# Recommended - BUD6600

## **Budget > Utilities > Budget Level Processing > Recommended**

This tab is used to transfer results of a budget simulation to the Maintenance > Budget Data > Recommended tab. The **Next Yr Recommend** column will be updated by the results of the simulation that was processed. Simulations created by all users with access to the Utilities > Mass Increase/Decrease Account Codes > Recommended tab are displayed. Users can process only their simulations unless simulations were copied from one user to another.

**Note:** Simulations are based on the user profile of the logged-on user. Payroll accounts can be included in the simulation even though the user may not have access to 61XX.

### **Transfer recommended simulation data:**

All simulations created and processed by all users with access to the Utilities > Mass Increase/Decrease Account Codes > Recommended tab are displayed. Simulation sequence numbers are displayed in the detail area at the bottom of the tab.

**Note:** Users can only execute simulations that were created by the logged-on user. If a user executes a simulation from another user, the error message "r;User ID: XXXXXX does not match login User ID" is displayed.

| <b>Field</b>                   | <b>Description</b>                                                                                                                                                                                                                                                                                           |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Recommended Cutoff Date</b> | <p>The date for which updates to accounts are no longer accepted is displayed.</p> <p>If the LEA uses cutoff dates, no data can be transferred after the displayed cutoff date.</p> <p>If the LEA does not use cutoff dates, simulation data can be transferred at any time up to final budget approval.</p> |

In the upper grid, select the simulation to transfer to the **Next Yr Recommend** column on the Maintenance > Budget Data > Recommended tab. The sequence numbers associated with the simulation are displayed. If multiple sequences are displayed, they are processed in the order listed.

|                       |                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
