ASCENDER - Position Management: Update NYR Positions and Move Employees to CYR Payroll 1

ASCENDER - Position Management: Update NYR Positions and Move Employees to CYR Payroll

This guide provides the necessary steps to update next year positions and move 12-, 11-, and 10-month employees to the current year payroll.

This guide assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

12-month Employees

This process moves employees who receive their first paycheck in July from next year Position Management to current year Position Management. It also updates some of the fields on the following Maintenance tabs in the current year (see step 7 for detailed information):

- Employment Info
- Pay Info
- Job Info
- Distributions

A separate simulation needs to be set up for employees who receive their first paycheck in July. This is necessary because the position in the next year Position Management reflects the current year's salary information. The simulation updates the fields in the next year positions for the new school year and clears the **Accept Changes** field. The new salary information from the next year position is updated in the current year, updating both the current year Position Management and the Staff Job/Pay Data fields for those employees. As 12-month employees do not accrue, it is not necessary to move them to the next year payroll. Contact your regional ESC consultant to discuss moving 12-month employees to the next year payroll.

Note: Depending on the LEA, it may not be necessary to set up separate simulations. If the LEA has determined next year salaries and completed all interfacing to Budget for the year, one simulation can be used when moving employees. Contact your regional ESC consultant to discuss this option.

It is important to consider how this process affects the budget. If you update 12-month positions with the new salary amount for the next school year in the next year Position Management, running the simulation a second time at a later date for all employees gives the 12-month employees an additional increase. If you were unable to update the budget with accurate salaries for all employees prior to rolling 12-month employees, it is necessary to update Budget with multiple simulations. Reference the [Interface to Budget Checklist](#).

The following checklist assumes the LEA has interfaced the payroll salaries to Budget using the

Salary Simulation process in Position Management.

TIP: Be sure to complete service records and extract June TRS before continuing this process. This process updates the begin and end contract dates for 12-month employees in the current year payroll. Service records must reflect the begin and end dates from the current school year, and these dates are used to calculate the days and hours worked for TRS purposes. This process will overwrite the employee's calendar with the calendar for the new year. If June TRS has not been extracted, the system is unable to calculate this information for June.

1. [Verify account code fiscal years.](#)

[Position Management > Utilities > Update Fiscal Year by Fund](#)

Verify that the account code fiscal years are accurate. This tab provides a list of the fund/fiscal years that are set up in the positions. This process increments the position distribution fiscal year by 1.

Note: Since the account codes are validated against the budget, there should not be any fiscal years less than the next year. If there are, generate a user-created report to identify the positions and manually update the information.

2. [Generate a user-created report.](#)

[Position Management > Reports > User Created Reports > CYR/NYR Positions](#)

Generate a PMIS user-created report to verify that the **Increase Eligible** field is selected for applicable positions. It is possible that the field is not selected for new LEA employees from last year.

It is recommended to verify the **Nbr Remain Payments** field prior to calculating salaries.

Select the following fields on the user-created report:

The screenshot shows the 'Position Management' interface with the following sections:

Click **Create Report**. The report is displayed. Use the sort/filter functionality to group the applicable data.

Note: The number of remaining payments reflected on the report is displayed on the Job Info tab as the number of annual payments and the number of remaining payments for the employee for any P position type. If the LEA uses S acct types or business allowances for extra duties, S position types on this report should reflect the correct number of remaining payments. Prior to continuing, make the necessary position corrections.

3. [Verify retiree information.](#)

[Position Management > Maintenance > PMIS Position Modify > Budget](#)

Verify that the **TRS Status** field is set to 5 - *Retired* for retirees. If the TRS status is incorrect, there is a possibility that the status will be incorrect (TRS-eligible) when the employee is moved to the current year payroll.

4. Identify employees to be moved to current year payroll.

Log on to the current year.

Payroll > Reports > User Created Reports

Generate a user-created report to identify the employees who begin their new contract in July. It is possible that the employees are inactive in the current year, be sure that the **Active Employees Only** field is not selected.

The screenshot shows the 'User Created Reports' configuration interface. At the top, there are buttons for 'Save', 'Create Report', 'Delete', and 'Reset'. The current report is for 'Year: C' with a 'Frequency: 6'. Below these are fields for 'Report Template' (with 'Public' checkbox and 'Retrieve'/'Directory' buttons) and 'Report Title'. The 'Employee Nbr' field is followed by the 'Active Employees Only' checkbox, which is currently unchecked. The 'Employee Demographic' section includes checkboxes for 'Employee Nbr', 'Texas Unique Staff ID', 'Name Prefix', 'First Name', 'Middle Name', 'Last Name', 'Generation', 'Sex', 'DOB', 'Staff ID/SSN', 'Address Number', 'Street/P.O. Box', 'Apt', 'City', 'State', 'Zip', 'Zip+4', 'Addr Country', 'Maiden Name', 'Former Prefix', 'Former First Name', 'Former Middle Name', 'Former Last Name', 'Former Generation', 'Driver's License', 'DL State', 'DL Expir Date', 'Phone Area Cd', 'Phone Nbr', 'Bus Phone Area', 'Bus Phone Nbr', 'Bus Ext', 'Cell Area Cd', 'Cell Phone Nbr', 'Local Restriction', 'Public Restriction', 'Last Change Date', 'Citizenship', 'Marital Stat', 'Other Language', 'Local Use 1', 'Local Use 2', 'Email', 'Home Email', 'Employee Notes', 'Emer Contact', 'Relationship', 'Emer Notes', 'Emer Area Cd', 'Emer Phone Nbr', 'Emer Ext', 'Hispanic/Latino', 'American Indian', 'Asian', 'African American', 'Pacific Islander', and 'White'. In the 'Job Information' section, 'Payoff Date' is selected, along with 'Nbr Days Employed', 'Nbr Days in Contract', 'Local Contract Days', 'Nbr of Annual Pymts', 'Remaining Pymts', 'Wholly Sep Amt', 'Pay Grade', 'Pay Step', 'Pay Schedule', 'State Step', 'Contract Total', 'Contact Balance', 'Reg Hrs Worked', 'Daily Rate', 'Hrly Rate', 'Pay Rate', 'Base Annual', 'Accrual Cd', 'Accrual Rate', 'Retiree Exception', 'Overtime Eligible', 'Overtime Rate', 'Hours/Day', 'TRS Position Cd', 'State Minimum Salary', 'TRS Year', 'Workers' Comp Cd', 'Workers' Comp Annual', 'Workers' Comp Remain', 'Exempt Status', 'Incr Pay Step', and 'Vacant Position'. The 'Distribution' section includes 'Job Cd', 'Fund', 'Contrib Acct Flg', 'Acct Type', 'Function', 'Perf Pay', 'Extra Duty Cd', 'Object', 'Workers' Comp', 'Sub Object', 'Pay Acty', 'Organization', 'Acct Amt', 'Fiscal Year', 'Program Intent', 'TRS Grant Cd', 'Ed Span', and 'Expense 373'. The 'Deductions' section includes 'Deduction Cd', 'Employee Amt', 'Employer Amt', 'Remain Pymts', 'Refund', 'Cafe 125', 'Emplr Contrib Factor', and 'TEA Contrib Factor'.

Prepare a list of new hires as a supplement to this list. Sort by the **Payoff Date** to verify that all employees who have a June payoff date have the same date. For example, it is possible that an employee has a payoff date that is a day before or after the actual June payoff date.

Generate a user-created report again to verify that all of the data is accurate. Filter the report using your LEA's June payoff date (YYYYMMDD).

5. [Create a salary simulation.](#)

Log on to the next year.

Prior to setting up and performing salary simulations, review the [Position Management: Salary Simulations Overview](#) guide for a description of the Salary Simulation pages and samples of the available simulation reports.

[Position Management > Utilities > Salary Simulation > Simulation Options](#)

Utilities > Salary Simulation Position Management

Save

Simulation Name: 12MO Simulation Description: 12 MONTH STAFF FOR PR

SIMULATION OPTIONS FIRST PAY DATE CODES FUND/FISCAL YEAR EXCLUSIONS LOCAL ANNUAL HOURLY/DAILY EXTRA DUTY MIDPOINT DEDUCTIONS UPDATE

Retrieve Add Simulation Execute Delete

If updating tables, please create export for Budget Tables prior to using this utility.

Simulation Name: 12MO Simulation Description: 12 MONTH STAFF FOR PR User ID:

Calculation Options

Include Proposed Positions: No

Include Vacant Supplement Positions: No

Increment Pay Steps: No

Maximum Annual Pay Step: 40

Maximum Hourly/Daily Pay Step: 0

Increment State Steps: Yes

Include TRS On-Behalf Calculations: Yes

Expenditure Account for TRS On-Behalf Calculations: XXX-XX-6144.XX-XXX-XXXXXX

For Midpoint Salaries - Basis of Salary Change: C - Use position hrly/dly rate

For Midpoint Salaries - Increase Pay Rate to Minimum: No

Include TEA Health Insurance: Yes

Update Options

Update for Active Positions Only: B - Move Actual Amount to Budget Amount

Update Forecast: Yes

Update Budget: N - Do not update Budget

Update Budget Amount: R - Recommended Amount

Round Budget Amount to nearest dollar: Yes

□ Complete the following:

- **(Recommended)** In the **Include Vacant Supplement Positions** field, select *No*.
- In the **Update Forecast** field, select *No*.
- In the **Update Budget** field, select *N - Do Not Update Budget*.
- Include all first pay date codes for 12-month employees who receive their first paycheck in July. Include all local/annual, hourly/daily, midpoint (if applicable), and extra duty tables.
- If increases are not provided to 12-month employees in July, do not include an increase in the salary tables. If increases are provided to 12-month employees in July, update the salary tables with the increase data.
- If the LEA decides to interface the simulation to Budget, add the deductions with the annual amount for the Employer Contribution.

□ Click **Save**.

□ Click **Execute**. Review the Simulation Process Error Listing and correct any errors prior to continuing the process.

- Generate the simulation reports and review all salaries.
- Review the user-created report to confirm that all 12-month employees or positions are included in the simulation. The reflected salaries are the amounts that are used to pay employees in the current year payroll.

If necessary, continue making corrections and running the simulation until all of the salary amounts are correct.

- Run the final simulation. This process updates the included state step, pay step, and salary amount in the next year PMIS for all 12-month positions and clears the **Accept Changes** field.
 - In the **Update Forecast** field, select Yes.
 - Click **Save**.
 - Generate and save the reports.
 - Click **Process** to process the simulation. [Create a backup](#).

6. [Copy school calendars from next year to current year payroll.](#)

Log on to the next year.

[Payroll > Next Year > Copy Next Year Tables](#)

The screenshot shows a web interface titled "COPY NEXT YEAR TABLES". It features a list of payroll tables with checkboxes and dropdown menus. The "School Calendar" row is highlighted with a black oval, and its checkbox is checked. The dropdown menu for "School Calendar" shows the code "CO,DC,PC,SP". To the right of the table list are two buttons: "Execute" and "Select All Tables". A large black arrow points down to the "Execute" button.

- In the **School Calendar** field, select only the 12-month employee calendars.

TIP: The calendar code is displayed in the first pay date code on the simulation (e.g., J40 includes calendar code 40).

- Click **Execute**.

Note: If changes were made to the next year payroll tables (extra duty pay, hourly/daily salary, job code, local annual salary, etc.), copy the tables from the next year payroll to the current year payroll.

7. [Generate a user-created report.](#)

Log on to the current year.

[Payroll > Reports > User Created Reports](#)

Generate a user-created report with the **Hrs Per Day** field selected. This field is overwritten when positions are moved from the next year to the current year.

8. [Move forecast to current year position and payroll](#)

Log on to the next year.

[Position Management > Utilities > Move Forecast to CYR Position and Payroll](#)

This process is used to move payroll and position forecast records to the current year PMIS with the same information that is set up in the next year PMIS records.

It also updates fields on the following Maintenance tabs: Employment Info, Pay Info, Job Info, Distribution

The **Accept Changes** field must be cleared when moving position records from forecast to current; otherwise, position records cannot be moved. The **Accept Changes** field is cleared after running a simulation with the **Update Forecast** field set to Yes. Similarly, you cannot run a simulation for positions without the **Accept Changes** field selected.

Utilities > Move Forecast to CYR Position and Payroll

Position Management

Execute

Select Pay Frequency: 5 - Semimonthly CYR

Include Vacant Supplements:

Validate Accounts against General Ledger:

Update TRS Year Flag:

Update Workers' Comp Annual and Remaining Payments:

Add Additional Workers' Comp Payments: 0

Select State Minimum Salary Table (CYR/NYR): N - Next Year

Select First Pay Date Codes or blank for ALL: JCO

Include Extra Duty:

Select Extra Duty Codes or blank for ALL: --

Select Positions or blank for ALL: --

Select Positions/Billets or blank for ALL: --

Select Supplement Positions or blank for ALL: --

Select Supplement Positions/Billets or blank for ALL: --

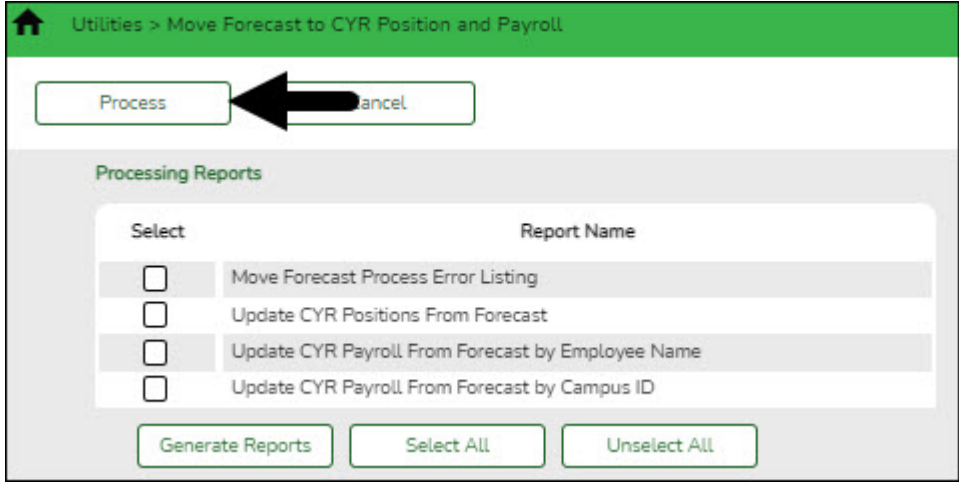

Clear Job Years:

Clear Job Weekly Hours Scheduled:

Select Pay Frequency	Click  to select the pay frequency where you want to move to the current year. This is a required field.
Include Vacant Supplements	Select to include the vacant supplement positions. Recommendation: Do not select this field unless it is your final move.
Validate Accounts against General Ledger	This field is selected by default. Clear this field to not validate the accounts against the general ledger. Recommendation: Select this field if you are doing your first test move. By doing so, the appropriate errors are generated to inform you of incorrect account codes in PMIS. If not selected, those account codes are moved to Payroll if each account component is valid.
Update TRS Year Flag	Select to update the TRS Year field on the Payroll > Staff/Job Pay Data > Job Info tab. Recommendation: Select this field if the employees being moved will receive a contract payment prior to the first pay date of the new school year (i.e., July and August starts).
Update Workers' Comp Annual and Remaining Payments	Select to update the WC Ann Pymts and WC Remain fields on the Payroll > Staff/Job Pay Data > Job Info tab. The WC Ann Pymts field indicates the number of annual workers' compensation payments for the contract period and the WC Remain field indicates the number of remaining workers' compensation payments to be made during the contract period.
Add Additional Workers' Comp Payments	Type the number of additional workers' compensation payments. The field accepts any value between 0-9. This field is helpful as it can be difficult to identify which months have a third payroll for the biweekly frequency. You can use this field to add one or two to the contract months times two.
Select State Minimum Salary Table (CYR/NYR)	Click  to select the current year or next year. This is a required field. This selection determines which salary table is referenced when calculating the state foundation salary.
Select First Pay Date Codes or blank for ALL	Select the first pay date codes that begin their new contract payout. Type the pay date codes, separating multiple pay date codes with a comma but no space (e.g., 1,17,88,A1). Or, click  to search for pay date codes. Otherwise, leave blank to use all pay date codes.
Include Extra Duty	Select to include extra duty in the process. If not selected, no extra duty will be processed even if extra duty codes are selected.

<p>Select Extra Duty Codes or blank for ALL</p>	<p>Select all of the supplements as only those supplements that are tied to an employee being moved based on the first pay date code will be selected. You can select a supplement even if it is tied to an employee who you do not want to pay yet. Type the extra duty codes, separating multiple extra duty codes with a comma but no space (e.g., 08,20,A2,TF). Or, click  to search for extra duty codes. Otherwise, leave blank to use all extra duty codes.</p>
<p>Select Positions or blank for ALL (Includes ALL billets for selected positions Blank for ALL not processed when Positions/Billets selected)</p>	<p>Type the position codes, separating multiple position codes with a comma but no space (e.g., PRIN,T187). Or, click  to search for position codes. Otherwise, leave blank to use all position codes.</p>
<p>Select Positions/Billets or blank for ALL</p>	<p>Type the position/billet codes, separating multiple position/billet codes with a comma but no space (e.g., PRIN/00001,PRIN/00006). Or, click  to search for position/billet codes. Otherwise, leave blank to use all position/billet codes.</p>
<p>Select Supplement Positions or blank for ALL (Includes ALL billets for selected supplement positions Blank for ALL not processed when Supplements/Billets selected)</p>	<p>Type the supplement position codes, separating multiple supplement position codes with a comma but no space (e.g., PRIN,T187). Or, click  to search for supplement position codes. Otherwise, leave blank to use all supplement position codes.</p>
<p>Select Supplement Positions/Billets or blank for ALL</p>	<p>Type the supplement position/billet codes, separating multiple supplement position/billet codes with a comma but no space (e.g., PRIN/00001,PRIN/00006). Or, click  to search for supplement position/billet codes. Otherwise, leave blank to use all supplement position/billet codes.</p>
<p>Clear Job Years</p>	<p>Select to reset the job years to the default value (blank) on the employee's job record.</p> <p>If not selected and the employee's forecast position job code is the same as the current year job master record, then the new job record is populated with the values from the current year job master record.</p>
<p>Clear Job Weekly Hours Scheduled</p>	<p>Select to reset the weekly hours scheduled to the default value (blank) on the employee's job record.</p> <p>If not selected and the employee's forecast position job code is the same as the current year job master record, then the new job record is populated with the values from the current year job master record.</p>

Click **Execute** to execute the process. The following reports are available:

- o Move Forecast Process Error Listing [Important errors](#)

Error Message	Description
Warning: The employee has Contract Balance amounts not equal to zero for current jobs.	The employee has not been paid off by payroll.
Failure: Position Accept Changes Flag set to Y	The position will not be moved to the current/payroll.
Failure: Emp Nbr must have one position declared as primary.	<p>The error does not necessarily reference the Primary Job field on the position. If an employee has a regular position and a supplement position, but there is an error that causes the primary position to fail, this message often indicates that there is only a supplement position to be moved. It is recommended to review and correct any errors that begin below this message about primary positions. After making those corrections, run the process again. This may resolve the primary job errors.</p> <p>This error also occurs when calendars have not been copied to the current year.</p>

Error Message	Description
<p>Warning: Emp Nbr has multiple supplement positions for the same job; however, one or more of the following do not match: Campus ID, Dept, TRS Status Code, FTE Units, Incr Elig, Max Paymts, FICA Elig, Unemp Elig, EEOC, Workers Comp, Supplement Extra Days or Category Cd. The values from lowest Supplement Position Number/Billet may be used if new rows are inserted for the Pay Info and Job Info tabs.</p>	<p>This error indicates that the fields on the Payroll > Tables > Salaries > Extra Duty tab do not match those selected on a supplemental position.</p> <p>Use the Position Management > Inquiry > PMIS Staff Inquiry to determine the Position Number and Billet for any supplemental positions for the employee. Then, use the Position Management > Maintenance > PMIS Supplement Modify page to retrieve the position and billet and compare the fields on the position to the Payroll > Tables > Salary > Extra Duty tab for the extra duty number on the supplement. For example, in some cases the W/C code on the position may not match the W/C code on the table. Or, the Exp 373 field on the position may be selected, but the Exp 373 on the table for that extra duty code may not be selected. Either the table or the position needs to be updated so that they both match. If changes are made to the Extra Duty table, it is necessary to move the table to the current year payroll before proceeding.</p>

Click **Generate Reports**. The selected reports are displayed. [Review the report](#).

Click **Continue** to view the next report. Or, click **Return** to return to the report selection page.

After reviewing all of the reports and correcting all errors, return to the report selection page and click **Process** to move the forecast records to the current year. You are prompted to create a [backup](#).

After the process is completed, the actual update is performed. If the update is successful, a message is displayed indicating that the move forecast updates were processed successfully.

Reminder: If fund/fiscal year(s) were added to Finance based on the error report listing, they should be deleted at this point.

Click **Cancel** to return to the Move Forecast to CYR Position and Payroll page without moving the forecast records to the current year.

If corrections are processed, repeat this step.

Generate and save each report. Compare the Update CYR Positions From Forecast report to the user-created report that was previously generated to confirm that all 12-month employees are included. The last two reports contain the same information; one is sorted by employee name and the other by campus ID. These reports reflect the existing salary in the current year payroll and the new salary, which overwrites the current year payroll amounts. Review the reports for accuracy.

9. Confirm that CYR salaries are accurate.

Log on to the current year.

Verify the current year data to confirm that the salaries are correct. The following fields are updated:

The screenshot shows the 'EMPLOYMENT INFO' form in a Personnel system. The 'EMPLOYMENT INFO' section contains the following fields:

- Employee Status: 1 Active professional
- Highest Degree: 7 Master's
- Percent Day Employed: 100% (circled in red)

10. Mass update fiscal year.

Log on to the current year.

[Payroll > Utilities > Mass Update > Employee](#)

Skip this step if your LEA has a 7/1 fiscal year.

Mass update the fiscal year to the current school year for all employees.

Select **Fiscal Year** and type the current year fiscal year. Before processing, stop to consider if the LEA uses other fiscal years in the account codes for employees. If the entered year is not the only used fiscal year, additional parameters may need to be selected.

Contact your regional ESC consultant if you need assistance.

Identify those employees with a June payoff date and mass update the **Hrs Per Day** field.

- For LEAs that use the hours per day functionality in the current year payroll, select the **Hrs Per Day** field and type the number of hours per day for the majority of employees.
- Use the parameters to select specific groups of employees for the update.

11-month Employees

This process moves employees who receive their first paycheck in August from next year Position Management to current year Position Management. It also updates some of the fields on the following [Payroll >Maintenance > Staff Job/Pay Data](#) and [Personnel > Maintenance > Employment Info](#) tabs in the current year payroll (see step 16 for detailed information):

- Employment Info
- Pay Info
- Job Info
- Distributions

A separate simulation will be set up for 10-month employees at a later date. This is necessary because the position in the next year PMIS reflects the current year salary information. The simulation updates the fields in the next year positions for the new school year and clears the **Accept Changes** field. The new salary information from the next year position is updated in the current year, updating both the current year PMIS and the Staff Job/Pay Data fields for the employees. If 11-month employees accrue, it is important to move them to the next year payroll in order to perform the accrual process.

Note: Depending on the LEA, it may not be necessary to set up separate simulations. If the LEA has determined next year salaries and completed all interfacing to Budget for the year,

one simulation can be used when moving employees. Contact your regional ESC consultant to discuss this option.

It is important to consider how this process affects the budget. If you update 11-month positions with the new salary amount for the next school year in the next year PMIS, running the simulation a second time at a later date for all employees gives the 11-month employees an additional increase. If you were unable to update Budget with accurate salaries for all employees prior to moving the 12-month employees, it is necessary to update Budget with multiple simulations. Reference the Interface to Budget Checklist located at the end of this document.

The following checklist assumes that the LEA has interfaced the payroll salaries to Budget using the PMIS Salary Simulation process.

1. [Verify account code fiscal years.](#)

[Position Management > Utilities > Update Fiscal Year by Fund](#)

Verify that the account code fiscal years are accurate. This tab provides a list of the fund/fiscal years that are set up in the positions. This process increments the position distribution fiscal year by 1.

Note: Since the account codes are validated against the budget, there should not be any fiscal years less than the next year. If there are, generate a user-created report to identify the positions and manually update the information.

2. [Generate a user-created report.](#)

[Position Management > Reports > User Created Reports > CYR/NYR Positions](#)

Generate a PMIS User Created Report to verify that the **Increase Eligible** field is selected for applicable positions. It is possible that the field is not selected for new LEA employees from last year.

TIP: For 10- and 11-month employees, **it is recommended** to verify the **Nbr Remain Payments** field prior to calculating salaries.

Select the following fields on the user-created report:

- **First Name**
- **Last Name**
- **Position Nbr**
- **Billet Nbr**

- **Position Type**
- **Increase Elig**
- **Nbr Remain Payments**

Click **Create Report**. The requested report is displayed. Use the sort/filter functionality to group the applicable data.

Note: Only positions with the **Increase Elig** field set to Y will receive a salary increase. The number of remaining payments reflected on this report is the number of annual payments and the number of remaining payments for the employee on the [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab. Perform any position corrections prior to continuing the process.

3. [Identify the employees to be moved to the current year payroll.](#)

Log on to the current year.

[Payroll > Reports > User Created Reports](#)

Generate a user-created report to identify the employees who begin their new contract in August. It is possible that the employees are inactive in the current year, be sure that the **Active Employees Only** field is not selected.

The screenshot shows the 'User Created Reports' configuration page. At the top, there are buttons for 'Save', 'Create Report', 'Delete', and 'Reset'. Below these are fields for 'Year: C' and 'Frequency: 6'. The main area is divided into several sections:

- Report Template:** Includes a text input field, a 'Public' checkbox, and 'Retrieve' and 'Directory' buttons.
- Report Title:** A text input field.
- Employee Nbr:** A text input field followed by an unchecked checkbox labeled 'Active Employees Only'.
- Employee Demographic:** A grid of checkboxes. Selected items include 'Employee Nbr', 'First Name', and 'Last Name'. Other options include Staff ID/SSN, Address Number, Maiden Name, Phone Area Cd, Last Change Date, Emer Contact, Hispanic/Latino, Texas Unique Staff ID, Former Prefix, Phone Nbr, Citizenship, Relationship, American Indian, Name Prefix, Street/P.O. Box, Former First Name, Bus Phone Area, Marital Stat, Emer Notes, Asian, Middle Name, City, Former Last Name, Bus Phone Nbr, Other Language, Emer Area Cd, African American, State, Former Generation, Bus Ext, Local Use 1, Emer Phone Nbr, Pacific Islander, Generation, Driver's License, Cell Area Cd, Local Use 2, Emer Ext, White, Sex, Zip, DL State, Cell Phone Nbr, Email, DOB, Zip+4, DL State, Local Restriction, Home Email, Addr Country, DL Expir Date, Public Restriction, and Employee Notes.
- Job Information:** A grid of checkboxes. The 'Payoff Date' checkbox is selected. Other options include Job Code, Percent Assigned, Pay Grade, Daily Rate, Overtime Eligible, Workers' Comp Cd, Job Descr, Department, Nbr Days Employed, Pay Step, Hrly Rate, Overtime Rate, Workers' Comp Annual, Primary Job, Pay Type, Nbr Days in Contract, Pay Schedule, Pay Rate, Hours/Day, Workers' Comp Remain, Prim Campus, Calendar Code, Local Contract Days, State Step, Base Annual, TRS Position Cd, Exempt Status, Campus Name, Contract Begin Dt, Nbr of Annual Pymts, Contract Total, Accrual Cd, State Minimum Salary, Incr Pay Step, Nbr Mon Contr, Contract End Dt, Remaining Pymts, Contract Balance, Accrual Rate, TRS Year, TRS Year, Vacant Position, Yrs of Job Exper, Yrs in Career Ladder, Wkly Hrs Sched, Wholly Sep Amt, Reg Hrs Worked, and Retiree Exception.
- Distribution:** A grid of checkboxes including Job Cd, Acct Type, Extra Duty Cd, Workers' Comp, Pay Acty, Acct Amt, Acct Pct, TRS Grant Cd, Expense 373, Fund, Function, Object, Sub Object, Organization, Fiscal Year, Program Intent, Ed Span, and Project Detail.
- Deductions:** A grid of checkboxes including Deduction Cd, Employee Amt, Employer Amt, Remain Pymts, Refund, Cafe 125, Emplr Contrib Factor, and TEA Contrib Factor.

Prepare a list of new hires as a supplement to this list. Sort by the **Payoff Date** to verify that all employees with a July payoff date have the same date. For example, it is possible that an employee has a payoff date that is a day before or after the actual July payoff date.

Use the current year payroll [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab to make corrections as needed.

Generate a user-created report again to verify that all of the data is accurate. Filter the report using the LEA's July payoff date (YYYYMMDD).

<input type="checkbox"/>	Column	Operator	Value	Logical
<input type="checkbox"/>	Payoff Date	=	20220725	

Print or save the report for verification purposes.

4. Create a salary simulation.

Log on to the next year.

Prior to setting up and performing salary simulations, review the [Position Management: Salary Simulations Overview](#) document for a description of the Salary Simulation pages and samples of the available simulation reports.

[Position Management > Utilities > Salary Simulation > Simulation Options](#)

Utilities > Salary Simulation Position Management

Include TEA Health Insurance:

Update Options

Update for Active Positions Only:

Update Forecast:

Update Budget:

Update Budget Amount:

Round Budget Amount to nearest dollar:

Complete the following:

- **(Recommended)** In the **Include Vacant Supplement Positions** field, select *No*.
- In the **Update Forecast** field, select *No*.
- In the **Update Budget** field, select *N - Do Not Update Budget*.
- Include all first pay date codes for 11-month employees who receive their first paycheck in August. Include all local/annual, hourly/daily, midpoint (if applicable), and extra duty tables.
- If increases are not provided to 11-month employees in August, do not include an increase in the salary tables. If increases are provided 11-month employees in August, update the salary tables with the increase data.
- If the LEA wants to interface the simulation to Budget, add the deductions with the annual amount for the Employer Contribution.

Click **Save**.

Click **Execute**. Review the Simulation Process Error Listing and correct any errors prior to continuing the process.

- Generate the simulation reports and review all salaries.
- Review the user-created report to confirm that all 11-month employees or positions are included in the simulation. The reflected salaries are the amounts that are used to pay employees in the current year payroll.

If necessary, continue making corrections and running the simulation until all of the salary amounts are correct.

Run the final simulation. This process updates the state step, pay step, and salary amount in the next year PMIS for all 11-month positions and clears the **Accept Changes**

field.

- In the **Update Forecast** field, select Yes.
- Click **Save**.
- Generate and save the reports.
- Click **Process** to process the simulation. [Create a backup](#).

5. (If applicable) [Move employees to next year payroll](#).

Log on to the next year.

[Position Management > Utilities > Move Forecast to NYR Payroll](#)

If your LEA uses ASCENDER Grade Reporting and/or accrues, 11-month employees may need to be moved to next year payroll.

Complete the following:

- In the **Select Pay Frequency** field, select the frequency that represents the LEA's next year payroll.
- Select **Update TRS Year Flag**.
- In the **Select First Pay Date Codes or blank for ALL**, select the first pay date codes that represent the 11-month employees.
- Select **Include Extra Duty** pay.

The additional fields can be used to move select employees and positions. V CV Click **Execute**. Generate the Move Forecast Process Error Listing and correct any errors prior to continuing the process.

After completing any corrections, generate and save all of the processing reports.

- Click **Process** to process the final simulation.

Contact your regional ESC consultant if you need assistance.

6. [Copy school calendars from next year to current year payroll.](#)

Log on to the next year.

[Payroll > Next Year > Copy NYR Tables to CYR > Copy Next Year Tables](#)

- In the **School Calendar** field, select only the 11-month employee calendars.

TIP: The calendar code is displayed in the first pay date code on the simulation (e.g., J40 includes calendar code 40)

- Click **Execute**.

Note: If changes were made to any of the next year payroll tables (extra duty pay, hourly/daily salary, job code, local annual salary, etc.), copy the tables from the next year payroll to the current year payroll.

7. [Generate a user-created report.](#)

Log on to the current year.

[Payroll > Reports > User Created Reports](#)

Generate a user-created report with the **Hrs Per Day** field selected. This field is overwritten when positions are moved from the next year to the current year.

8. [Move forecast to current year position and payroll.](#)

Log on to the next year.

[Position Management > Utilities > Move Forecast to CYR Position and Payroll](#)

This process is used to move payroll and position forecast records to the current year PMIS with the same information that is set up in the next year PMIS records.

It also updates fields on the following Maintenance tabs: Employment Info, Pay Info, Job Info, Distribution

The **Accept Changes** field must be cleared when moving position records from forecast to current; otherwise, position records cannot be moved. The **Accept Changes** field is cleared after running a simulation with the **Update Forecast** field set to Yes. Similarly, you cannot run a simulation for positions without the **Accept Changes** field selected.

Utilities > Move Forecast to CYR Position and Payroll Position Management

Execute 

Select Pay Frequency: 5 - Semimonthly CYR 

Include Vacant Supplements:

Validate Accounts against General Ledger:

Update TRS Year Flag:

Update Workers' Comp Annual and Remaining Payments:

Add Additional Workers' Comp Payments: 0

Select State Minimum Salary Table (CYR/NYR): N - Next Year 

Select First Pay Date Codes or blank for ALL: JCO

Include Extra Duty:

Select Extra Duty Codes or blank for ALL:

Select Positions or blank for ALL:
(Includes ALL billets for selected positions
Blank for ALL not processed when Positions/Billets selected)

Select Positions/Billets or blank for ALL:

Select Supplement Positions or blank for ALL:
(Includes ALL billets for selected supplement positions
Blank for ALL not processed when Supplements/Billets selected)

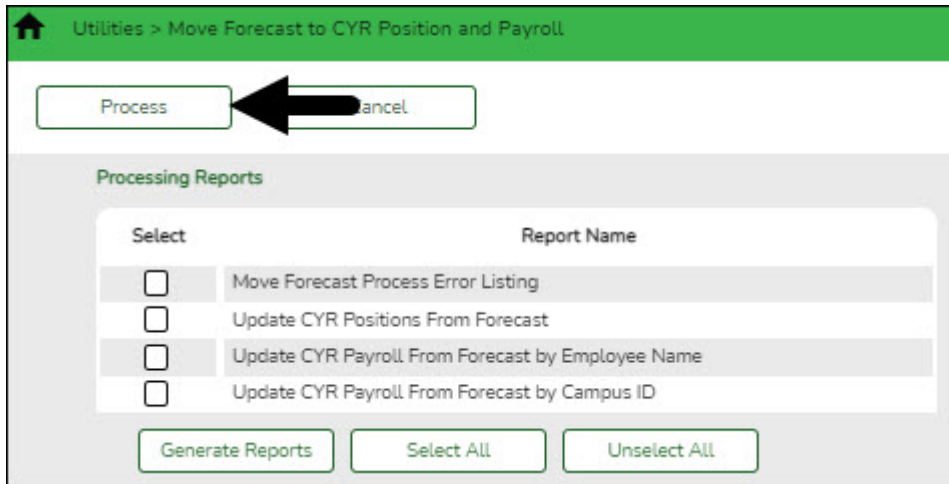

Select Supplement Positions/Billets or blank for ALL:

Clear Job Years:

Clear Job Weekly Hours Scheduled:

- In the **Select Pay Frequency** field, select the payroll frequency to be updated. LEAs with multiple frequencies must individually process each frequency.
- Do not select **Include Vacant Supplements**.
- Do not select **Validate Accounts against General Ledger** at this time. Distribution accounts in next year PMIS reflect the fiscal year for the upcoming school year. Finance still reflects the current year for the fiscal year in the general ledger. When running this process, the error report reflects funds for employees who are included in the process. It is necessary to create the funds with the new fiscal year on the Finance > Tables > Account Codes > Fund tab. It is NOT necessary to set up codes in the Chart of Accounts.
- Select **Update TRS Year**. If an employee has this field selected but they are now a 10-month employee, the **TRS Year** field is cleared when the 10-month move is processed.
- Select **Update Workers' Comp Annual and Remaining Payments** if the LEA expenses worker's compensation in ASCENDER. The system references the **# of months in Contract** and makes the **WC Ann Pymts** and **WC Remaining Pymts** match this field.
- Leave the **Additional Workers' Comp Payments** field blank. It is not necessary to populate this field even if the LEA expenses workers' compensation in ASCENDER.
- In the **Select a Stat Minimum Salary Table (CYR/NYR)** field, select the year (current or next) that contains the tables with the updated amounts. If it is a legislative year and the state minimum amounts are updated.
- In the **First Pay Date Codes or blank for ALL** field, select only the first pay date codes for employees who receive their first paycheck in July.
- Select **Include Extra Duty** to include the supplement pay with the regular pay.

☐ Click **Execute** to execute the process. The following reports are available:

○ Move Forecast Process Error Listing [Important errors](#)

Error Message	Description
Warning: The employee has Contract Balance amounts not equal to zero for current jobs.	The employee has not been paid off by payroll.
Failure: Position Accept Changes Flag set to Y	The position will not be moved to the current/payroll.
Failure: Emp Nbr must have one position declared as primary.	<p>The error does not necessarily reference the Primary Job field on the position. If an employee has a regular position and a supplement position, but there is an error that causes the primary position to fail, this message often indicates that there is only a supplement position to be moved. It is recommended to review and correct any errors that begin below this message about primary positions. After making those corrections, run the process again. This may resolve the primary job errors.</p> <p>This error also occurs when calendars have not been copied to the current year.</p>

Error Message	Description
<p>Warning: Emp Nbr has multiple supplement positions for the same job; however, one or more of the following do not match: Campus ID, Dept, TRS Status Code, FTE Units, Incr Elig, Max Paymts, FICA Elig, Unemp Elig, EEOC, Workers Comp, Supplement Extra Days or Category Cd. The values from lowest Supplement Position Number/Billet may be used if new rows are inserted for the Pay Info and Job Info tabs.</p>	<p>This error indicates that the fields on the Payroll > Tables > Salaries > Extra Duty tab do not match those selected on a supplemental position.</p> <p>Use the Position Management > Inquiry > PMIS Staff Inquiry to determine the Position Number and Billet for any supplemental positions for the employee. Then, use the Position Management > Maintenance > PMIS Supplement Modify page to retrieve the position and billet and compare the fields on the position to the Payroll > Tables > Salary > Extra Duty tab for the extra duty number on the supplement. For example, in some cases the W/C code on the position may not match the W/C code on the table. Or, the Exp 373 field on the position may be selected, but the Exp 373 on the table for that extra duty code may not be selected. Either the table or the position needs to be updated so that they both match. If changes are made to the Extra Duty table, it is necessary to move the table to the current year payroll before proceeding.</p>

- Click **Generate Reports**. The selected reports are displayed. [Review the report](#).
- Click **Continue** to view the next report. Or, click **Return** to return to the report selection page.
- After reviewing all of the reports and correcting all errors, return to the report selection page and click **Process** to move the forecast records to the current year. You are prompted to create a [backup](#).

After the process is completed, the actual update is performed. If the update is successful, a message is displayed indicating that the move forecast updates were successfully processed.

- Click **Cancel** to return to the Move Forecast to CYR Position and Payroll page without moving the forecast records to the current year.

If corrections are processed, repeat this step.

Generate and save each report. Compare the Update CYR Positions From Forecast report to the user-created report that was previously generated to confirm that all 12-month employees are included. The last two reports contain the same information; one is sorted by employee name and the other by campus ID. These reports reflect the existing salary in the current year payroll and the new salary, which overwrites the current year payroll amounts. Review the reports for accuracy.

9. Confirm that the CYR salaries are accurate.

Log on to the current year.

Verify the current year data to confirm that the salaries are correct. The highlighted fields are updated:

The screenshot shows a web-based payroll system interface. At the top, there is a navigation bar with 'Maintenance > Staff Job/Pay Data' and a 'Payroll' menu. Below this is a 'Save' button and an 'Employee' search field with 'Retrieve', 'Directory', and 'Documents' buttons. The main content area has tabs for 'PAY INFO', 'JOB INFO', 'DISTRIBUTIONS', 'DEDUCTIONS', and 'LEAVE BALANCE'. The 'PAY INFO' tab is active, showing fields for 'Pay Status' (Active), 'Pay Campus' (001 001 School), 'Pay Dept.', 'Dock Rate' (360.044), 'Tax Exempt', 'Unemployment Elig.' (checked), 'FICA Eligibility' (Subject to medicare), 'W4 Marital Status' (Married), and 'Nbr of Exemptions' (6). To the right is a 'W-4 Withholding Certificate' section with fields for 'Filing Status', 'Multi-Jobs', 'Children under 17', 'Other Dependents', 'Other Exemptions', 'Other Income', and 'Other Deductions'. Below these are three summary boxes: 'TRS' (Status: Eligible, Begin Date: 07-01-2015, End 90 Day Period: 09-28-2015), 'FSP Staff Salary Data' (Health Ins Code, FSP Staff Data Code), and 'Totals' (State Min. Salary: 45,510.00, Extra Duty: 0.00, Contract Amt: 81,370.00, Contract Balance: 81,370.00). At the bottom, there is an 'Extra Duty Pay' table with columns for 'Delete', 'Extra Duty Pay Code', 'Type', 'Amount', 'Remain Amt', and 'Remain Pymts'. The table is currently empty, showing 'No Rows'. A 'Refresh Total/Amount' button and an 'Add' button are located at the bottom of the table.

10. Mass update fiscal year.

Log on to the current year.

[Payroll > Utilities > Mass Update > Employee](#)

Skip this step if your LEA has a 7/1 fiscal year.

Mass update the fiscal year to the next school year for all employees.

Select **Fiscal Year** and type the next year fiscal year. Before processing, stop to consider if the LEA uses other fiscal years in the account codes for employees. If the entered year is not the only used fiscal year, additional parameters may need to be selected.

Contact your regional ESC consultant if you need assistance.

Mass update the current year **Wkly Hrs Sched** and **Hrs Per Day** fields.

- Select **Wkly Hrs Sched** and type the number of hours displayed for the majority of employees. Any exceptions can be manually updated in the current year payroll. Reference the previously generated user-created report.
- For LEAs that use the hours per day functionality in the current year payroll, select the **Hrs Per Day** field and type the number of hours per day for the majority of employees.
- Use the parameters to select specific groups of employees for the update.

11. [Generate the HRS6000 Account Code Comparison Report.](#)

[Payroll > Reports > Payroll Information Reports > HRS6000 - Account Code Comparison](#)

This report compares the account code on the employee’s master distribution record and compares it to the Chart of Accounts in Finance file ID C.

Complete the following parameters:

Parameter Description	Value
Sort by Alpha (A), Pay Campus (C), Primary Campus (P)	A
Include Reports (Select From List)	NY
From Date (MMDDYYYY)	080120XX
To Date (MMDDYYYY)	083120XX
Pay Status Active (A), Inactive (I), or blank for ALL	A
Pay Type 1-4, or blank for ALL	
Select Pay Campus(es), or blank for ALL	
Select Primary Campus(es), or blank for ALL	
Select Employee(s), or blank for ALL	

If the LEA has multiple pay frequencies, generate the report for each frequency. The generated report should be blank. If any account codes are listed, determine if the

account codes need to be added to the Chart of Accounts in Finance or if the employee distribution record needs to be modified.

12. [Generate the HRS6050 Contract Balance Variance Report.](#)

[Payroll > Reports > Payroll Information Reports > HRS6050 - Contract Balance Variance Report](#)

This report looks at the pay rate for each employee and multiplies it by the number of remaining payments, and compares that amount to the Contract Balance on the Job Info tab. If there is a variance of more than a few pennies, perform manual calculations to determine if any corrections are needed.

Generate the report for pay type 1 and again for pay type 2.

Complete the following parameters:

Parameter Description	Value
Sort by Alpha (A), Pay Campus (C), Primary Campus (P)	A
Maximum Acceptable Difference	.10
Pay Status Active (A), Inactive (I), or blank for ALL	A
Pay Type 1-4, or blank for ALL	
Select Pay Campus(es), or blank for ALL	
Select Primary Campus(es), or blank for ALL	
Select Employee(s), or blank for ALL	

Date Run:		Contract Balance Variance Report					Program: HRS6050

13. [Enter new hire data.](#)

Log on to the current year.

Use the Staff Job/Pay Data pages to enter new hire data. The HRS1550 - New Hire Report

is helpful to identify these employees.

When new hires are entered in the next year Position Management and moved to the current year payroll, only the fields related to the position are populated.

Manually update the following:

[Personnel > Maintenance > Employment Info](#)

- **Employee Status**
- **Highest Degree**
- **Percent Day Employed**
- **Original Employment Date** or **Latest Re-Employment Date**
- **Retirement Date** (if applicable)
- **Years of Experience**
- **Employment Type**

[Payroll > Maintenance > Staff Job/Pay Data > Pay Info](#)

- **Pay Campus**
- **FICA Eligibility**
- **W-4 Marital Status**
- **Nbr of Exemptions**
- **Bank Information**

Complete the [Payroll > Maintenance > Staff Job/Pay Data > Deductions](#) tab.

[Payroll > Maintenance > Staff Job/Pay Data > Leave Balance](#) - This tab can be updated in September using the First Pay Date of the School Year instructions.

14. [Run payroll calculations.](#)

Log on to the current year.

[Payroll > Payroll Processing > Run Payroll](#)

Run payroll calculations to verify any errors.

10-month Employees

This process moves employees who receive their first paycheck in September from next year Position Management to current year Position Management. It also updates some of the fields on the following Maintenance > Staff Job/Pay Data tabs in the current year payroll:

- Employment Info
- Pay Info
- Job Info
- Distributions

Set up a separate simulation for employees who receive their first paycheck in September. If all of the employees receive their first check in September, you can use the simulation that was used for budgeting purposes. The simulation updates the fields in the next year positions for the new school year and clears the **Accept Changes** field. The new salary information from the next year position is updated in the current year, updating both the current year PMIS and the Staff Job/Pay Data fields for those employees.

1. [Verify account code fiscal years.](#)

[Position Management > Utilities > Update Fiscal Year by Fund](#)

Verify that the account code fiscal years are accurate. This tab provides a list of the fund/fiscal years that are set up in the positions. This process increments the position distribution fiscal year by 1.

Note: Since the account codes are validated against the budget, there should not be any fiscal years less than the next year. If there are, generate a user-created report to identify the positions and manually update the information.

2. [Generate a user-created report.](#)

[Position Management > Reports > User Created Reports > CYR/NYR Positions](#)

Generate a PMIS user-created report to verify that the **Increase Eligible** field is selected for applicable positions. It is possible that the field is not selected for new LEA employees from last year.

It is recommended to verify the **Nbr Remain Payments** field prior to calculating salaries.

Select the following fields on the user-created report:

Reports > User Created Reports > CYR/NYR Positions Position Management

Save Create Report Delete Reset Year: C Frequency: 6

Employee Nbr: **PMIS Position/Distribution Export File Auto Select Options**

PMIS Position Control PMIS Position Distribution

Employee Demo

First Name Middle Name Last Name Generation

Click **Create Report**. The report is displayed. Use the sort/filter functionality to group the applicable data.

Note: The number of remaining payments reflected on the report is displayed on the Job Info tab as the number of annual payments and the number of remaining payments for the employee for any P position type. If the LEA uses S acct types or business allowances for extra duties, S position types on this report should reflect the correct number of remaining payments. Prior to continuing, make the necessary position corrections.

3. [Verify retiree information.](#)

[Position Management > Maintenance > PMIS Position Modify > Budget](#)

Verify that the **TRS Status** field is set to 5 - *Retired* for retirees. If the TRS status is incorrect, there is a possibility that the status will be incorrect (TRS-eligible) when the employee is moved to the current year payroll.

4. Identify employees to move to the current year payroll.

Log on to the current year.

Payroll > Reports > User Created Reports

Generate a user-created report to identify the employees who begin their new contract in August. It is possible that the employees are inactive in the current year, be sure that the **Active Employees Only** field is not selected.

The screenshot shows the 'User Created Reports' configuration page. At the top, there are buttons for 'Save', 'Create Report', 'Delete', and 'Reset'. The 'Year' is set to 'C' and 'Frequency' is '6'. The 'Report Template' field is empty, and the 'Report Title' field is also empty. The 'Employee Nbr' field is empty, and the 'Active Employees Only' checkbox is checked and highlighted with a red box. Below this are four main sections of checkboxes:

- Employee Demographic:** Includes checkboxes for Employee Nbr, Texas Unique Staff ID, Name Prefix, First Name, Middle Name, Last Name, Generation, Sex, DOB, Staff ID/SSN, Address Number, Street/P.O. Box, Apt, City, State, Zip, Zip+4, Addr Country, Maiden Name, Former Prefix, Former First Name, Former Middle Name, Former Last Name, Former Generation, Driver's License, DL State, DL Expir Date, Phone Area Cd, Phone Nbr, Bus Phone Area, Bus Phone Nbr, Bus Ext, Cell Area Cd, Cell Phone Nbr, Local Restriction, Public Restriction, Last Change Date, Citizenship, Marital Stat, Other Language, Local Use 1, Local Use 2, Email, Home Email, Employee Notes, Emer Contact, Relationship, Emer Notes, Emer Area Cd, Emer Phone Nbr, Emer Ext, Hispanic/Latino, American Indian, Asian, African American, Pacific Islander, and White.
- Job Information:** Includes checkboxes for Job Code, Department, Primary Job, Prim Campus, Campus Name, Nbr Mon Contr, Yrs of Job Exper, Percent Assigned, Pay Type, Calendar Code, Contract Begin Dt, Contract End Dt, Yrs in Career Ladder, Nbr Days employed, Nbr Days in Contract, Local Contract Days, Nbr of Annual Pymts, Remaining Pymts, Wkly Hrs Sched, Pay Grade, Pay Step, Pay Schedule, State Step, Contract Total, Contract Balance, Wholly Sep Amt, Daily Rate, Hrly Rate, Pay Rate, Base Annual, Accrual Cd, Accrual Rate, Reg Hrs Worked, Overtime Eligible, Overtime Rate, Hours/Day, TRS Position Cd, State Minimum Salary, TRS Year, Retiree Exception, Workers' Comp Cd, Workers' Comp Annual, Workers' Comp Remain, Exempt Status, Incr Pay Step, and Vacant Position.
- Distribution:** Includes checkboxes for Job Cd, Fund, Contrib Acct Flg, Acct Type, Function, Perf Pay, Extra Duty Cd, Object, Workers' Comp, Sub Object, Pay Acty, Organization, Acct Amt, Fiscal Year, Acct Pct, Program Intent, TRS Grant Cd, Ed Span, Expense 373, and Project Detail.
- Deductions:** Includes checkboxes for Deduction Cd, Employee Amt, Employer Amt, Remain Pymts, Refund, Cafe 125, Emplr Contrib Factor, and TEA Contrib Factor.

Prepare a list of new hires as a supplement to this list. Sort by the **Payoff Date** to verify that all employees with a July payoff date have the same date. For example, it is possible that an employee has a payoff date that is a day before or after the actual July payoff date.

Use the current year payroll [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab to make corrections as needed.

Generate a user-created report again to verify that all of the data is accurate. Filter the report using the LEA's July payoff date (YYYYMMDD).

<input type="checkbox"/>	Column	Operator	Value	Logical
<input type="checkbox"/>	Payoff Date	=	20220825	

Print or save the report for verification purposes.

5. Create a salary simulation.

Log on to the next year.

Prior to setting up and performing salary simulations, review the [Position Management: Salary Simulations Overview](#) document for a description of the Salary Simulation pages and samples of the available simulation reports.

[Position Management > Utilities > Salary Simulation > Simulation Options](#)

Calculation Options

- Include Proposed Positions: Yes
- Include Vacant Supplement Positions: Yes**
- Increment Pay Steps: Yes
- Maximum Annual Pay Step: 25
- Maximum Hourly/Daily Pay Step: 0
- Increment State Steps: Yes
- Include TRS On-Behalf Calculations: Yes
- Expenditure Account for TRS On-Behalf Calculations: XXX-XX-6144.XX-XXX-XXXXXX
- For Midpoint Salaries - Basis of Salary Change: C - Use position hrly/dly rate
- For Midpoint Salaries - Increase Pay Rate to Minimum: No
- Include TEA Health Insurance: No

Update Options

- Update for Active Positions Only: B - Move Actual Amount to Budget Amount
- Update Forecast: No**
- Update Budget: N - Do not update Budget**
- Update Budget Amount: R - Recommended Amount
- Round Budget Amount to nearest dollar: Yes

Complete the following:

- **(Recommended)** In the **Include Vacant Supplement Positions** field, select *Yes* to budget for vacant supplement positions.
- In the **Update Forecast** field, select *No*.
- In the **Update Budget** field, select *N - Do Not Update Budget*.
- Include all first pay date codes for 10-month employees who receive their first paycheck in August. Include all local/annual, hourly/daily, midpoint (if applicable), and extra duty tables.

Click **Save**.

Click **Execute**. Review the Simulation Process Error Listing and correct any errors prior to continuing the process.

- Generate the simulation reports and review all salaries.
- Review the user-created report to confirm that all 10-month employees or positions are included in the simulation. The reflected salaries are the amounts that are used to pay employees in the current year payroll.

If necessary, continue making corrections and running the simulation until all of the salary amounts are correct.

Run the final simulation. This process updates the state step, pay step, and salary amount in the next year PMIS for all 10-month positions and clears the **Accept Changes** field.

The screenshot shows the 'Salary Simulation' utility interface. At the top, there is a 'Save' button. Below it, the 'Simulation Name' is '10 MTH' and the 'Simulation Description' is '10 MTH STAFF MOVE'. A navigation bar includes tabs for 'SIMULATION OPTIONS', 'FIRST PAY DATE CODES', 'FUND/FISCAL YEAR EXCLUSIONS', 'LOCAL ANNUAL', 'HOURLY/DAILY', 'EXTRA DUTY', 'MIDPOINT', 'DEDUCTIONS', and 'UPDATE'. Below the navigation bar are buttons for 'Retrieve', 'Add Simulation', 'Execute', and 'Delete'. A note states: 'If updating tables, please create export for Budget Tables prior to using this utility.' The 'Simulation Name' and 'Simulation Description' fields are repeated, along with 'User ID: LIZ'. The 'Calculation Options' section includes fields for 'Include Proposed Positions', 'Include Vacant Supplement Positions', 'Increment Pay Steps', 'Maximum Annual Pay Step', 'Maximum Hourly/Daily Pay Step', 'Increment State Steps', 'Include TRS On-Behalf Calculations', 'Expenditure Account for TRS On-Behalf Calculations', 'For Midpoint Salaries - Basis of Salary Change', 'For Midpoint Salaries - Increase Pay Rate to Minimum', and 'Include TEA Health Insurance'. The 'Update Options' section includes 'Update for Active Positions Only', 'Update Forecast' (circled in red and set to 'Yes'), 'Update Budget' (set to 'N - Do not update Budget'), 'Update Budget Amount' (set to 'R - Recommended Amount'), and 'Round Budget Amount to nearest dollar' (set to 'Yes').

- In the **Update Forecast** field, select *Yes*.
- Click **Save**.
- Generate and save the reports.

- Click **Process** to process the simulation. [Create a backup.](#)

6. (If applicable) [Move employees to next year payroll.](#)

Log on to the next year.

[Position Management > Utilities > Move Forecast to NY Payroll](#)

If your LEA uses ASCENDER Grade Reporting and/or accrues, 10-month employees may need to be moved to next year payroll.

Complete the following:

- In the **Select Pay Frequency** field, select the frequency that represents the LEA's next year payroll.
- Select **Update TRS Year Flag**.
- In the **Select First Pay Date Codes or blank for ALL**, select the first pay date codes that represent the 10-month employees.
- Select **Include Extra Duty** pay.

The additional fields can be used to move select employees and positions.

- Click **Execute**. Generate the Move Forecast Process Error Listing and correct any errors prior to continuing the process.

Select	Report Name
<input checked="" type="checkbox"/>	Move Forecast Process Error Listing
<input type="checkbox"/>	Update NYR Payroll From Forecast by Employee Name
<input type="checkbox"/>	Update NYR Payroll From Forecast by Campus ID

After completing any corrections, generate and save all of the processing reports.

- Click **Process** to process the final simulation.

Contact your regional ESC consultant if you need assistance.

7. [Complete these steps before proceeding.](#)

- Ensure that the August payroll is processed.
- Run the Regular Payroll (RP) extract with the Child Nutrition values (if applicable) and interface to Finance in order to run the TRS On-Behalf process and continue the end-of-year process in Finance.
- Create a folder (e.g., Preliminary Aug TRS Reports) and save all extracts for verification purposes.
- **Do not** report or submit any records to TRS at this time.

8. [\(If applicable\) Perform the August accrual process.](#)

Skip this step if your LEA does not accrue in ASCENDER.

After completing the [August Accruals](#) process and interfacing to Finance, ensure that there are no changes to the employee's distribution accounts until the August accruals are posted to the payroll history as part of the end-of-year process ([First Payroll of the School Year Checklist](#)).

9. [Identify September start date employees.](#)

Log on to the next year.

[Position Management > Reports > User Created Reports > CYR/NYR Positions](#)

Execute Select All Tables

- In the **School Calendar** field, select only the 10-month employee calendars.

TIP: The calendar code is displayed in the first pay date code on the simulation (e.g., J40 includes calendar code 40)

- Click **Execute**.

Note: If changes were made to any of the next year payroll tables (extra duty pay, hourly/daily salary, job code, local annual salary, etc.), copy the tables from the next year payroll to the current year payroll.

11. [Generate a user-created report.](#)

Log on to the current year.

[Payroll > Reports > User Created Reports](#)

- Generate a user-created report with the **Hrs Per Day**, **Wkly Hrs Sched**, and **Payoff Date** fields selected. These fields are overwritten when positions are moved from the next year to the current year.

Identify the employees who have an August payoff date, and then use the Mass Update utility to update the fields after all positions are moved from the next year to the current year.

12. [Move forecast to current year position and payroll.](#)

Log on to the next year.

[Position Management > Utilities > Move Forecast to CYR Position and Payroll](#)

This process is used to move payroll and position forecast records to the current year PMIS with the same information that is set up in the next year PMIS records.

It also updates fields on the following Maintenance tabs: Employment Info, Pay Info, Job Info, Distribution

The **Accept Changes** field must be cleared when moving position records from forecast to current; otherwise, position records cannot be moved. The **Accept Changes** field is cleared after running a simulation with the **Update Forecast** field set to Yes. Similarly, you cannot run a simulation for positions without the **Accept Changes** field selected.

Utilities > Move Forecast to CYR Position and Payroll

Position Management

Execute

Year: N

Select Pay Frequency: 6 - Monthly CYR

(Includes ALL billets for selected supplement positions
Blank for ALL not processed when Supplements/Billets selected)

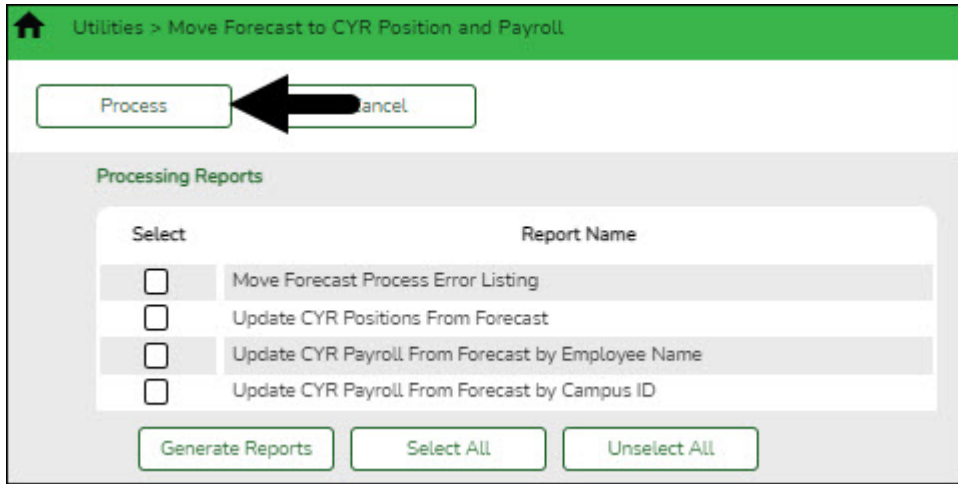

Select Supplement Positions/Billets or blank for ALL: [] []

Clear Job Years:

Clear Job Weekly Hours Scheduled:

- In the **Select Pay Frequency** field, select the payroll frequency to be updated. LEAs with multiple frequencies must individually process each frequency.
- Do not select **Include Vacant Supplements**.
- Do not select **Validate Accounts against General Ledger** at this time. Distribution accounts in next year PMIS reflect the fiscal year for the upcoming school year. Finance still reflects the current year for the fiscal year in the general ledger. When running this process, the error report reflects funds for employees who are included in the process. It is necessary to create the funds with the new fiscal year on the Finance > Tables > Account Codes > Fund tab. It is NOT necessary to set up codes in the Chart of Accounts.
- Do not select **Update TRS Year**. If an employee has this field selected but they are now a 10-month employee, the **TRS Year** field is cleared when the 10-month move is processed.
- Select **Update Workers' Comp Annual and Remaining Payments** if the LEA expenses worker's compensation in ASCENDER. The system references the **# of months in Contract** and makes the **WC Ann Pymts** and **WC Remaining Pymts** match this field.
- Leave the **Additional Workers' Comp Payments** field blank. It is not necessary to populate this field even if the LEA expenses workers' compensation in ASCENDER.
- In the **Select a Stat Minimum Salary Table (CYR/NYR)** field, select the year (current or next) that contains the tables with the updated amounts. If it is a legislative year and the state minimum amounts are updated.
- In the **First Pay Date Codes or blank for ALL** field, select only the first pay date codes for employees who receive their first paycheck in July.
- Select **Include Extra Duty** to include the supplement pay with the regular pay.

Click **Execute** to execute the process. The following reports are available:

- o Move Forecast Process Error Listing [Important errors](#)

Error Message	Description
Warning: The employee has Contract Balance amounts not equal to zero for current jobs.	The employee has not been paid off by payroll.
Failure: Position Accept Changes Flag set to Y	The position will not be moved to the current/payroll.
Failure: Emp Nbr must have one position declared as primary.	<p>The error does not necessarily reference the Primary Job field on the position. If an employee has a regular position and a supplement position, but there is an error that causes the primary position to fail, this message often indicates that there is only a supplement position to be moved. It is recommended to review and correct any errors that begin below this message about primary positions. After making those corrections, run the process again. This may resolve the primary job errors.</p> <p>This error also occurs when calendars have not been copied to the current year.</p>

Error Message	Description
<p>Warning: Emp Nbr has multiple supplement positions for the same job; however, one or more of the following do not match: Campus ID, Dept, TRS Status Code, FTE Units, Incr Elig, Max Paymts, FICA Elig, Unemp Elig, EEOC, Workers Comp, Supplement Extra Days or Category Cd. The values from lowest Supplement Position Number/Billet may be used if new rows are inserted for the Pay Info and Job Info tabs.</p>	<p>This error indicates that the fields on the Payroll > Tables > Salaries > Extra Duty tab do not match those selected on a supplemental position.</p> <p>Use the Position Management > Inquiry > PMIS Staff Inquiry to determine the Position Number and Billet for any supplemental positions for the employee. Then, use the Position Management > Maintenance > PMIS Supplement Modify page to retrieve the position and billet and compare the fields on the position to the Payroll > Tables > Salary > Extra Duty tab for the extra duty number on the supplement. For example, in some cases the W/C code on the position may not match the W/C code on the table. Or, the Exp 373 field on the position may be selected, but the Exp 373 on the table for that extra duty code may not be selected. Either the table or the position needs to be updated so that they both match. If changes are made to the Extra Duty table, it is necessary to move the table to the current year payroll before proceeding.</p>

- Click **Generate Reports**. The selected reports are displayed. [Review the report](#).
- Click **Continue** to view the next report. Or, click **Return** to return to the report selection page.
- After reviewing all of the reports and correcting all errors, return to the report selection page and click **Process** to move the forecast records to the current year. You are prompted to create a [backup](#).

After the process is completed, the actual update is performed. If the update is successful, a message is displayed indicating that the move forecast updates were successfully processed.

- Click **Cancel** to return to the Move Forecast to CYR Position and Payroll page without moving the forecast records to the current year.

If corrections are processed, repeat this step.

Generate and save each report. Compare the Update CYR Positions From

Forecast report to the user-created report that was previously generated to confirm that all 10-month employees are included. The last two reports contain the same information; one is sorted by employee name and the other by campus ID. These reports reflect the existing salary in the current year payroll and the new salary, which overwrites the current year payroll amounts. Review the reports for accuracy.

13. Confirm that CYR salaries are accurate.

Log on to the current year.

Verify the current year data to confirm that the salaries are correct. The highlighted fields are updated:

The screenshot shows a web-based payroll system interface. At the top, there is a navigation bar with 'Maintenance > Staff Job/Pay Data' and a 'Payroll' dropdown menu. Below this, there are buttons for 'Save', 'Year: C', 'Frequency: 5', and 'Change'. An 'Employee:' field is present with 'Retrieve', 'Directory', and 'Documents' buttons. The main content area is divided into several sections: 'PAY INFO', 'JOB INFO', 'DISTRIBUTIONS', 'DEDUCTIONS', and 'LEAVE BALANCE'. The 'PAY INFO' section includes fields for 'Pay Status' (set to '1 Active'), 'Pay Campus' (set to '001 001 School'), 'Pay Dept' (empty), and 'Dock Rate' (set to '265.240'). There are also checkboxes for 'Tax Exempt' (unchecked), 'Unemployment Elig' (checked), and 'IRS Lock-In Letter' (unchecked). A 'W-4 Withholding Certificate' section contains fields for 'Filing Status', 'Multi-Job', 'Children under 17', 'Other Dependents', 'Other Exemptions', 'Other Income', and 'Other Deductions'. Below these are three summary boxes: 'TRS' (Status: '1 Eligible', Begin Date: '08-01-2018', End 90 Day Period: '10-29-2018'), 'FSP Staff Salary Data' (Health Ins Code: 'Y Eligible participating', FSP Staff Data Code: 'F Full-Time'), and 'Totals' (State Min. Salary: 35,100.00, Extra Duty: 0.00, Contract Amt: 49,600.00, Contract Balance: 47,533.33). At the bottom, there is an 'Extra Duty Pay' table with columns for 'Delete', 'Extra Duty Pay Code', 'Type', 'Amount', 'Remain Amt', and 'Remain Pymts'. The table currently shows 'No Rows' and has 'Refresh Type/Amount' and 'Add' buttons.

14. Mass update the fiscal year.

Log on to the current year.

Payroll > Utilities > Mass Update > Employee

Skip this step if your LEA has a 7/1 fiscal year.

Mass update the fiscal year to the next school year for all employees.

Select **Fiscal Year** and type the next year fiscal year. Before processing, stop to consider if the LEA uses other fiscal years in the account codes for employees. If the entered year is not the only used fiscal year, additional parameters may need to be selected.

Contact your regional ESC consultant if you need assistance.

Mass update the current year **Wkly Hrs Sched** and **Hrs Per Day** fields.

- Select **Wkly Hrs Sched** and type the number of hours displayed for the majority of employees. Any exceptions can be manually updated in the current year payroll. Reference the previously generated user-created report.
- For LEAs that use the hours per day functionality in the current year payroll, select the **Hrs Per Day** field and type the number of hours per day for the majority of employees.
- Use the parameters to select specific groups of employees for the update.

15. [Generate the HRS6000 Account Code Comparison Report.](#)

[Payroll > Reports > Payroll Information Reports > HRS6000 - Account Code Comparison](#)

This report compares the account code on the employee’s master distribution record and compares it to the Chart of Accounts in Finance file ID C.

Complete the following parameters.

Parameter Description	Value
Sort by Alpha (A), Pay Campus (C), Primary Campus (P)	A
Include Reports (Select From List)	NY
From Date (MMDDYYYY)	090120XX
To Date (MMDDYYYY)	093020XX
Pay Status Active (A), Inactive (I), or blank for ALL	
Pay Type 1-4, or blank for ALL	
Select Pay Campus(es), or blank for ALL	
Select Primary Campus(es), or blank for ALL	
Select Employee(s), or blank for ALL	

Date Run:	Payroll Account Code Comparison	Program: HRS6000	
Cnty Dist:	ISD	Page: 1 of 10	
		Frequency: E	
Account Codes in Distribution that DO NOT EXIST in Budget			
Alphabetic List			
Account Code	Emp Nbr	Employee Name	Job Code
199-11-6129.00-041-811000	000183		1454 - SEC INSTRUCTIONAL AIDE
199-11-6119.00-041-811000	000991		1405 - SEC TEACHER - READING
199-11-6129.00-101-823000	000604		1354 - ELEM INSTRUCTIONAL AIDE

If your LEA has multiple pay frequencies, generate the report for each frequency.

The generated report should be blank. If any account codes are listed, determine if the account codes need to be added to the Chart of Accounts in Finance or if the employee distribution record needs to be modified.

16. [Generate the HRS6050 Contract Balance Variance Report.](#)

[Payroll > Reports > Payroll Information Reports > HRS6050 - Contract Balance Variance Report](#)

This report looks at the pay rate for each employee and multiplies it by the number of remaining payments, and compares that amount to the Contract Balance on the Job Info tab. If there is a variance of more than a few pennies, perform manual calculations to determine if any corrections are needed.

Generate the report for pay type 1 and again for pay type 2.

Complete the following parameters:

Date Run:		Contract Balance Variance Report					Program: HRS6050

17. [Enter new hire data.](#)

Log on to the current year.

Use the Staff Job/Pay Data pages to enter new hire data. The HRS1550 - New Hire

Report is helpful to identify these employees.

When new hires are entered in the next year Position Management and moved to the current year payroll, only the fields related to the position are populated.

Manually update the following:

[Personnel > Maintenance > Employment Info](#)

- **Employee Status**
- **Highest Degree**
- **Percent Day Employed**
- **Original Employment Date** or **Latest Re-Employment Date**
- **Retirement Date** (if applicable)
- **Years of Experience**
- **Employment Type**

[Payroll > Maintenance > Staff Job/Pay Data > Pay Info](#)

- **Pay Campus**
- **FICA Eligibility**
- **W-4 Marital Status**
- **Nbr of Exemptions**
- **Bank Information**

Complete the [Payroll > Maintenance > Staff Job/Pay Data > Deductions](#) tab.

[Payroll > Maintenance > Staff Job/Pay Data > Leave Balance](#) - This tab can be updated in September using the First Pay Date of the School Year instructions.

18. [Process TRS extracts and submit records/files.](#)

[Payroll > Payroll Processing > TRS Processing > Extract](#)

Process and submit all of the TRS extracts. **Do not** interface when processing the Regular Payroll (RP) extract.

19. [Clear the Accept Changes field.](#)

[Position Management > Maintenance > PMIS Position Modify > Position Record](#)

After all of the August TRS reports are in a completed status, clear the **Accept Changes** field in the next year PMIS for employees with a September start date.

20. [Move calendars.](#)

Move the TRS calendar and any calendars that pertain to employees with a 9/1 or

later start date.

21. Move employees with a September 1 or later start date to CYR.

Log on to the next year.

[Position Management > Utilities > Move Forecast to CYR Position and Payroll](#)

Move employees with a 9/1 start date or later to the current year payroll. You can individually select employees. It is important to select **ALL Position/Billets** and **Supplement Positions/Billets** for the employee.

Utilities > Move Forecast to CYR Position and Payroll

Execute

Select Pay Frequency: 5 - Semimonthly CYR

Include Vacant Supplements:

Validate Accounts against General Ledger:

Update TRS Year Flag:

Update Workers' Comp Annual and Remaining Payments:

Add Additional Workers' Comp Payments: 0

Select State Minimum Salary Table (CYR/NYR): C - Current Year

Select First Pay Date Codes or blank for ALL: --

Include Extra Duty:

Select Extra Duty Codes or blank for ALL: --

Select Positions or blank for ALL:
