# Mass Change Inventory Number - BAM7300

## Asset Management > Utilities > Mass Change Inventory Number

This utility is used to change the inventory item number on the master and all associated records. If the **Auto Assign** field is selected on the Asset Management Options table, you cannot enter an inventory item number in the **To Item Nbr** field. If the **Auto Assign** field is selected and you click **Execute**, then the Asset Management Options record is locked and cannot be updated until after the posting is completed or canceled.

### Mass change inventory numbers:

Click **+Add** to add a row.

Field	Description
<b>From Item Nbr</b>	Type the inventory number, if known. If the inventory number is not known, click <a href="#">Directory</a> . <b>Notes:</b> To select multiple rows when the inventory numbers are consecutive, select an item to start at, and then press and hold SHIFT while selecting an item to end the selection process. All items (between the first and last item) in the sequence are now selected.
<b>To Item Nbr</b>	You cannot enter an inventory item number if the <b>Auto Assign</b> field is selected on the Asset Management Options table. The inventory item number is automatically assigned when you click <b>Execute</b> . If the <b>Auto Assign</b> field is not selected on the Asset Management Options table, you must enter an inventory item number. The inventory item number cannot exist in the inventory master record.

Click **Save**.

<b>Execute</b>	<p>Click to execute the process. When the processing is completed, the Mass Update Inventory Record Preview report is displayed. <a href="#">Review the report</a>.</p> <p><b>Review the report using the following buttons:</b></p> <p>Click  to go to the first page of the report.</p> <p>Click  to go back one page.</p> <p>Click  to go forward one page.</p> <p>Click  to go to the last page of the report.</p> <p><b>The report can be viewed and saved in various file formats.</b></p> <p>Click  to save and print the report in PDF format.</p> <p>Click  to save and print the report in CSV format. (This option is not available for all reports.) When a report is exported to the CSV format, the report headers may not be included.</p> <p>Click  to close the report window. Some reports may have a <b>Close Report</b>, <b>Exit</b>, or <b>Cancel</b> button instead.</p>
<b>Process</b>	<p><a href="#">Click to update the selected records in the asset management tables.</a></p> <p><input type="checkbox"/> Click <b>Process</b> to update the selected records in the asset management tables. A message is displayed prompting you to create a system <b>backup</b>.</p> <p>A message is displayed indicating that the process was completed successfully. Click <b>OK</b>.</p>

## Other functions and features:
