## Finance > Tables > TSDS Crosswalks

This page allows you to map financial data (actual and budget) from your local education agency's (LEA's) set of accounts to a state education agency's (SEA's) Chart of Accounts. These crosswalks only affect the data in the State Reporting tables allowing you to continue maintaining your data as-is in the Business systems.

The TSDS Business crosswalks are associated with the logged-on file ID.

### Modify a record:
