Asset Management > Utilities > Export by File ID

This utility is used to copy the selected file IDs to a user-designated archive file. If exporting the current or prior file ID (i.e., file ID C or 3), all Asset Management tables are exported.

Export file IDs:

All available file IDs are displayed on the left side of the page under **Available File IDs**. Select the desired file IDs to be exported. Use the following buttons to move the selected file IDs to the right side of the page.

 - Click to move selected entries from the left side to the right side of the page.

 - Click to move all entries from the left side to the right side of the page.

 - Click to move selected entries from the right side to the left side of the page.

 - Click to move all entries from the right side to the left side of the page.
