Generate the Account Code Comparison Report

Log on to the next year pay frequency.

Generate the following report before calculating salaries.

Payroll > Reports > Payroll Information Reports > HRS6000 - Account Code Comparison - This report is used to verify the distribution codes from the master distribution page against the account codes in Budget.

If there are account codes displayed on this report, these codes should be set up in Budget or changed.

The desired outcome of this report is a report heading with no account codes listed.
