Mass update extra duty remaining payments i

Update staff data

Payroll or Personnel > Utilities > Mass Update

Use the Mass Update utility to update employee data in preparation for the new school year. This utility allows you to quickly and easily mass change data resulting in minimal manual changes to individual employee records with less possibility of manual entry errors.

It is recommended to update the number of remaining payments for extra duties to ensure they are fully budgeted for.

CAUTION: To avoid entering data in an incorrect pay frequency, be mindful of the pay frequency to which you are logged on as you may be changing back and forth between the current year and next year's pay frequencies for several months.

Payroll > Utilities > Mass Update > Extra Duty

This utility is used to update extra duty assignments for a number of employees at a single time. Extra duty data may be updated by a variety of criteria including pay type, pay grade, primary campus, and pay frequency. The Extra Duty tab allows users to add, change, and delete extra duty codes as well as alter the existing dollar amounts associated with the extra duty assignments. Once extra duty assignments are changed or deleted using this page, modifications are reflected in the individual extra duty records.

The screenshot shows the 'Mass Update' utility interface for 'Extra Duty'. At the top, there is a breadcrumb trail: 'Utilities > Mass Update' and 'Payroll'. Below this, there are fields for 'Year: N' and 'Frequency: F'. A 'Reset' button is located on the right. The 'Parameters' section includes: 'Pay Status' (radio buttons for Active, Inactive, Both), 'Pay Type' (dropdown: All), 'Job Code' (dropdown: All), 'Accrual Code' (dropdown: All), 'Pay Grade' (text input), 'Prior Yr Emp Date' (text input: --), 'Primary Campus' (dropdown: All), 'Pay Campus' (dropdown: All), 'Contract Begin Date' (text input), 'Contract End Date' (text input), 'Contract Months' (text input), 'Payoff Date' (text input), 'Frequency' (dropdown: F Monthly NYR), 'Salary Concept' (dropdown: All), 'Extract ID' (text input), and 'Employee Nbr' (text input). Below the parameters is a tabbed menu with 'EXTRA DUTY' selected. The 'Method' section has four radio button options: 'Change Extra Duty Code to Another Code', 'Change Existing Extra Duty Code Information' (which is selected and highlighted with a red box), 'Delete Extra Duty Code from Employees', and 'Add Extra Duty Code to Employees'. The 'Change' section includes: 'If Extra Duty Code' (text input), 'Amount' (text input: .00), 'Remain Amt' (text input: .00), and 'Remain Pymts' (text input: 0). A 'Populate Extra Duty Code Description' link is present. An 'Execute' button is on the right.

Under **Parameters**, select the employees and records to be copied to the current year.

TIP: Prior to processing a mass update, capture a screenshot of the parameters used for future reference.

Under **Method**, select the extra duty changes to be implemented.

Click **Populate Extra Duty Code Description** to update the **Amount** field when a different extra duty code is selected.

Click **Execute**. A preview report is displayed. [Review the report.](#)

Click **Process** to accept the changes and continue. Or, click **Cancel** to return to the Mass Update page.
