Verify the accrual code, accrual rate, daily rate, and contract begin date for each employee.

- Verify that each employee that should accrue monthly has an accrual code. Verify that each employee with an accrual code has an accrual rate.
- Verify that the accrual rate matches the daily rate.
- Verify if each accrual code has a consistent number of days employed.
- If you have two employees with the same contract begin date and one needs to accrue and the other does not, make a note to serve as a reminder that the applicable employee should be excluded from calculations during the August Accrual process.
- If the employee does not accrue monthly, verify that their begin contract date and new daily rate are accurate for the new year.
- If the employee does not accrue monthly, verify that the employee **does not** have an accrual code or accrual rate.
