**Finance > Tables > District Finance Options > Clearing Fund Maintenance**

This tab displays the default accounts that are used for the posting pages. Both Finance and payroll clearing funds can be set up from this tab.

## Set up clearing funds:

Field	Description
<b>Codes for Fiscal Year</b>	Click  to select a different fiscal year, if necessary. The default is the last digit of the current fiscal year (e.g., for fiscal year 2017-2018, the value should be 8).
<b>All Computer Checks to Finance Clearing Fund in Bank Recon</b>	Select to display all computer checks on the Bank Reconciliation page. Leave blank to filter computer checks by bank account group. Cash receipts and district checks posted to funds other than the clearing fund are not affected by the flag and are always filtered by the bank account group.
<b>Finance Clearing Fund/Fiscal Year</b>	Type the clearing fund code and the fiscal year. The clearing fund code must be a three-digit number with the first digit beginning with 1, 4, or 8, and the fiscal year code is a one-digit code that is the last digit in the fiscal (school) year (e.g., 864/9).

The payroll clearing fund code must be a three-digit number with the first digit beginning with 1, 4, or 8, and the fiscal year is a one-digit code that is the last digit in the fiscal (school) year (e.g., 863/1).
