Log on to the NYR payroll frequency.

Human Resources > Payroll Processing > EOY Payroll Accruals > Decrement

CAUTION: The system default is to decrement (subtract by one) the fiscal year in the account distribution code in the next year payroll files. If you do not want to decrement a Fund activity, then the fund must be added to this tab to prevent it from being decremented.

For example, if your LEA needs the August accruals for federal funds to be posted to the new fund/yr (211/7), then that fund/yr (211/6) should be added to this tab.
