

time functions required at each campus or LEA (e.g., Cheerleader Sponsor, and UIL events).

You must be logged on to a next year pay frequency to access this utility.

Set up extra duty salary data:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Under **Records**:

| | |
|----------------------|--|
| Sim Name | Displays the simulation name as entered in the Simulation Name field at the top of the page. |
| Descr | Displays the simulation description as entered in the Simulation Description field at the top of the page. |
| Extra Duty Cd | Type the appropriate extra duty code for the current simulation, or click  to select the extra duty code from a list. |

Click **Retrieve**. The extra duty code data is displayed.

Click **Extra Duty** to select an extra duty code from the Extra Duty lookup. Or, create new entries to be included in the simulation phase.

Under **Modify**, select either of the following criteria to modify extra duty salaries:

- **By Percent**
- **By Dollar Amt**

Under **Salary**:

| | |
|---------------|---|
| Amount | Type the dollar or percentage value to increase a salary. The dollar amount can be a maximum of six digits (e.g., 9999.99). |
|---------------|---|

Click **Default** to apply the amount entered in the **Amount** field to each salary.

Note: Only the rows without a value in the **% Increase** or **Amount Increase** columns are affected when applying the default values.

Click **+Add** to add a row.

| | |
|----------------------|---|
| Extra Duty Cd | Type the extra duty code. The field can be a maximum of two characters. |
|----------------------|---|

| | |
|-----------------------------|--|
| Description | Type the name that best describes the code. The field can be a maximum of 16 characters. |
| Account Code | An edit mask allows you to type the full 20-digit account number, mask the organization code, or mask the whole account number. If the organization code is masked, when extra duty is assigned to the employee, the organization code from the employee record would complete the code. If the entire code is masked, when extra duty is assigned to the employee, a complete account code must be entered on the distribution record for the employee. |
| Activity | Click  to select a PEIMS activity code and corresponding description. |
| Wholly Sep | Click  to select whether the extra duty salary is subject to the Above State Minimum Salary Calculations of the TRS 373 Report. |
| Exp 373 | Click  to select whether the amount is to be distributed for the above state base. |
| Acct Type | Click  to select an account type that best identifies the type of salary. The Acct Type field is a required field and must be populated to save entries in the table. |
| W/C Cd | Click  to select the workers' compensation code. |
| Incl Suppl Dock Rate | Display only and indicates if the supplemental extra duty amount is included in the simulation or not. |

The **Amount** field is populated with the salary amount authorized for this extra duty assignment from the next year extra duty table.

Note: Each row can only be changed by a percent or dollar amount, not both, and if a row previously had a value entered in the **Amount Increase** column, and a value is entered in the **% Increase** column, the **Amount Increase** column changes to zero.

| | |
|-------------------------|---|
| % Increase | Type the percentage of the increase. |
| Amount Increase | Type the dollar amount of the increase. |
| New Amount | This field is calculated by the system. |
| Suppl Extra Days | If the extra duty will be used for extra days that the employee works, type the number of additional days to be used for the simulation. If this field is updated, the amount for any extra days worked is calculated. And, if the supplemental position is tied to the employee's regular position, the amount is calculated based on the daily rate of the regular position. |

Click **Refresh Totals** to recalculate the new amounts when a new amount or percent is entered.

Click **Save**.

Midpoint

The LEA has the option to increase the minimum, midpoint, and maximum and/or increase the

employee's pay.

[Position Management](#) > [Utilities](#) > [Salary Simulation](#) > [Midpoint](#)

Midpoint - HRS6250

Position Management > Utilities > Salary Simulation > Midpoint

This tab is used to manage the pay rates for hourly, noncontract employees, and contract employees not covered under the Annual or Hourly/Daily salary tables.

[Midpoint Salary Schedule](#)

Set up midpoint salary data:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Under **Records**:

| | |
|------------------|--|
| Sim Name | Display only and indicates the simulation name as entered in the Simulation Name field at the top of the page. |
| Descr | Display only and indicates the simulation description as entered in the Simulation Description field at the top of the page. |
| Pay Grade | Click  to select the appropriate pay grade for the current simulation. This option will limit your selection. Note: In addition, you can click the Midpoint button to retrieve and select multiple pay grades from the midpoint table, or create new entries to be included in the simulation phase. |

Click **Midpoint** to retrieve and select multiple pay grades from the midpoint table, or create new entries to be included in the simulation phase.

Click **Retrieve**. The midpoint salary data is displayed.

Under **Modify**, select either of the following criteria to modify midpoint salaries:

- **By Percent**
- **By Dollar Amt**

Under **Salary**:

| | |
|--------------------------|--|
| Minimum | Type the percentage or dollar amount each row will increase by. |
| Maximum | Type the percentage or dollar amount each row will increase by. |
| Midpoint | Type the percentage or dollar amount each row will increase by. |
| Max Pct Pay Inc | Type the maximum percentage allowable for the simulation. |
| Midpt Pct Pay Inc | Type the maximum midpoint percentage allowable for the simulation. |

Click **Default** to apply the amounts entered in the **Minimum**, **Maximum**, and **Midpoint** fields to each row.

Note: Only those rows that have no value in the **% Increase** or **Amt Increase** columns are affected when applying the default values.

Click **+Add** to add a row.

| | |
|------------------|---|
| Pay Grade | Type the locally assigned, three-character code for the pay grade. |
| Pay Type | Click  to select a of pay type code. |
| Hours | Type the number of hours authorized for this pay grade. When pay types 1, 2, and 4 are calculated as daily rates, the Hours field is left blank. When pay type 3 is calculated on an hourly pay rate, the Hours field requires a value. |

The system populates the **Minimum** field with the lowest pay rate for this pay grade/pay type from the Midpoint NYR table.

Note: Each row can only be changed by a percent or dollar amount, not both, and if a row previously had a value entered in the **Amount Increase** column, and now a value is entered in the **% Increase** column, the **Amount Increase** column will change to zero.

| | |
|---------------------|---|
| % Increase | Type the percentage of the increase. |
| Amt Increase | Type the dollar amount of the increase. |
| New Min | This field is calculated by the system. |

The system populates the **Maximum** field with the highest pay rate for this pay grade/pay type from the Midpoint NYR table.

| | |
|---------------------|---|
| % Increase | Type the percentage of the increase. |
| Amt Increase | Type the dollar amount of the increase. |
| New Max | This field is calculated by the system. |

The system populates the **Midpoint** field with the calculated midpoint pay rate for this pay grade/pay type from the Midpoint NYR table.

| | |
|---------------------|---|
| % Increase | Type the percentage of the increase. |
| Amt Increase | Type the dollar amount of the increase. |

| | |
|---------------------------|--|
| New Midpoint | This field is calculated by the system. |
| Max Pct Pay Inc | Type the maximum percentage allowable for the simulation. |
| Midpt Pct Pay Inc | Type the maximum midpoint percentage allowable for the simulation. |
| Max Inc/Dec Amt | This field is calculated by the system. |
| Midpnt Inc/Dec Amt | This field is calculated by the system. |

- Click **Refresh Totals** to recalculate the new amounts when a new amount or percent is entered.
- Click **Save**.

Deductions

Designate the estimated employee and employer annual amounts for deductions. Vacant positions can be included.

[Position Management > Utilities > Salary Simulation > Deductions](#)

Deductions - HRS6250

Position Management > Utilities > Salary Simulation > Deductions

This tab is used to designate estimated employee and employer annual amounts for deductions. PMIS does not use the next year Staff Job/Pay Data; therefore, employee deductions are not available for budgeting. Vacant positions can also be included in the simulation.

The intent of the employee amount is to have an annual estimated value of deductions that are subject to a Cafeteria Plan 125 that affects FICA/Medicare tax calculations for budgeting purposes. The employer amount is intended for those deductions where employer contribution needs to be budgeted. The simulation looks at the current year payroll to detect which employees have that deduction code, and takes the amount reflected in the **Emp Amt** field on this tab and reduces the employee annual gross on the simulation by that amount for those employees who occupy positions in the next year PMIS to determine the amount of FICA/Medicare that needs to be calculated for Budget. This field is optional; however, leaving it blank will over budget for FICA and Medicare, which may be preferred by some LEAs.

You must be logged on to a next year pay frequency to access this utility.

Designate or add a deduction code:

| Field | Description |
|-------------------------------|--|
| Simulation Name | Type the name of a simulation or click  to select the simulation name from a list. |
| Simulation Description | Type a description of the current simulation or click  to select the simulation description from a list. The field can be a maximum of 30 characters. |

Click **Retrieve**.

| | |
|------------------------|---|
| Simulation Name | Display only and indicates the simulation name as entered in the Simulation Name field at the top of the page. |
| Description | Display only and indicates the simulation description as entered in the Simulation Description field at the top of the page. |

Click **Deductions** to select a fund from the Deductions [lookup](#).

Click **+Add** to add a row.

| | |
|---------------------------------|--|
| Deduction Code | Type a three-digit code identifying the deduction. This code must exist in the Deduction Code table. |
| Type | Indicates the two-character code identifying the deduction and is automatically populated based the Deduction Code field. |
| Long Description | Indicates the long name that best describes the deduction code and is automatically populated based on the Deduction Code field. |
| Emp Amt | Type the annual amount of the contribution by the employee with that deduction. |
| Emplr Amt | Type the annual amount of the contribution by the LEA for the employee with that deduction. |
| Apply to Vacant Position | Select to apply the employer amount to vacant positions included in the simulation. Note: If your TRS Active-Care is split between more than one payroll deduction code, only select this field for one of the deduction codes. For example, if you have four TRS Active-Care codes and each one has an annual amount of \$2700 for the employer contribution and you select this field for all four codes, then each vacant position in your reports will reflect a budget amount of \$10,800 for health insurance. |

Click **Save**.

Update Salary Tables

Select the simulation records to update the next year salary data. Update all simulations in the next year tables at one time. Once the update process is completed, the process is disabled until the Copy CYR Tables to NYR Tables process is completed again.

[Position Management](#) > [Utilities](#) > [Salary Simulation](#) > [Update Salary Tables](#)

Update Salary Tables- HRS6250

Position Management > Utilities > Salary Simulation > Update Salary Tables

This tab is used to select the simulation records to update the next year salary data. All simulations that will be updated in the next year tables need to be updated at one time. Once the update process has been completed, the process is disabled until the Copy CYR Tables to NYR Tables process is completed again.

It is your responsibility to ensure the simulation has not been updated multiple times, causing the salary tables to be incorrect. It is also important to maintain the integrity of the simulation tables to prevent duplicated steps.

You must be logged on to a next year pay frequency to access this utility.

Update existing salary tables:

All available simulations are displayed on the left side of the page. Use the arrow buttons to select the simulations to be updated.

- Click to move selected entries from the left side to the right side of the page.

- Click to move all entries from the left side to the right side of the page.

- Click to move selected entries from the right side to the left side of the page.

- Click to move all entries from the right side to the left side of the page.

Click **Execute**.

If any errors are encountered during the process, an error report is displayed. A listing of all duplicates and rows in the simulation that are not listed in the salary table is displayed. All simulation update processes are disabled until you clear the errors.

[Review the report.](#)

Click **Continue**.

Click **Cancel** to close the report and return to the Update Salary Tables tab.

If no errors are encountered during the process or you clicked **Continue** from the error report, a report for each of the four salary tables is generated.

Click **Cancel** to return to the Update Salary Tables tab without updating.

Click **Process** to process the update. You are prompted to create a [backup](#).

After the export process is completed, the actual update is performed. If the update is successful, a message is displayed indicating that the simulation update was processed successfully.

Delete Simulations

Delete PMIS salary simulation records.

[Position Management](#) > [Utilities](#) > [Salary Simulation](#) > [Delete Simulations](#)

Delete Simulations - HRS6250

Position Management > Utilities > Salary Simulation > Delete Simulations

This tab is used to delete simulation tables. The Delete Simulations tab is not a required step in the simulation process.

You must be logged on to a next year pay frequency to access this utility.

Prior to using this utility, create an export using the [Position Management > Utilities > Export PMIS Tables](#) page.

Delete existing simulation tables:

All available simulations are displayed on the left side of the page. Use the arrow buttons to select the simulations to be updated.

- Click to move selected entries from the left side to the right side of the page.

- Click to move all entries from the left side to the right side of the page.

- Click to move selected entries from the right side to the left side of the page.

- Click to move all entries from the right side to the left side of the page.

Select the simulations to be deleted.

Click **Execute** to delete the selected simulation(s).

Position Management - Salary Simulation Reports

The following Calculation Reports are available. Regular and supplement positions are listed separately for each employee.

Current/Forecast Simulation Comparison Report - This report is similar to the HRS6650 - CYR/NYR Salary Comparison Report in the next year payroll files. The report compares the current year PMIS salary to the calculated salary in the simulation for the next year PMIS. The only difference between this report and the HRS6650 report is that the HRS6650 report compares the employee's current year payroll salary to the employee's next year payroll salary.

Employee Base Pay Information Report - This report is unique to PMIS for budgeting purposes. The report provides the base salary (no benefits) by pay grade. LEAs can review this information to determine the cost of a base salary amount for a particular pay grade for the listed employees. The forecast amount is the amount reflected on the position in the next year PMIS, the simulation amount reflects the salary amount with the applied increase.
