Table of Contents

Verify payroll is complete i

Processes that need to occur prior to beginning the accrual process.

1

Verify Payroll is Completed

Verify payroll is completed.

Verify payroll is complete

Log on to the current year payroll frequency for each frequency used.

- Ensure that the current school year payroll (final August payroll and August supplemental) is processed and interfaced to Finance prior to performing the August accrual process.
- Do not use the same date for the August payroll and the August accrual posting. **It is recommended** to use 8-31-20XX for the accrual posting date.
- For August TRS-related tasks, review the [August TRS Reporting Process](#) document.
- Print, post, and interface all deduction liability checks.
- Post and interface all transfer transactions on the **Payroll > Utilities > Transfer Transaction Processing** page.
- Ensure that the termination dates and reasons are updated on the [Personnel > Maintenance > Employment Info](#) tab for all employees who are no longer with the LEA.
- For applicable employees, be sure to update responsibility records and auxiliary roles with an end date.

CAUTION: If not yet completed, extract teacher service records for all employees.

Note: If service records were not extracted before moving 11- and 12-month employees from NYR payroll to CYR, it may be necessary to manually update data such as contract begin and end dates, etc.

2

Verify Accrual Amounts are Cleared

Verify accrual amounts are cleared.

(For LEAs that accrue monthly) Balance accruals in Finance and Payroll

If your LEA accrues monthly, complete the following steps to verify the accurate posting of monthly accruals in both Finance and Payroll. It is critical that both areas agree to ensure accurate reporting of federal funds.

It is recommended to balance accruals monthly to help identify and correct any errors. Use the [Payroll > Utilities > Payroll Accrual Variance Extract > Extract](#) to assist you in this process.

[Finance > Tables > District Finance Options > Clearing Fund Maintenance](#)

The screenshot displays the 'Clearing Fund Maintenance' screen. At the top, there are tabs for 'FINANCE OPTIONS', 'ACCOUNTING PERIODS', and 'CLEARING FUND MAINTENANCE'. A 'Save' button is in the top left, and 'File ID: C' is in the top right. Below the tabs, there is a 'Codes for Fiscal Year' dropdown menu set to '5'. To its right are buttons for 'Retrieve', 'Add', 'Delete', and 'Print'. A large black arrow points down to the 'Print' button. Below these buttons are two input fields: 'Finance Clearing Fund / Fiscal Year: 199 / 5' and 'Payroll Clearing Fund / Fiscal Year: 199 / 5'. The main area is divided into two panels: 'Finance Automatic Posting Defaults' and 'Payroll Automatic Posting Defaults'. The 'Payroll' panel is highlighted with a black border. The 'Finance' panel lists items like 'Cash Account', 'Payable Account', 'Accounts Receivable', 'Overpayment Account', 'Due To', 'Reserve for Encumbrance', 'Requisition Offset', 'Reserve for WH Encumbrance', 'Restock Offset', and 'Warehouse Offset'. The 'Payroll' panel lists items like 'Cash Account', 'Accrued Wages', 'Accrued Federal Grant Deposit', 'Accrued Federal Grant Care', 'Accrued Employer FICA/Medicare', 'Accrued Employer Unemployment Tax', 'Accrued Health Insurance Contribution', 'Accrued Employer 457 Contribution', 'Accrued Employer Annuity Contribution', 'Accrued Employer TRS Care Contribution', 'Accrued Employer Dependent Care', and 'Accrued Employer Miscellaneous Deduction Contribution'. Each item has a corresponding input field with a numerical value.

Note: Object codes at your LEA may differ as this is a sample screenshot.

Click **Print** to print the table. You can reference this information each month as the table is rarely updated during the year.

[Finance > Inquiry > General Ledger Inquiry > General Ledger Account Summary](#)

Run and print an inquiry for object code 216X (accrued wages).

GENERAL LEDGER INQUIRY GENERAL LEDGER ACCOUNT SUMMARY EMPLOYEE DISTRIBUTION LIST INQUIRY OVER EXPENDED ACCOUNT SUMMARY

Processed Current Period: 08 Next Period: 08 Balance Accounts Only Include Fund Totals Exclude Objects 61XX

Assuming that only your 10-month employees accrue, the easiest time to complete accrual balancing is after completing the August payroll but before completing the August accruals. At this time, the amounts displayed on the School Year to Date Report and the General Ledger Inquiry liability accounts (216X and 221X.XX) are typically all zeros. Employees who accrue monthly and receive the first payment of their new contract prior to September will have accruals in Finance and the upcoming School Year to Date Report if the **TRS Year** field is selected on the Job info tab. These amounts should be considered during the accrual balancing process. Here are five common scenarios to consider.

Scenario	Accrued amounts from the HRS3050 - School Year To Date Report	Finance General Ledger Accrued Liabilities	Action Needed
1	Zeros	Zeros	None
2	Show amounts	Zeros	Run the Zero School YTD Accruals utility in Payroll and Post to Master only
3	Zeros	Show balances	Compare to upcoming School Year to Date report Add manual entries in Finance as needed
4	Show amounts that match GL	Show amounts that match School Year to Date	Compare to upcoming School Year to Date report Run the Zero School YTD Accruals utility in Payroll and Post to Master and Interface to Finance if needed
5	Show amounts but DO NOT match GL	Show amounts but DO NOT match School Year to Date	Compare to upcoming School Year to Date report Run the Zero School YTD Accruals utility in Payroll and Post to Master Consider Interface to Finance and manual entries in Finance if needed

Review the following scenarios, choose the best fit, then follow the appropriate steps.

Scenario 1: The current School Year to Date Report shows zeros for accrued totals and the

liability accounts in Finance are zero.

Action: No action required.

Scenario 2: The current School Year to Date Report shows amounts for accrued totals but the liability accounts in Finance are zero.

Action: In the current year payroll frequency, zero the amounts in Payroll. Post to Master but DO NOT Interface to Finance.

[Payroll > Utilities > Zero School YTD Accruals > Extract](#)

- Verify the **School Year** field and click **Retrieve**.
- In the **JV Number** field, type ZEROAC.
- Verify that the **File ID** field is C.
- Employees with School YTD accruals that were not cleared during payoff are displayed on the left side of the page. Use the arrows to move the employees to the right side of the page.
- Click **Run**. The Zero School YTD Accruals Extract report is displayed.

- If the process is successful, close the Extract report.
- If there were any errors encountered during the extract, the system displays the Zero

School YTD Accruals Calculation Errors listing. [Review the report.](#)

- **It is recommended** that you clear all errors prior to continuing with the extract process.

[Payroll > Utilities > Zero School YTD Accruals > Reports](#)

Generate and save the reports as needed.

Utilities > Zero School YTD Accruals Payroll

Post to Master

Post to Master and Interface to Finance

Transaction Date / Accounting Period

Transaction Date: 08-15-20

File ID: C

Post to Current Acct Period: 08

Post to Next Acct Period: 08

Under **Post Options**, select **Post to Master**.

Click **Post**.

Scenario 3: The current School Year to Date Report shows zeros for accrued totals but the liability accounts in Finance have balances.

Action: Generate the School Year to Date Report for the upcoming school year.

- If these amounts match Finance, no action needed.
- If these amounts do not match in Finance, enter a JV on the Finance > Postings > Journal Actual tab to match the School Year to Date amounts.

Refer to the above chart to see the expenditure object that ties to each liability. For example, if the accrued FICA/Medicare liability line (object 221X.14) shows a balance of -\$158.56, you will need to debit a payroll expenditure account with an object code of 6141 for \$158.56.

Scenario 4: The current School Year to Date Report shows amounts for accrued totals and the liability accounts in Finance have matching amounts.

Action: In the current year payroll frequency, use the Payroll > Utilities > Zero School YTD Accruals utility to zero the amounts in Payroll and Interface to Finance so that both are zeroed at the same time.

Complete the same steps listed in Scenario 2 **EXCEPT** on the Post to Master/Interface to Finance tab:

Utilities > Zero School YTD Accruals Payroll

EXTRACT REPORTS POST TO MASTER / INTERFACE TO FINANCE

Post Options

Post to Master

Post to Master and Interface to Finance

Transaction Date / Accounting Period

Transaction Date: 08-15-20

File ID: C

Post to Current Acct Period: 08

Post to Next Acct Period: 08

POST

- Select **Post to Master and Interface to Finance**.
- Enter a **Transaction Date**.
- Select the desired accounting period.
- Click **Post**.

Scenario 5: The current School Year to Date Report shows amounts for accrued totals and the liability accounts in Finance show amounts but the amounts do not match.

Action: Run the upcoming School YTD report and compare the totals from both School Year to Date reports to Finance. Analyze the report to determine which accrual amounts should remain if any.

In the current year payroll frequency, use [Payroll > Utilities > Zero School YTD Accruals](#) to zero the amounts if needed.

Consider whether Interfacing to Finance will correct the liability balances in Finance.

- If yes, select **Post to Master and Interface to Finance**.
- If no and the differences will be greater, select **Post to Master**. You may need to manually enter additional JVs on the [Finance > Maintenance > Postings > Journal Actual](#) tab to reconcile any remaining differences.

Complete the same steps listed in Scenario 2 and 4 except on the Post to Master/Interface to Finance tab:

- Select **Post to Master** or **Post to Master and Interface to Finance** as needed. If you interface to Finance:
- Enter a **Transaction Date**.
- Select the desired accounting period
- Click **Post**.

Verify Accrual Accounts are Zero in Finance

Verify accrual accounts are zero in Finance.

Verify accrual accounts are zero in Finance

Log on to the current file ID.

Finance > Inquiry > General Ledger Inquiry > General Ledger Account Summary

Run a summary inquiry for account codes 216X and 221X to verify that all accrual amounts are cleared (if there are no upcoming year accruals). The accrual amounts from the [Payroll > Reports > Year To Date Reports > HRS3050 - School Year To Date Report](#) should match the Finance accrual accounts.

The screenshot displays the 'GENERAL LEDGER ACCOUNT SUMMARY' inquiry interface. At the top, the breadcrumb path is 'Inquiry > General Ledger Inquiry' and the user is logged into 'Finance'. Below the breadcrumb, there are four tabs: 'GENERAL LEDGER INQUIRY', 'GENERAL LEDGER ACCOUNT SUMMARY' (which is selected), 'EMPLOYEE DISTRIBUTION LIST INQUIRY', and 'OVER EXPENDED ACCOUNT SUMMARY'. The interface includes several checkboxes: 'Processed' (checked), 'Current Period: 08' (checked), 'Next Period: 08' (checked), 'Balance Accounts Only' (unchecked), 'Include Fund Totals' (unchecked), and 'Exclude Objects 61XX' (unchecked). The 'Account Code' field is populated with 'XXX XX 216X XX XXX X XX X XX'. There are 'Retrieve' and 'Reset' buttons. Below the search area, a table displays the results. The table has columns for 'Account Number', 'Description', 'Est Revenue/ Appropriation', 'Encumbrance', 'Rlzd Revenue/ Expenditure', and 'Balance'. The results show five rows of 'ACCRUED WAGES PAYBLE' accounts, all with a balance of 0.00.

Account Number	Description	Est Revenue/ Appropriation	Encumbrance	Rlzd Revenue/ Expenditure	Balance
