This tab is used to establish reference tables the system uses to calculate the proper amount to withhold for federal income tax. The tables provide tax rates for specific salary ranges according to payroll frequency. You must create these tables using the values from the IRS Publication 15, Circular E. Refer to this publication annually to ensure that the most current values are used for the tables (go to [www.irs.gov/formspubs/lists/0,,id=97819,00.html](http://www.irs.gov/formspubs/lists/0,,id=97819,00.html) to obtain a copy of this publication).

### Set up income tax data:

Click **+Add** to add a row.

Under **Marital Status**, select the marital status to use. The page displays the rates that correspond to this status and allows the district to make any necessary changes and/or additions.

Under **Pay Frequency**, select the payroll frequency to use.

| Field       | Description  |
|-------------|--|
| <b>Over</b> | Type the base amount of the salary range. This is a whole dollar amount. |

Press TAB. The **Not Over** field in the previous row is populated.

|                |   |
|----------------|---|
| <b>Tax Amt</b> | Type the tax amount (if any) withheld for the salary range.         |
| <b>Percent</b> | Type the percentage of excess over the base dollar amount withheld. |

Press TAB. The **Of Excess Over** field is populated.

Click **Save**.
