Admin Guide: Leave Requests Setup

This guide provides the necessary steps to set up Security Administration and Payroll in order to take complete advantage of the benefits associated with using the leave request feature in EmployeePortal.

This guide assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Prerequisites

- Ensure that all employees are set up with a user name and password, and can log on to EmployeePortal. If not, review the [Employee Guide: Create Account & Login](#) guide for additional information about user setup.

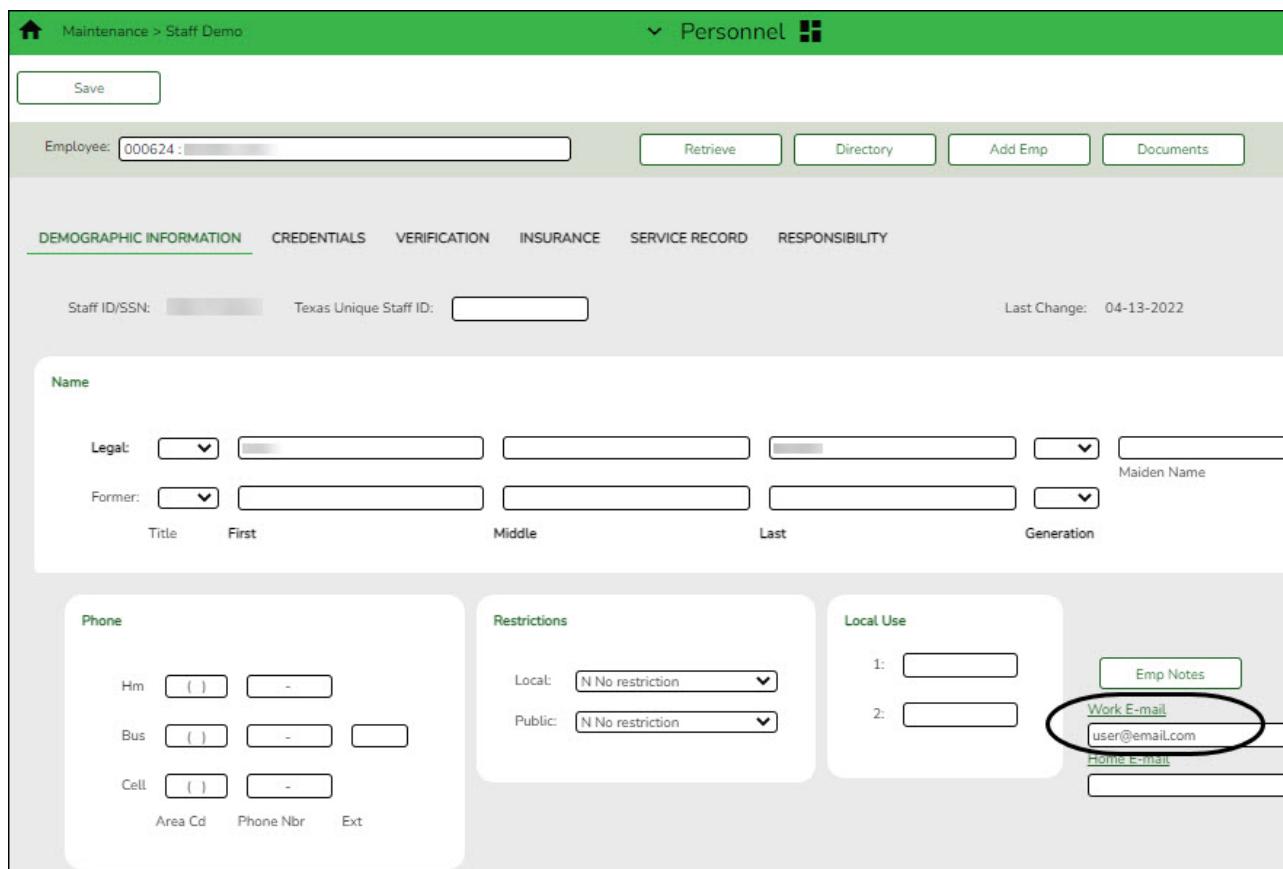

Set up Supervisor Profiles

Before an employee can be set up as a supervisor, approver, or temporary approver, the employee must have a security user profile.

1. [Create a demographic record.](#)

[Personnel > Maintenance > Staff Demo > Demographic Information](#)

- Create an employee record. The record cannot be a non-employee record created in District Administration.
- Add an email address to the employee record to allow the supervisor or temporary approver to receive automatic reply and workflow emails.

2. Create a security profile.

Security Administration > Manage Users

- Update the user's profile with the employee number that was generated on the employee's Personnel demographic record.

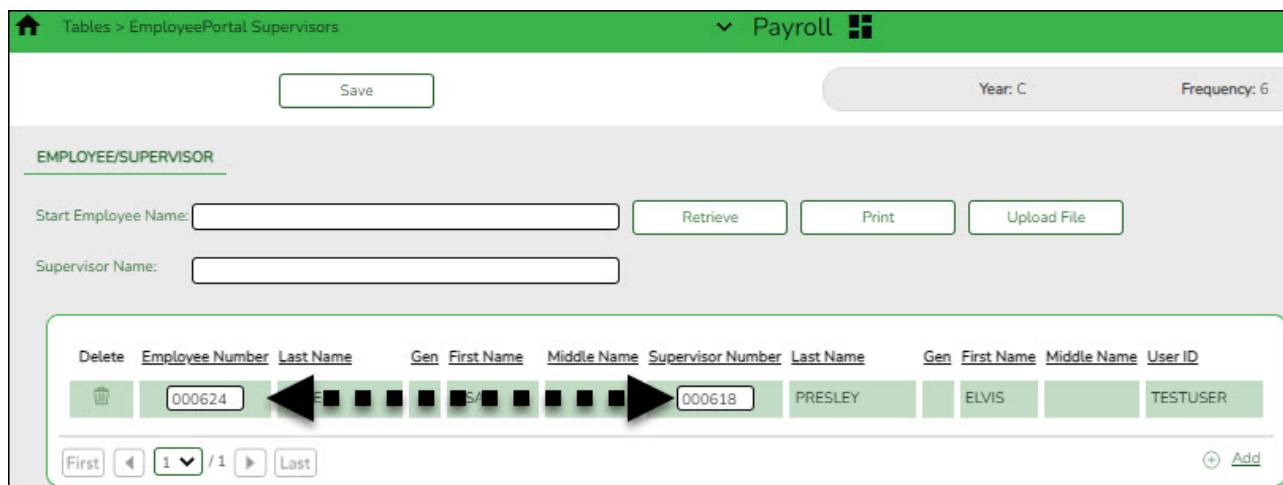

Last Name: [REDACTED] First Name: [REDACTED] Middle Initial: [REDACTED] User ID: [REDACTED] Profile Name: LISA Employee Nbr: 000624

- If the employee has an existing user profile, ensure that the profile is active (i.e., not marked as deleted in Security Administration).

3. Designate the employee/direct supervisor relationship.

This setting serves two purposes, it determines the leave request approval path for the employee and allows the supervisor to access the Supervisor menu in EmployeePortal.

Notes:

- This page does not need to be populated if **Use PMIS for Supervisor Levels** is selected on the Payroll > Tables > District EP Options > EmployeePortal Options tab.
- An employee must have a designated supervisor prior to submitting leave requests in EmployeePortal.

A supervisor must have at least one assigned employee on the Payroll > Tables > EmployeePortal Supervisors > Employee/Supervisor tab in order to access the Supervisor menu in EmployeePortal.

Refer to the [Supervisor Guide: Manage Leave Data and Requests & Set Temporary Approvers](#) for more information about setting up temporary approvers and performing supervisor-level tasks.

Set up the Leave Request Feature

If you have not already, perform the following tasks to ensure that the leave request feature in EmployeePortal is properly set up and functions as intended for employee and supervisor users.

1. Set up district EP options.

The screenshot shows a software interface for managing leave types. At the top, there are tabs for 'Tables > Leave', 'Payroll', 'Year: C', and 'Frequency: 6'. Below the tabs, there are buttons for 'Save', 'Retrieve', 'Print', and 'Copy'. The main area displays a table with columns: 'ABSENCE REASON', 'LEAVE TYPE DESCRIPTION', 'LEAVE TYPE', 'LEAVE RATES', 'LEAVE SEQUENCE', and 'UNITS'. A search bar for 'Leave Type' and a 'Start Up to Minute' input field (set to 0) are also present. The 'UNITS' column is currently selected. A modal window is open, showing a list of units for a specific leave type. The table in the modal has columns: 'Delete', 'Up to Minute', and 'Percent of Hour'. The data is as follows:

4. Assign leave types and balances for each applicable pay frequency.

[Payroll > Maintenance > Staff Job/Pay Data > Leave Balance](#)

You can assign multiple leave types to employees in the pay frequency to which you are logged on.

Note: If the employee has leave balance data in multiple frequencies, the employee can select the pay frequency from the **Pay Frequency** drop down on the Leave Requests page in EmployeePortal.

Field	Description
Next Available Travel Request Number	Type the next available travel request number. Or, click the Next Available Travel Request Number link to automatically populate the field with the last travel request number plus one. The field can be a maximum of six characters and can be alphanumeric. If only numeric values are used, the field is zero-filled to equal six digits when a partial travel request number is entered and you tab out of the field (e.g., you entered 123, the field is zero-filled to 000123). If alphanumeric values are used, the field is not zero-filled to equal six characters (e.g., you entered ABC2, the travel request number remains ABC2).
Location Locking	Select to lock (disable) the Mileage (Start, Stop, and Map) fields, Point of Origin , and Destination fields on travel requests and require employees to use the Location link to select an origin and destination location from the predefined list of travel locations and distances set up on the Finance > Tables > Travel > Locations and Finance > Tables > Travel > Distances tab. The Location Locking feature is not available for extended mileage travel requests.
Require Start/End Times	Select to require the travel start and end times on travel requests. This option is only available for mileage travel requests. The start/end times are always required for extended travel as the times are necessary to determine meal rates and eligibility.
Require Odometer Start/Stop Mileage	Select to require the beginning and ending odometer readings on travel requests.
Mileage Reimbursement Rate	Type the mileage reimbursement rate (cents per mile).
New Mileage Reimbursement Rate	Type the new mileage reimbursement rate. This field is used when the mileage reimbursement rate is set to change on a scheduled date.

Field	Description
New Mileage Reimbursement Date	Type the date on which the New Mileage Reimbursement Rate takes effect. Use the MM-DD-YYYY format. This field is used when the mileage reimbursement rate is set to change on a scheduled date. When travel requests are entered in EmployeePortal, if the date the travel occurred is equal to or greater than this date, the new mileage reimbursement rate is used.
Breakfast Amount	Type the allowable limit for breakfast reimbursement.
Breakfast Eligible Depart Time	Type the time the employee must depart before in order to be reimbursed for breakfast on the first travel day. Use the HH MM format and click  to select AM or PM. To be reimbursed for breakfast on the first travel day, the Departure Time on the travel request must be earlier than the Breakfast Eligible Depart Time .
Lunch Amount	Type the allowable limit for lunch reimbursement.
Dinner Amount	Type the allowable limit for dinner reimbursement.
Dinner Eligible Return Time	Type the time the employee must return after in order to be reimbursed for dinner on the last travel day. Use the HH MM format and click  to select AM or PM. To be reimbursed for dinner on the last travel day, the Return Time on the travel request must be later than the Dinner Eligible Return Time .

Create and Link Employee/Vendor Records

1. Create an employee vendor record.

Finance > Maintenance > Vendor Information > Vendor Name/Address

Create a vendor record for the employee.

Click **Add**.

Complete the applicable fields.

TIPS:

- Under **EIN/SSN**, the **Type** must be **SSN** and the **Number** must match the employee's SSN on the Personnel > Maintenance > Staff Demo > Demographic Information tab. It is important that this information matches as this is the link between the employee's vendor and demographic record, and determines the availability of the copy bank information from payroll functionality on the Vendor Miscellaneous tab.
- The **EFT Email** is required.

Click **Save**.

2. Add bank information.

Finance > Maintenance > Vendor Information > Vendor Miscellaneous

Add bank information for the vendor/employee.

Under **Bank Information**:

Bank	Begin typing a bank code or name. As you type the data, a drop-down list of corresponding data is displayed. The bank information must exist on the Finance > Tables > Bank Codes tab. Select a bank code. If the bank code or name is not known, click to select a bank from the Banks lookup or press the SPACEBAR to view a list of banks.
Bank Acct Nbr	Type the corresponding bank account number for the selected bank.
Bank Acct Type	Select the account type for the selected bank and bank account number. <i>2 Checking account 3 Savings account</i>
PreNote	Select to generate a prenote to the bank.

Click **Copy from Payroll** to copy the employee's bank information from the [Payroll > Maintenance > Staff Job/Pay Data > Pay Info](#) tab.

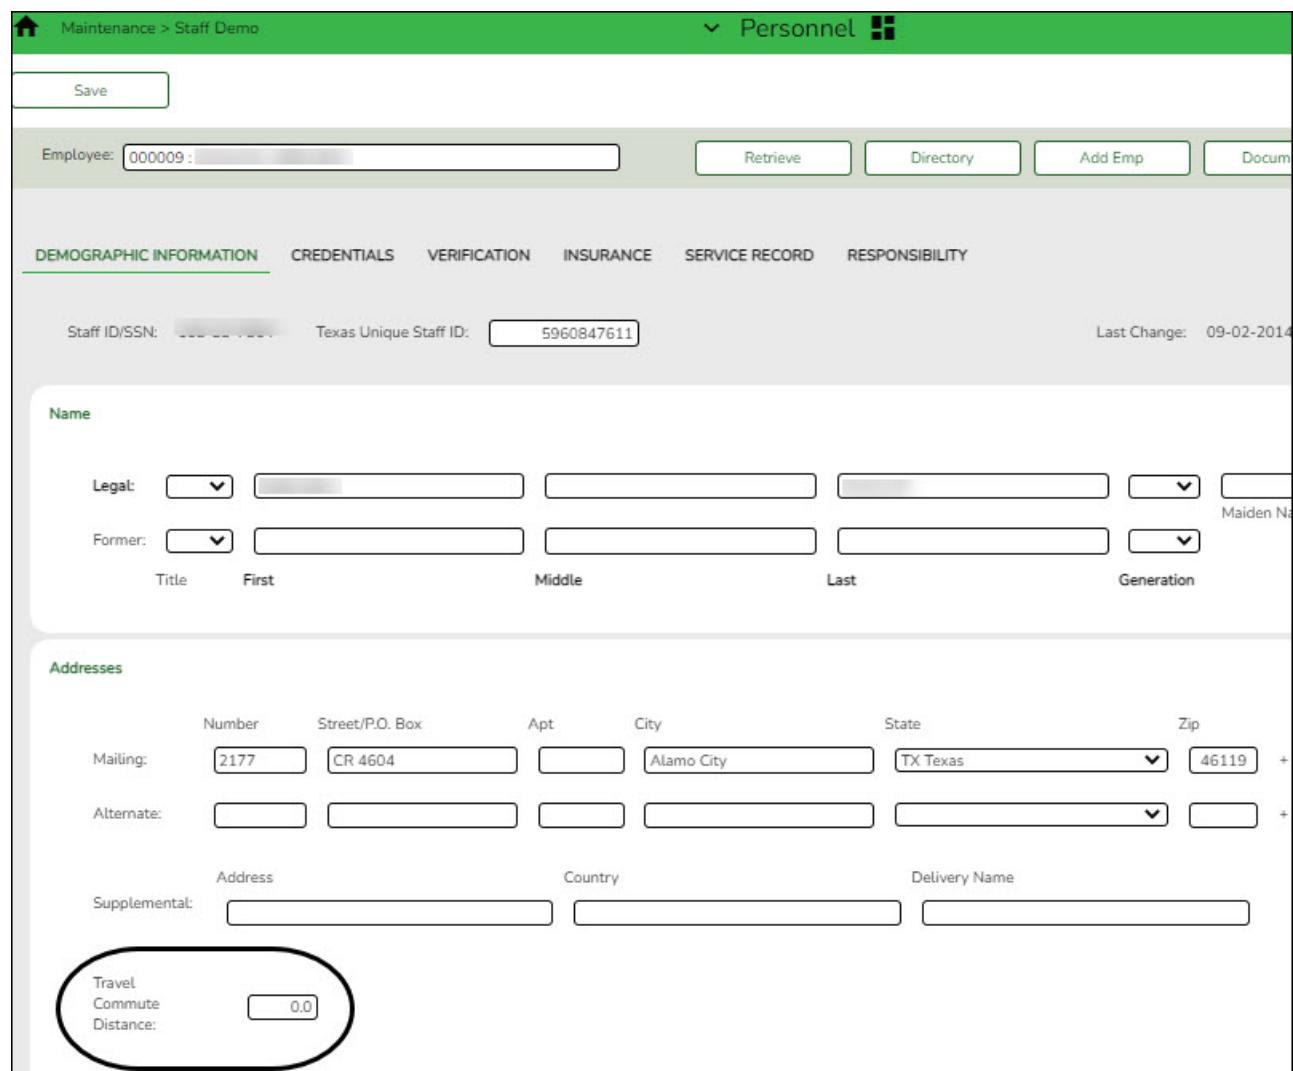

- The vendor must have an **EFT Email** listed on the Vendor Name/Address tab to save the record.
- The bank information on the Pay Info tab must have a zero **Bank Acct Amt** in order to be copied.
- This button only displays if the vendor and employee SSN records match. On the [Finance > Maintenance > Vendor Information > Vendor Name/ Address](#) tab, under **EIN/SSN**, the **Type** must be **SSN** and the **Number** must match the employee's **SSN** on the [Personnel > Maintenance > Staff Demo > Demographic Information](#) tab.

Click **Save**.

3. Update employee's commute distance.

[Personnel > Maintenance > Staff Demo > Demographic Information](#)

Indicate the employee's commute distance. This information is used when calculating travel distances for travel reimbursement requests.

The screenshot shows the 'Personnel > Maintenance > Staff Demo > Demographic Information' screen. The 'Travel Commute Distance' field is highlighted with a red oval.

Header: Maintenance > Staff Demo, Personnel

- Name: Legal, Former, Title, First, Middle, Last, Generation, Maiden Name
- Addresses: Mailing, Alternate, Supplemental, Address, Country, Delivery Name
- Travel Commute Distance: 0.0

- In the **Travel Commute Distance** field, type the commute distance (the number of miles between the employee's home and assigned work location). Valid values are 0-999.9.

This field can also be updated by the employee via the **Commute Distance Change** link on the Travel Reimbursement Requests page in EmployeePortal.

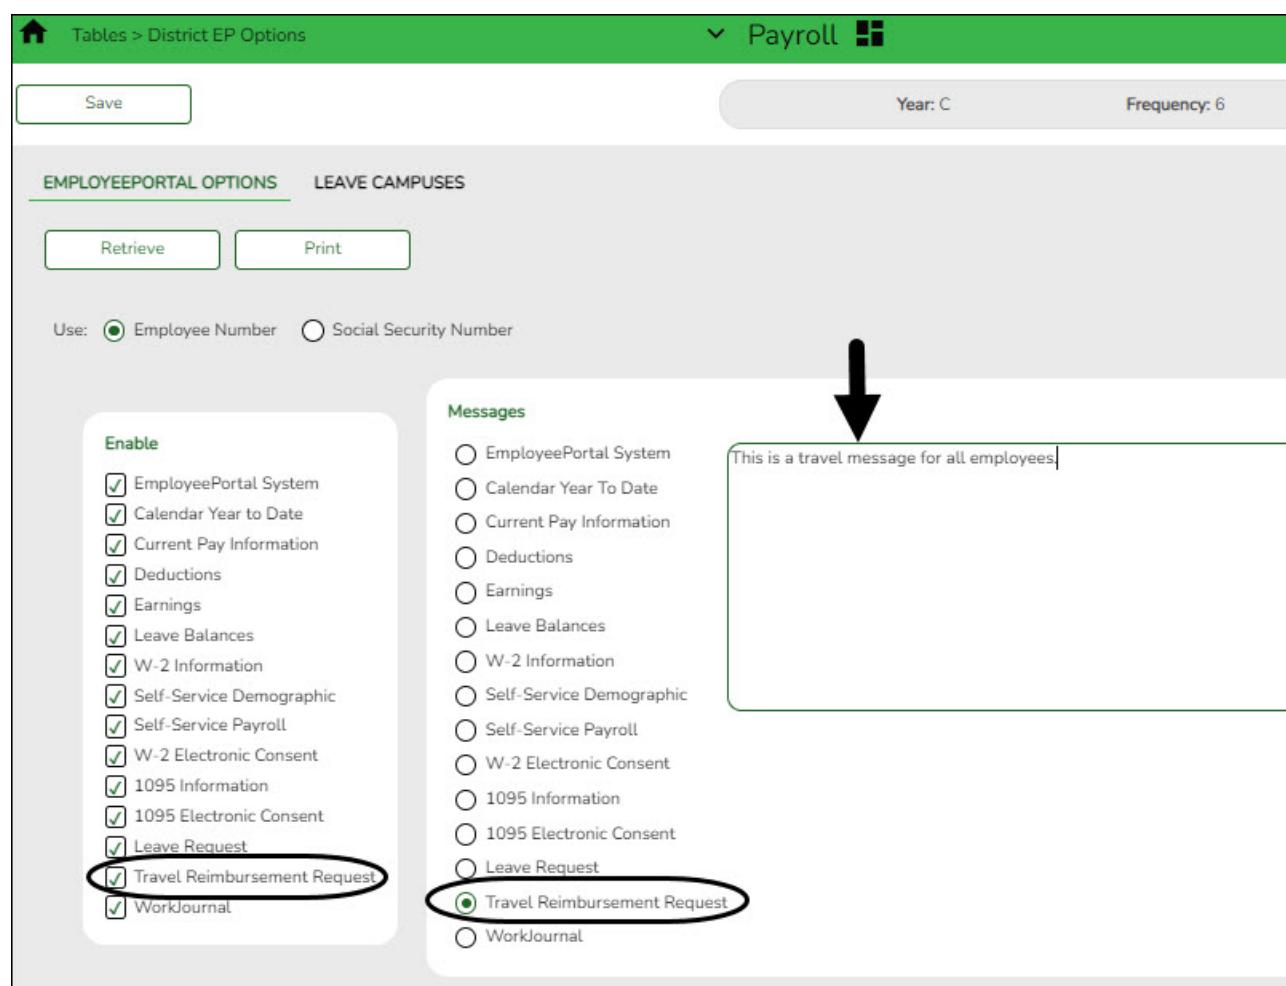

- Click **Save**.

Enable the Travel Reimbursement Request Feature

1. Set up district EP options.

[Payroll > Tables > District EP Options > EmployeePortal Options](#)

Set up the following EP options to allow employees to view the Travel Reimbursement Request menu in EmployeePortal.

The screenshot shows the 'Tables > District EP Options' screen under the 'Payroll' tab. The 'EMPLOYEEPORTAL OPTIONS' tab is selected. The 'Enable' section contains a list of checkboxes for various features, with 'Travel Reimbursement Request' being the last one checked. The 'Messages' section contains a list of radio buttons for travel messages, with 'Travel Reimbursement Request' also being the last one selected. A large black arrow points from the 'Enable' section to the 'Messages' section, highlighting the 'Travel Reimbursement Request' option in both sections.

- Under **Enable**, select **Travel Reimbursement Request** to enable the travel reimbursement

request feature in EmployeePortal.

Under **Messages**, select **Travel Reimbursement Request** to enable employees to view a preset message on the Travel Reimbursement Requests page in EmployeePortal.

- Type the applicable message in the text box.
- The message is displayed in red at the top of the Travel Requests page in EmployeePortal after the record is saved.

Click **Save**.

After the above steps are completed, employees can submit travel reimbursement requests in EmployeePortal.
