- Review the report and correct all of the errors.
- Verify that all employee master distribution records have matching accounts in Finance.

If there are account codes on the report that do not exist in Finance, perform one of the following steps:

- If there are accounts that have a 3 for July and August start employees, perform a mass update of HR distributions. You can either mass update records by fund/year using the [Payroll > Utilities > Mass Change Payroll Account Codes > Mask Crosswalk](#) page **OR** mass update all records by using the [Payroll > Utilities > Mass Update > Employee](#) tab. Employees who are paid out of federal funds may need their distributions reviewed and changed for a different fund

year, if necessary. For example, federal funds may still be available for the previous year.

- If there are other accounts that need to be added, add them on the [Finance > Maintenance > Create Chart of Accounts](#) page.

After all of the account codes are added, generate the [Payroll > Reports > Payroll Information Reports > HRS6000 - Account Code Comparison](#) report again. If all account codes exist, a blank report should be generated.
