Create Account Code Mask

The Account Code lookup is used to create an account code mask.

Create an account code mask:

- In the **FND-FNC-OBJ.SOBJ-ORG-PROGRAM** field, type the significant digits for the account code components you want to select. Leave Xs for the account code components that are to be ignored.
- Click **OK** to display the selected account codes in the field/parameter on the report page.
- Click **Cancel** to return to the report parameter page without any selections.
