

**decrement\_body**

# Table of Contents

**decrement\_body** ..... i

**Note:** The system default is to decrement (subtract by one) the fiscal year in the account distribution code in the next year payroll files. If you do not want to decrement a Fund activity, then the fund must be added to this tab to prevent it from being decremented. For example, if you want August accruals for federal funds to be posted to the new fund/yr, then that fund/yr should be added to this tab.

## Image

The screenshot shows the 'Payroll Processing > EOY Payroll Accruals' interface. The 'DECREMENT' tab is selected. Under 'Next Year Frequency', the 'F - Monthly' radio button is selected. A black arrow points to the 'Funds/Yr List' button. Below, there is a text input field for 'Select Funds / Yr where the fiscal year will not be decremented during the EOY Accrual Calculations.' and a 'Save' button.

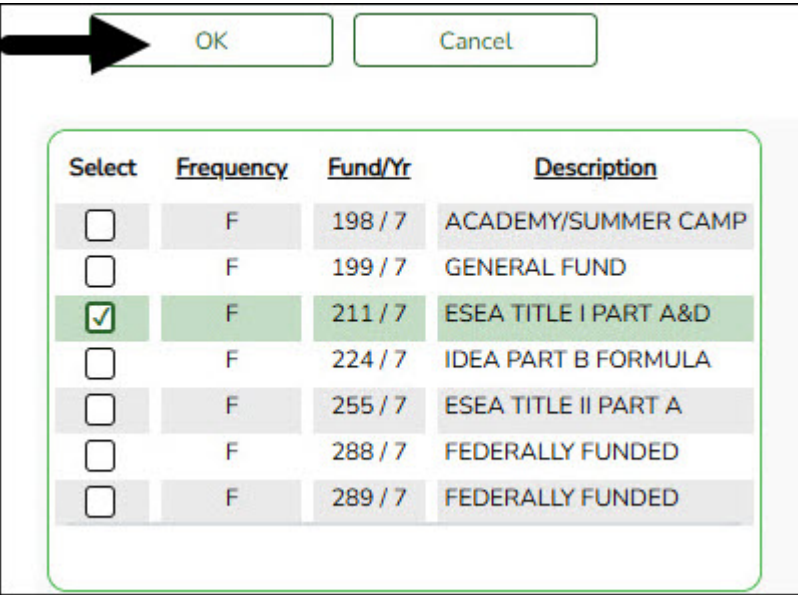

Under **Next Year Frequency**, select one of the following payroll frequencies:

- **D - Biweekly**
- **E - Semimonthly**
- **F - Monthly**

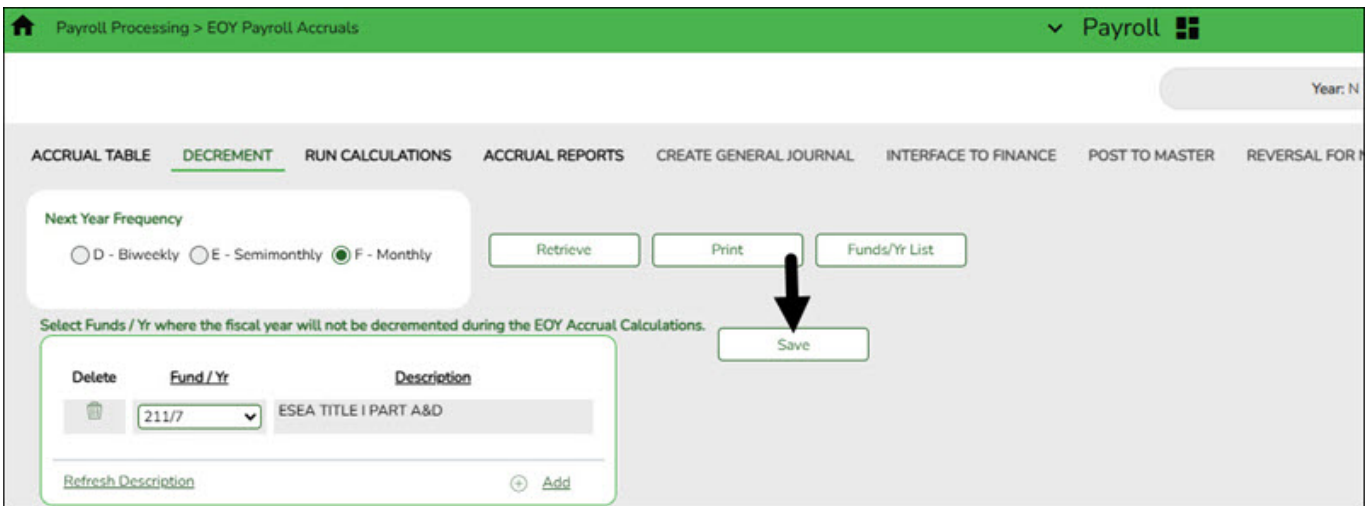

### Notes:

- If the user is not authorized to access a payroll frequency, it is disabled.
- Only one payroll frequency can be selected at a time.

Click **+Add** to manually add fund/yrs.

Field	Description																																
<b>Fund/Yr</b>	<p>Click  to select the federal funds that should not have the FY decremented (decreased).</p> <p>For multiple entries, click <b>Funds/Yr List</b>.
