Asset Management Summary Quick Checklist

Asset Record Maintenance (done throughout the year)

Finance

❑	Verify the necessary object/subobject codes exist in the Asset Management Cross-Reference table.
❑	Run the Extract to Asset Management utility to extract data from Finance to Asset Management. Print the PDF report. Save the file and record the file name as it is needed it in a later step. Finance Module Extract File Name:

Asset Management

CAUTION: Prior to initiating end-of-year procedures, use the Asset Management > Utilities > Export by File ID page to perform an export of all current year data. Do not proceed until a valid export of all current year data exists.

❑	(Optional) Verify that **Automatic Item Numbering** is selected.
❑	Import asset items using the file that you previously created in Finance on the Extract to Asset Management pages. Or, manually add asset items as needed.
❑	(Optional) Generate and distribute the Campus Room Inventory Report. Use the report to track and update asset changes in the system. Perform a Mass Update to update the **Last Inventory Date** on the Inventory Records tab.

Depreciation Calculations and EOY Reports

Asset Management

❑	Generate the BAM1050 - Status Report to review any asset items that were sold, deleted, or entered in error.
❑	Verify that the required information is entered for the sale of any Capital Assets.
❑	Generate the following reports: BAM1100 - Auditor Analysis Report BAM1150 - Capital Assets/Inventory Listing BAM1650 - Property Class Listing Reports
❑	Verify the data and balances on the reports. The totals should match.
❑	If report totals match, perform the Depreciation Calculations.
❑	Generate the Depreciation Detail Schedule report if requested by the auditor.

Prepare for New Year Processing

Asset Management

❑	Verify the current and next fiscal years exist in the fiscal year table.
❑	Copy the current file ID (C) to a new file ID for historical purposes.

Verify that you are in file ID C for the following steps:

❑	Rollover the Depreciation Distribution Funds
❑	Perform a Mass Delete of all asset items that have been deleted, sold, or entered in error.
❑	After the auditor has completed their review, perform the Initialize Audit Tables process.
❑	Perform an Export by File ID (C) for clean backup of the beginning new year database; give meaningful filename and record for future reference if needed (e.g., Export File ID (C) Beginning Year 21-22”
