- Prepare a list of new hires as a supplement to this list.
- Sort by the **Payoff Date** to verify that all employees who have a July payoff date have the same date. For example, it is possible that an employee has a payoff date that is a day before or after the actual July payoff date.
- Use the current year payroll [Human Resources > Maintenance > Staff Job/Pay Data > Job Info](#) tab to make corrections as needed.
- Generate a user-created report again to verify that all of the data is accurate. Filter the report

using the LEA's July payoff date (YYYYMMDD).

Image

- Print or save the report for verification purposes.
