Each change in position (CIP), position maintenance, and forecast moves are displayed on this page. This information is helpful if CIP calculation results are not as expected. You can review all position history or specific billet history.

This data serves as a historical record and should not be modified.

'Add Position' implies that changes can be made, however, this feature does not work. Since it is a historical file, maintenance really should not be done.

There is not a print option on this screen.
