## Reimbursement Request

If the transaction type is *Periodic*, the Reimbursement Request pop-up window opens with the corresponding budget details.

- If the transaction status is *Pending*, *Posted*, or *Submitted*, the details in the pop-up are read-only.
- If the transaction status is *Returned* or *Saved*, only the **Reimbursement Request** and **Matching Funds** fields in the pop-up can be edited.

The transaction date and status are displayed.

Review the data, indicate the reimbursement and matching fund amounts (if any), and save or submit the request.

### Over Expend Notes:

If changes are made to a reimbursement request (amounts are moved between object classes), the amount must be less than the over expenditure limit. Use the following calculation to find the over expenditure limit for an object class:

$$\text{Over Expenditure limit} = (\text{Total Budget} * (1 + \text{Overexpend \%})) \text{ less } (\text{Reimbursement} + \text{Pending Reimbursement})$$

**Example:** The **Total Award** for an object class is 5000, the **Over Expend %** is set to 10%, the **Reimbursement** amount is 400 and the **Pending Reimbursement** is 0.

The calculation is: **5100** = (5000 \* (1 + 10%)) - (400 + 0)

In this example, the **Reimbursement Request** cannot exceed 5100.

If any of the transaction's object class **Reimbursement Requests** are greater than the **Over Expenditure** limit, a budget revision is needed.

<b>Object</b>	Displays a list of the six predefined object classes for each year and grant ID: 61XX, 62XX, 63XX, 64XX, 65XX, and 66XX.
