The screenshot displays the 'Bank Reconciliation' window. At the top, there are input fields for 'Recon Title' (May 2017 - Gen Op), 'Bank Account Grp' (6742 : GENERAL FUND), 'GL File ID' (C - 2016-2017), and 'Accounting Period' (5). Buttons for 'Add', 'Reset', 'Save As Pending', 'Print', 'Reconcile', and 'Comments' are visible. Below these is a table of transactions under the 'Cash Receipts' category. The table has columns for 'Recon', 'Receipt Nbr', 'Amount', 'Date', and 'Description'. A red arrow points to the 'Totals' section at the bottom, which shows 'Unreconciled Difference 24,465,367.64'. A tooltip is visible over the 'Totals' section, stating: 'Cash Receipts, Checks and Journal Vouchers that are unreconciled or marked as pending are displayed. Any Total field defined as a Category will show on the Totals heading with the accordion section displayed or collapsed.'

Totals : Unreconciled Difference 24,465,367.64

The transactions associated with the selected bank account group are displayed under the respective drop-down sections (**Cash Receipts, Checks, Journal Vouchers**).

- If the reconciliation record is in a pending status, the layout in the **Totals** section remains as it was saved even if the layout changed on the Tables > Reconciliation Layout page. The corresponding unreconciled transactions are retrieved, recalculated, and saved.
- If the reconciliation record is reconciled:
 - The layout for the **Totals** section is retrieved and the totals are not recalculated.
 - The **Recon Title, Bank Account Grp, GL File ID, and Accounting Period** fields are

disabled.

- The **Add**, **Save As Pending**, and **Reconcile** buttons are disabled.
- You can print the Reconciled Report.
- You can view and add comments.

Add a bank reconciliation record:

Field	Description
Recon Title	Type a bank reconciliation title. This field is required.
Bank Account Grp	<p>Type a bank account group for which you want to reconcile transactions. This field is required.</p> <p>If the bank account group code is not known, click . The Bank Account Grp lookup is displayed. To narrow the search for a bank account group code, type data in the Search field. A list of codes matching the search criteria is displayed.</p> <p>Select a bank account group code from the list. Otherwise, click Cancel.</p> <p>Note: Only one pending reconciliation is allowed per bank account at a time.</p>
GL File ID	Click  to select a general ledger file ID. This field is optional when adding a reconciliation record; however, it is required when processing a reconciliation record.
Accounting Period	<p>Type the accounting period to be used. The leading zero is not required. Or, click  to select an accounting period.</p> <p>Only one accounting period can be reconciled at a time.</p> <p>If this field is not populated, Finance data is not retrieved.</p> <p>This field is optional when adding a reconciliation record; however, it is required when processing a reconciliation record.</p>

Click **Add**. An add successful message is displayed.

- The reconciliation record is available in the Reconciliation Search directory.
- The **Add** button is disabled.
- The order, layout, and statement types are retrieved from the Tables > Reconciliation Layout.
- A list of unreconciled (i.e. status is not R) transactions that correspond to the selected **Bank Account Grp** is displayed.
- Totals are calculated and saved with the reconciliation **Totals**.

The transactions associated with the selected bank account group are displayed under the respective drop-down sections (**Cash Receipts**, **Checks**, **Journal Vouchers**).

Select the **Recon** check box for the transactions that you want to reconcile.

Note: The **Recon** column can only be sorted after you select more than one transaction and click **Save as Pending**.

Totals

☐ Click **Totals** to display the bank reconciliation total fields as defined on the Categories tab. Based on the Categories tab, some of the fields are automatically calculated and cannot be edited.

The totals are updated as transactions are selected or cleared. The **Unreconciled Difference** amount is displayed on the **Totals** header only if the **Totals** section is collapsed. This allows you to view the updated unreconciled difference amount as transactions are selected and cleared.

If the **Totals** section is expanded, the unreconciled difference amount is not displayed on the header.

If the **Statement Type** for a category is set to *User Input: Multi Entry* on the Tables > Reconciliation Layout > Categories tab, click in the category field to open a multi-entry pop-up window allowing you to add user-defined rows of descriptions and amounts to be included in the total calculations.

- In the **Description** field, type a user-defined description for the entry.
- In the **Amount** field, type a dollar amount for the entry.
- Click **+Add** to add a row. Or, a new row is added when you type a description in an existing row and press TAB.

☐ Click **OK**. The multi-entry pop-up window closes, and the entered amounts are totaled and displayed in the corresponding category field.

☐ Click **Cancel** to close the pop-up window without adding additional entries.

☐ Click  to delete a row.

☐ Click **Save As Pending**. The **Totals** are recalculated to include the multi-entry amounts.

☐ If the **Statement Type** for a category is set to *User Input: Single Entry* on the Tables > Reconciliation Layout > Categories tab, type the amount in the field.
