Click  to view any previously entered notes and other details for the associated account code. The Budget Data Details pop-up window opens. The account code number and description are displayed at the top of the window.

The **Last Yr Closing Amt** field displays the amount of the account balance at the end of the previous fiscal year. When the budget is initialized, you can update this amount with either **This Yr Amend Budget** or **This Yr Actual Amt**, which would reflect the ending totals for the previous year.

The **This Yr Original Budget** field displays the budget amount that was approved for the selected account during the current fiscal year.

The **This Yr Amend Budget** field displays the amended budget amount for the current fiscal year. When the next year budget is approved and initialized, this amount will be zero.

The **This Yr Actual Amt** field displays the amount expended for the current fiscal year. When the next year budget is approved and initialized, this amount will be zero.

The **School Year** field displays the current school year in the YYYY-YYYY format as entered on the District Budget Options table.

In the **Next Yr Requested** field, type the amount of the requested budget for the selected account code. If the selected account is locked, the field is display only and cannot be changed.

The **Lock Flag** field displays the status of the selected account code.

**Notes:**

Use the Mass Lock/Unlock utility to lock or unlock the selected account.

If the **Lock Flag** field is set to **Y**, the account amount and notes are locked to prevent any changes to the **Next Yr Requested** field. No changes can be made until the account code is unlocked.

If the **Lock Flag** field is set to **N**, the account amount and notes are unlocked, and the **Next Yr Requested** field can be changed and notes added or modified.

In the **Notes** field, type comments, additional justification, or instructions about this account code.

**Note:** A limited portion of the note for each account is displayed on the BUD1000 - Budget Report by Fund and BUD1100 - Budget Report by Organization. If the content of the note exceeds the allotted space on the report, the remaining portion of the note will not display. For example, all uppercase W characters are approximately 70 character spaces, so only that many would display. If you use a majority of lowercase characters, more characters can be displayed.
