The purpose of this document is to provide you with an overview of available historical inquiries in Position Management. These inquiries are only available in the current year.

This document assumes you are familiar with the basic features of the ASCENDER Business system and have reviewed the [ASCENDER Business Overview guide](#).

Some of the images and/or examples provided in this document are for informational purposes only and may not completely represent your LEA's process.

Employee Historical Data Inquiry

[Run an employee historical data inquiry.](#)

[Position Management > Inquiry > PMIS Employee Historical Data Inquiry](#)

The following historical inquiry is used to view historical information by employee name or employee number. The inquiry includes position data and salary information about the positions an employee has held (regular positions and supplemental positions).

Employee	Type the employee name or number. Or, click Directory to perform a search in the Employees directory .
Start at Update Date	Type the beginning date for the inquiry in the MMDDYYYY format. This allows you to narrow the inquiry to a specific date range.

☐ Click **Retrieve**.

The following information is displayed for each employee:

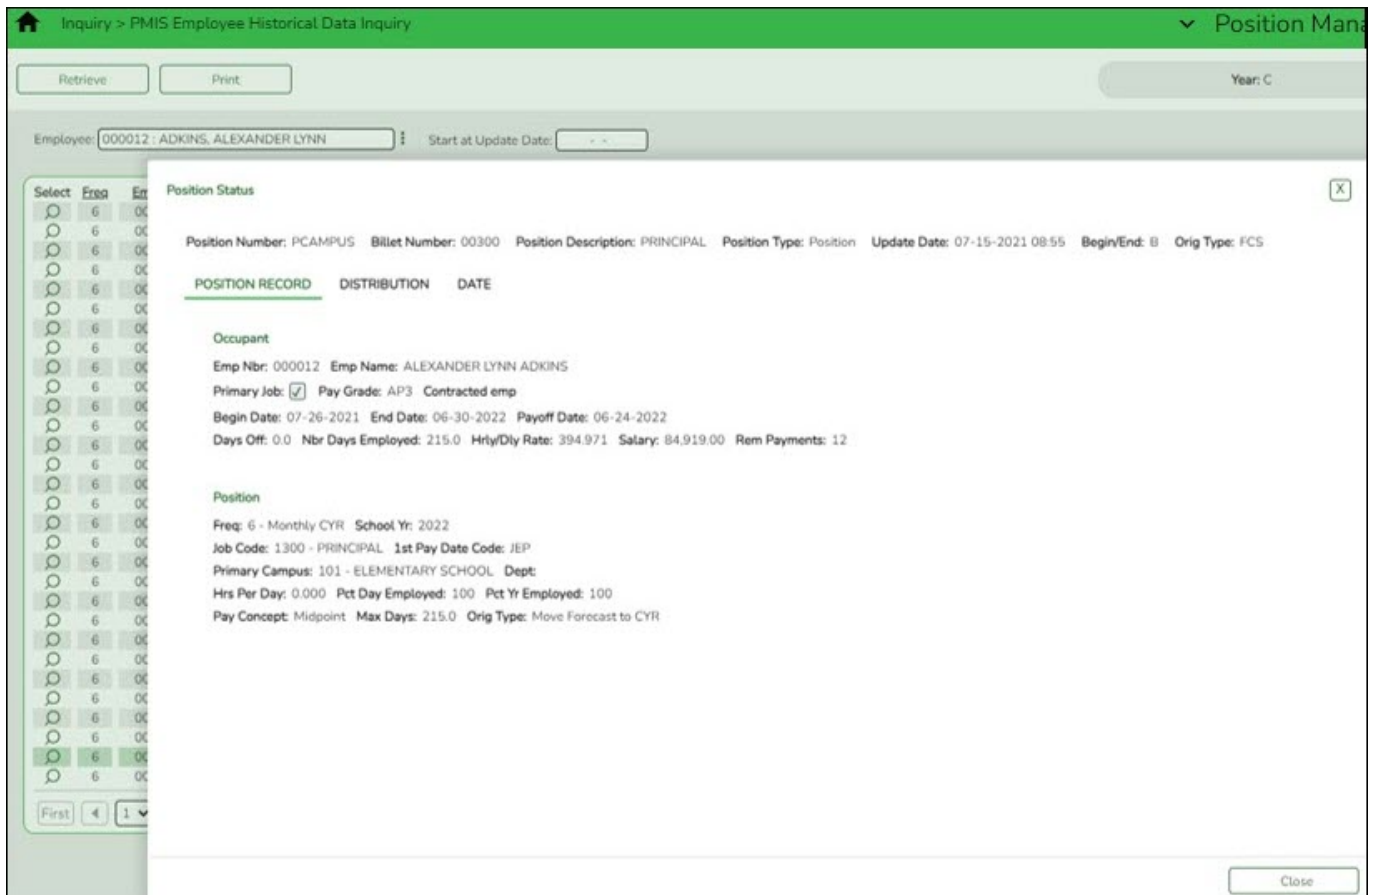

- **Frequency**
- **Employee number**
- **Name**
- **Update date** - The date and time a change was made to the position are displayed.
- **Begin/End** - Each time current year PMIS is rolled to next year PMIS, and then rolled back to current year payroll and PMIS, a snapshot of the position is saved to this inquiry. This allows the LEA to view what an employee/position looked like at the beginning of the school year and

again at the end of the school year.

- **Pos Nbr** - Position Number
- **Billet** - Billet Number
- **Pos Typ** - Position Type
- **Sch YR** - The school year (fiscal year) for each transaction is displayed.
- **Description** - The billet description for the position is displayed. If the billet description is changed, the change is reflected in history.
- **Orig Type** - FCS indicates a change was made in forecast (NY PMIS). MNT indicates a change was made in current year PMIS.

Click  to display the position record, distribution, and date information for the selected row. The following three tabs are available: Position Record, Distribution, and Date.

Position Record - This tab displays information similar to what is displayed on the Payroll > Maintenance > Staff Job/Pay Data > Job Info tab. The **Orig Type** indicates the process that was used to make the change.

You can review all position history or specific billet history.

This data serves as a historical record and should not be modified.

Date - This tab displays dates that were manually entered for this position for districts that maintain this information in the database. These dates are not system automated.

The screenshot shows the 'Maintenance > PMIS Position History' interface. At the top, there's a green header with 'Position Management'. Below it, a search bar contains 'PCAMPUS' for Position Number, 'PRINCIPAL' for Position Description, and '00300' for Billet Number. Buttons for 'Retrieve' and 'Add Position' are visible. A 'Save' button is at the top left. The 'HISTORY' tab is selected, showing a list of records with 'Delete' and 'Edit' icons. An 'Edit Position' dialog box is open, displaying the same search criteria. The 'DATE' tab is selected within the dialog, showing fields for 'Date Filled', 'Date Authorized', 'Date Entered', and 'Date Vacated', all set to '03-26-2014'. A 'Vacated Reason' dropdown is also present. The dialog has 'Save' and 'Cancel' buttons at the bottom right.

The **Add Position** button implies that changes can be made; however, this button does not function since this is a historical file and maintenance should not be done. This page does not include a print option.
