## Finance > Tables > Account Codes > Organization

This tab is used to establish and manage the three-digit numeric code that is used to identify each campus and administrative organization (e.g., high school, middle school, elementary school, superintendent's office, tax office, data processing, etc.).

- The organization code portion of an account number must exist in the organization code table before an account number can be entered in the Budget application.
- All three-digit organization codes and description names (up to 30 characters) are entered or maintained on this page.

**Note:** The list of organizations also reflects deduction codes added from the payroll deduction code table. These deduction organizations will apply to fund 863 only. For example, if a district has an organization code of 001, which is a high school campus and has a deduction code in Human Resources as 001 for additional federal withholdings, the high school campus name will default in the **Organization Description** field.

### Set up an organization code:
