- Prepare a list of new hires as a supplement to this list.
- Sort by the **Payoff Date** to verify that all employees who have a July payoff date have the same date. For example, it is possible that an employee has a payoff date that is a day before or after the actual July payoff date.
- Use the current year payroll [Human Resources > Maintenance > Staff Job/Pay Data > Job Info](#) tab to make corrections as needed.
- Generate a user-created report again to verify that all of the data is accurate. Filter the report

using your LEA's July payoff date (YYYYMMDD). [Image](#)

The screenshot shows a 'Sort/Filter' dialog box with a close button (X) in the top right corner. It contains two sections: 'Sort Criteria' (expanded) and 'Filter Criteria' (expanded). Below these sections are two buttons: 'Add Criterion' and 'Delete Selected'. A table is displayed with the following structure:

	Column	Operator	Value	Logical
<input type="checkbox"/>	Payoff Date ▼	= ▼	20190725	

At the bottom right of the dialog box, there are 'OK' and 'Cancel' buttons. A red arrow points to the 'OK' button.

- Print or save the report as you will use it to verify data in the following steps.
