Click **Error Report** to view the Inventory Upload Error Report, which displays any errors encountered during the merge process. The Report button allows users to switch between the two reports.

If the Inventory Upload Error Report is displayed, click **Upload Report**, and the Inventory Upload Report displays a listing of all assets that were uploaded.

If the Inventory Upload Report is displayed, click **Error Report**, and the Inventory Upload Error Report displays a listing of all errors from the merge process or the selected parameters if there were no errors.
