Revised: 07/26/2022

The purpose of this document is to guide you through performing requisition maintenance.

After the [Set up Purchasing Options and Permissions](#) and the [Manage Purchasing Approval Workflows](#) are addressed, use the following steps to create and submit requisitions, and perform requisition inquiries in Purchasing.

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

Requisition fields in ASCENDER

Create, Modify, or Delete a Requisition

1. [Create a requisition.](#)

Create a requisition

[Purchasing > Maintenance > Create/Modify Requisition](#)

Use this page to create new requisitions.

- The logged-on user can only view their own requisitions.
- If an originator does not have an approval path and creates a requisition, the requisition is automatically approved when saved, and a purchase order is created if they are submitted.
- Requisitions cannot be created if the current date is greater than the cutoff date on the [District Administration > Options > Purchasing/Warehouse > Current Year](#) page.

Use the following three-section process to guide you through creating and saving or submitting a requisition.

The screenshot shows the 'Create/Modify Requisition' interface. It includes a header with 'Save' and 'Delete' buttons. Below is a form with various input fields and buttons. Three sections are highlighted with black boxes:

- Section 1:** The top header area containing buttons: 'Add - Clear All', 'Add - Clear Vendor', 'Add - Clear Detail', 'Vendor Notes', 'Comments', 'Uniform Acct Distr', 'Print', and 'Submit'.
- Section 2:** A table with columns: 'Delete', 'Note', 'Item', 'Catalog Nbr', 'Description', 'Quantity', 'Unit of Issue', 'Unit Price', 'SubTotal', 'Discount Amt', 'Freight Elig', 'Freight %', and 'Freight Amt'. The table contains one row with item '001' and a 'Y - Approved' status.
- Section 3:** A sub-table titled 'Accounts for item 001' with columns: 'Delete', 'Account Code', 'Description', 'Balance Amt', 'Pct', and 'Amount'. It currently shows 'No Rows'.

□ Click **Add - Clear All** to display a blank requisition page.

Section 1

This screenshot focuses on the header area of the requisition page. A black arrow points to the 'Add - Clear All' button, which is the first button in the row of action buttons.

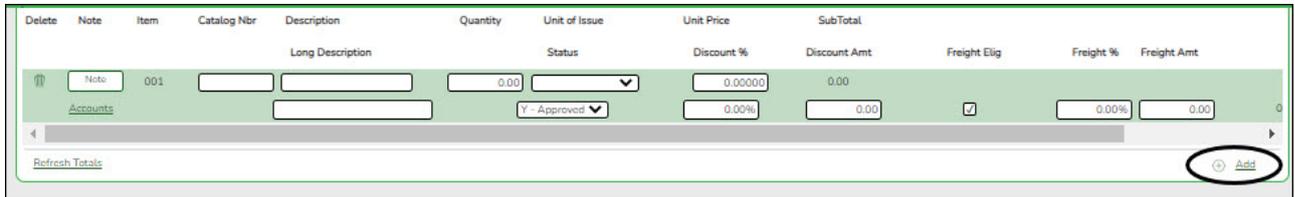

Complete the requisition data fields.

Field	Description
Originator	The name of the logged-on user is displayed.
Requestor	<p>Type the name of the person or organization who is requesting the item(s). As you type the data, a drop-down list of corresponding data is displayed. Select the requestor.</p> <p>Notes:</p> <p>The requisition follows the requestor's approval path that is set up on the District Administration > Workflow > Approval Path page.</p> <p>If no requestors exist for the selected user on the District Administration > User Profiles > Purchasing Requestors tab, the originator is displayed in the requestor list.</p> <p>If requestors are added to the District Administration > User Profiles > Purchasing Requestors tab, the originator is limited to only those accounts that are associated with the requestor.</p> <p>The originator is also limited to the amounts entered in the Req Max and YTD Max fields on the District Administration > User Profiles > Purchasing Permissions tab for the specified requestor. The originator's account and amounts are not affected.</p> <p>If changing the requestor, a warning is displayed indicating that this action causes all accounts assigned to the items to be deleted. The accounts that the new requestor is authorized to use are charged with the item cost.</p>
Requisition Nbr	The requisition number is populated when the requisition is saved if the Use Automatic CYR Requisition Number Assignment field is selected on the Finance > Tables > District Finance Options tab. Otherwise, you must enter a six-digit requisition number.
Date Request	Type the date of the requisition request. By default, the field is set to the current date; however, it can be changed.
Date Required	Type the date that the requisition is required. By default, the field is set to the current date; however, it can be changed.
Order For	<p>Type the shipping contact name to be displayed on the purchase order. The field can be a maximum of 30 characters.</p> <p>If blank, the data from the Requestor field is displayed on the purchase order.</p> <p>Note: Data from the Order For or Requestor field is only displayed on the purchase order if a Y is entered in the Include Requestor's Name in Shipping Address parameter on the Print Purchase Orders or Reprint Purchase Orders report parameter page.</p>
Requisition Per	The requisition period for this transaction is displayed. This field is the same as the accounting period and is set to the current or next period on the Finance > Tables > District Finance Options tab.
Shipping Addr	Type the address where the requisition is to be shipped. The shipping addresses are assigned on the District Administration > User Profiles > Purchasing Addresses tab.

Field	Description
Sort Key/Vendor Name	<p>Type a valid vendor name, if known. The Vendor Nbr field is populated with the corresponding vendor number.</p> <p>If the vendor number is not known, click  to select a vendor from the Vendors Directory.</p> <p>The Vendor Directory is populated from the vendor records established on the Finance > Maintenance > Vendor Information > Vendor Name/Address tab.</p>
Vendor Nbr	<p>Populated with the vendor number based on the value entered in the Sort Key/Vendor Name field. Or, type a valid vendor number if known. The requisition must be returned to the originator to make any changes.</p>
Campus/Dept	<p>Type the name of the campus submitting the requisition. This field is also used to direct the requisition to the first approver. As you type the data, a drop-down list of corresponding data is displayed. Select a campus/department.</p> <p>Notes:</p> <p>This field is only displayed if the Allow for Approval Process is selected on the District Administration > Options > Purchasing/Warehouse tab.</p> <p>The Campus/Dept field is optional when the requisition is created and is required when the requisition is submitted.</p> <p>The Campus/Dept drop-down list includes the campus/department number, campus/department name, and the first approver.</p>

Section 2

[Add requisition items.](#)

Click the **Accounts** link to select a line item. The line item is highlighted for editing and you can view or add accounts for the selected line item in the **Accounts** section at the bottom of the page.

Note	<p>Click to add or read a note for the item. If a paper clip is displayed next to the Note button, an item note exists.</p> <p>In the note window, review the existing notes or type new or additional notes (justification or instructions) about the item. This information is for internal use only.</p> <p>Click OK to save the note and close the window. Otherwise, click Cancel to close the window.</p>
Item	The sequential number of the row is automatically populated.
Catalog Nbr	Type an item catalog number. This field can be a maximum of 15 characters.

Description	Type a short description (e.g., computer, pens, books, etc.) of the item being ordered. This field is required and can be a maximum of 30 characters.
Unit of Issue	Click ▼ to select a basic unit (e.g., EA (each), CA (case)) on which the price is based.
Quantity	Type the quantity in units of issue for the requested item.
Unit Price	Type the price per unit of issue for the requested item.
SubTotal	The subtotal is populated based on the Quantity and Unit Price fields.
Commodity Code	<p>Begin typing a commodity code or description. As you type the data, a drop-down list of corresponding data is displayed. Select the applicable commodity code. The commodity codes are maintained on the District Administration > Tables > Commodity Codes page. The commodity code can be selected and changed on a saved requisition and also by an approver once submitted.</p> <p>Note: If Restrict Commodity Codes to Buyer is selected on the District Administration > Options > Purchasing/Warehouse page, only buyers (i.e., Buyer is selected on the District Administration > Maintenance > User Profiles > Purchasing Permissions tab) can view the Commodity Code field. If Restrict Commodity Codes to Buyer is not selected, then all users can view the Commodity Code field.</p>
Discount %	If there is a discount on the line item, type the value (percent) to be reduced from the item price. The Discount Amt field is populated when another field is selected.
Discount Amt	Type a value of the discount amount. The Discount % field is recalculated when another field is selected.
Freight Elig	Select if the requisition item is eligible for transportation charges and you want to include the freight cost in the requisition total. If not selected, the Freight % and Freight Amt fields are disabled.
Freight %	Type the percentage value of the item's purchase price for the item's transportation charges. The Freight Amt field is calculated and the Freight Cost field is adjusted when another field is selected.
Freight Amt	Type the freight charge amount. The Freight % and Freight Cost fields are adjusted when another field is selected.
Totals	The total line item value is displayed. The discount and freight amounts are included in the calculation.
Status	<p>By default, this field set to <i>Y - Approved</i>. Click ▼ to select a different requisition item status.</p> <p>Notes:</p> <p>If <i>Y - Approved</i> is selected, a unit price other than \$0 is required.</p> <p>If <i>F - Free</i> is selected for goods or services being requisitioned without charge, the account code must be blank.</p>
Long Description	Type a detailed item description (e.g., training dates, etc.)
Requisition Total	The calculated total cost for each item in the requisition based on the quantity ordered and unit price per item is displayed.

Click **Refresh Totals** to update the totals if any amounts are changed in the grid.

The last line of the requisition displays the requisition subtotal (quantity x unit price), discount

amount, freight amount, and requisition total (the total calculated requisition amount including discounts and freight amounts).

Click **+Add** to add additional line items.

Section 3

Assign account codes.

Add account code data for each line item:

If you add multiple account codes per line item, be sure that you accurately indicate the percent and amount for each account code. Review the example in the **Pct** field description.

<p>Account Code</p>	<p>Type the account code to be charged. The account code must exist in the general ledger and in the user profile (the account code must be assigned to the Requestor's user profile in District Administration.).</p> <p>The account code is comprised of the fund, function, object, subobject, organization, and program codes, and are the individual components that uniquely identify a specific budget category. You can add multiple accounts for each item.</p> <p>Press the SPACEBAR to view a list of account codes associated with the requestor's user profile. If the account code is not known, click . The Accounts Codes lookup is displayed.</p> <ul style="list-style-type: none"> • Type data in the individual account code component fields and click Search. • A list of account codes matching your search components is displayed. • Select the applicable account code from the list. <p>Description</p>	<p>This field is populated with the account description from the Finance chart of accounts.</p>
<p>Balance</p>	<p>Displays the fund balance available in the account. A negative balance indicates that the fund has available funds.</p>
<p>Pct</p>	<p>Type the percent of that item to charge the selected fund. Each requisition line item must equal 100%.</p> <p>For example, the percent would be 100% if you paid from one account; however, if you paid from two accounts, you could split the amount 50/50, 75/25, or 60/40 for a total of 100%.</p>
<p>Amount</p>	<p>Type the amount to charge the selected fund. The amount that will be charged to that account according to the percent entered in the Pct field.</p>

Click **Refresh Totals** to update the totals if any amounts are changed in the grid.

Click **Calculate Percent** to populate the **Percent** column based on the amount entered in the **Amount** column.

Click **Calculate Amount** to populate the **Amount** column based on the amount entered in the **Percent** column.

OR

Click **Uniform Acct Distr** to assign one or more account codes to the entire requisition. You can split all of the costs for a requisition item between two or more funds. The percentage split does not have to be the same for each fund, but the sum of all percentages must equal 100%.

The Uniform Account Distribution pop-up window is displayed.

Review Requisition Data

1. [Perform a requisition inquiry.](#)

Perform a requisition inquiry

[Purchasing](#) > [Inquiry](#) > [Requisition Status Inquiry](#)

Use this page to view the status of each item included on a specific requisition or purchase

order without a contract. The Requisition Status Inquiry page can be accessed from two menus:

- For the current year, click Requisition Status Inquiry from the Inquiry menu.
- For next year, click Requisition Status Inquiry from the Next Year menu.

The page consists of the following three grids:

- The top grid displays requisitions or purchase orders.
- The middle grid displays items included in the requisition.
- The bottom grid displays a list of the approvers in the sequence of their approval.

Note: If **Global Access** is selected, the user can perform inquiries on the status of all requisition accounts.

Retrieve a record.	The From and To Date fields default to your current fiscal year. TIP: Use the following fields to narrow your inquiry search. For example, you can perform a search on a specific requisition Status to only display a list of requisitions with the selected status. By narrowing your search parameters, you can avoid retrieving large amounts of data in a single instance.	
	Req Nbr	Type the requisition number to be retrieved.
	PO Nbr	Type the purchase order number to be retrieved. Leading zeros are not required. However, if the purchase order number is alphanumeric, the field is not zero-filled.
	Contr Type	Click <input type="button" value="v"/> to select a contract type.
	From Date	Type the beginning search date in the MMDDYYYY format.
	To Date	Type the ending search date in the MMDDYYYY format. Note: The Date Requested is the date considered when using the From Date and To Date parameters.
	Status	Click <input type="button" value="v"/> to select a status to be included in the search.
	Vendor Number	Type the vendor number.
	Vendor Name	Type the vendor name.
	Requestor Name	Type the requestor name.
Bid Category	Type the bid category code.	
Click Retrieve . Requisitions and purchase orders that you have submitted but that have not been received are displayed in the three grids.		

In the top grid, click  to inquire about the selected requisition. The requisition information from the [Create/Modify Requisition](#) page is displayed.

Field	Description
Status	The current status of the requisition is displayed. If the status is Pending to be approved , the requisition is not yet a purchase order. If the status is Approved , the PO Nbr field is populated with the assigned purchase order number.

2. [Generate and review requisition reports.](#)

Generate and review requisition report

The following reports are available to assist you in tracking requisition and purchase order information.

[Purchasing > Reports > Purchasing Reports > REQ1050 - Requisitions Pending Approval](#)

This report provides a list of requisitions that have been submitted but are not yet approved. The report allows you to view pending requisitions by vendor number assignment or by account number assignment. The requisitions are totaled by the requisition number, originator, and organization. The requisitions can be sorted by the requestor, receiving location, vendor, or requisition number if the parameter is left blank.

[Purchasing > Reports > Purchase Order Reports > REQ1350 - Outstanding Purchase Orders Report](#)

This report provides a list of purchase orders with account codes created in Purchasing that have balance amounts greater than zero. (The requisition status must be A - Approved.) The report is summed by purchase order number.

[Purchasing > Reports > Purchase Order Reports > REQ1400 - Open PO Report](#)

This report provides a list of purchase orders with line items that have been placed but not liquidated when the **Create Receiving Payable** district option is selected. If **Create Receiving Payable** is not selected, all placed purchase orders with goods that have not been fully received and with requisition items that have not been disapproved or voided are listed. Information includes purchase order number, requisition number, vendor name, purchase order date, date required, the original amount (by PO for original encumbrance amount), and balance.
