PMIS Process - Sample Timeline

This Position Management Sample Timeline document serves as a suggested timeline for ASCENDER Position Management processes and tasks that occur throughout the year. You can adjust accordingly to meet your LEA's needs.

February-March

Position Management Process - Sample Timeline (February-March)

In the February-March timeframe, prior to using the Position Management application, assemble a planning team comprised of representatives from the necessary departments (Finance/Budget and Payroll/Personnel) to discuss and make informed decisions about the following items.

For complete information, review the Position Management Process guide.

☐ Timelines Set up calendars for cutoff dates and anticipated processing dates.
☐ Payroll Prepare for special circumstances such as pay scale changes based on TASBO studies, new pay structures, new job codes, and employer contribution rate changes, etc.
☐ Budgetary expectations Discuss new schools, school closings, position consolidations, fund source changes, new supplements (extra duties), or supplement consolidations/eliminations.
☐ Retroactive pay planning Discuss approved salaries before moving from forecast to current.
☐ Proposed positions Discuss new positions or inactivations.
☐ Identify groups and determine the following:
 The first pay date codes to be moved into each group. The pay scales to be used for each move. Design simulations in advance for easy processing.

- ☐ Use the District Administration > Tables > PMIS pages to perform the following tasks:
 - Update the new school year.
 - Update the pay date tables with the new year pay dates.
 - Update the school calendar table with the new school year calendars.

• Identify stipends/supplements for each group.

- Update the first pay dates for the new school year.
- Update the forecast conversion table with new pay dates, calendars, and first pay dates for all groups including extra duty.
- Copy tables (only job codes and salary tables) from the current to the next year.
- Update the forecast conversion first pay date table when moving employees from 13/27 to 12/26 payments.
- · Delete old forecast records.
- Create a forecast from the current year.
- Run the first snapshot of all forecast positions through the simulation process on all salaries and groups.
- Continue to use the simulation process for each group. Forecast record modifications can be performed to modify each simulation until you are satisfied with a simulation to update the forecast records and Budget.
