TSDS Crosswalks

Table of Contents

TSDS Crosswalks

Finance > Tables > TSDS Crosswalks

This page allows you to map financial data (actual and budget) from your local education agency's (LEA's) set of accounts to a state education agency's (SEA's) Chart of Accounts. These crosswalks only affect the data in the State Reporting tables allowing you to continue maintaining your data as-is in the Business systems.

The TSDS Business crosswalks are associated with the logged-on file ID.

Modify a record:

Field	Description
Crosswalk Type	Click ⌄ to select the crosswalk table type for which you want to crosswalk data.

A list of existing from and to account code elements is displayed for the selected crosswalk type.

❑ Click **+Add** to add a row.

From	Based on the selected crosswalk type, type the three-digit from account code element to crosswalk.
To	Based on the selected crosswalk type, type the three-digit to account code element to crosswalk.

❑ Click **Save**.

Other functions and features:

Retrieve	The **Retrieve** button is also used to retrieve information from the last save. If you click **Retrieve**, any unsaved changes are lost.
Print	Click to print the report. Review the report.
🗑	Click to delete a row. The row is shaded red to indicate that it will be deleted when the record is saved. Click **Save**.
