Verify that all federal grant funds (200-300) have a two-digit TRS grant code. If you use child nutrition worksheets during the TRS RP20 extract, then 240 and 242 should not have fund to grant codes.

This generates salaries for the TRS 3 and TRS 489 reports.

If you have new funds to be added, you can add them at this time.

Codes are LEA specific.

Note: When adding a fund to this table, there must be an account code (any account code) for the fund in the chart of accounts.
