 - Each news entry displays a topic and a description. An ellipsis (...) is displayed at the end of the description indicating that additional details are associated with the entry.
 - You can click anywhere on the news entry to open the corresponding pop-up window, which displays the full contents of the news entry. Click **Close** or  to close the pop-up window.
 - If there are no news entries to display, a message is displayed prompting you to stay tuned for upcoming news.

 - Each news entry displays a topic and a description. An ellipsis (...) is displayed at the end of the description indicating that additional details are associated with the entry.

All ASCENDER users created in Security Administration are automatically granted permission to view all dashboard elements. However, the content within the dashboard element is driven by your user profile (**Profile Name**) in Security Administration with the exception of ASCENDER News, which is available to all users. The LEA News may be limited to certain users based on the LEA's preferences when adding the news entry in District Administration.
