If necessary, update the **Increase Eligible** field to identify the employees who are eligible to receive a salary increase for the new school year when running simulations. Only the employees with this field selected will receive a salary increase.

The screenshot displays the 'Position Record' tab in the PMIS Position Modify application. It features a table of position details and two main sections: 'Occupant' and 'Position'.

Clear the **Increase Eligible** field for new employees who are not entitled to a salary increase. Remember that the next year Position Management pay step reflects the same current year Position Management pay step, and the step is increased in the salary simulations if the **Increase Eligible** field is selected.

If there are retirees who work in the LEA, confirm that the **TRS Status** field is set to 5 - Retired. If the TRS status is incorrect, there is a possibility that the status will be incorrect (TRS-eligible) when the employee is moved to the current year payroll.
