Generate reports to verify employee data i

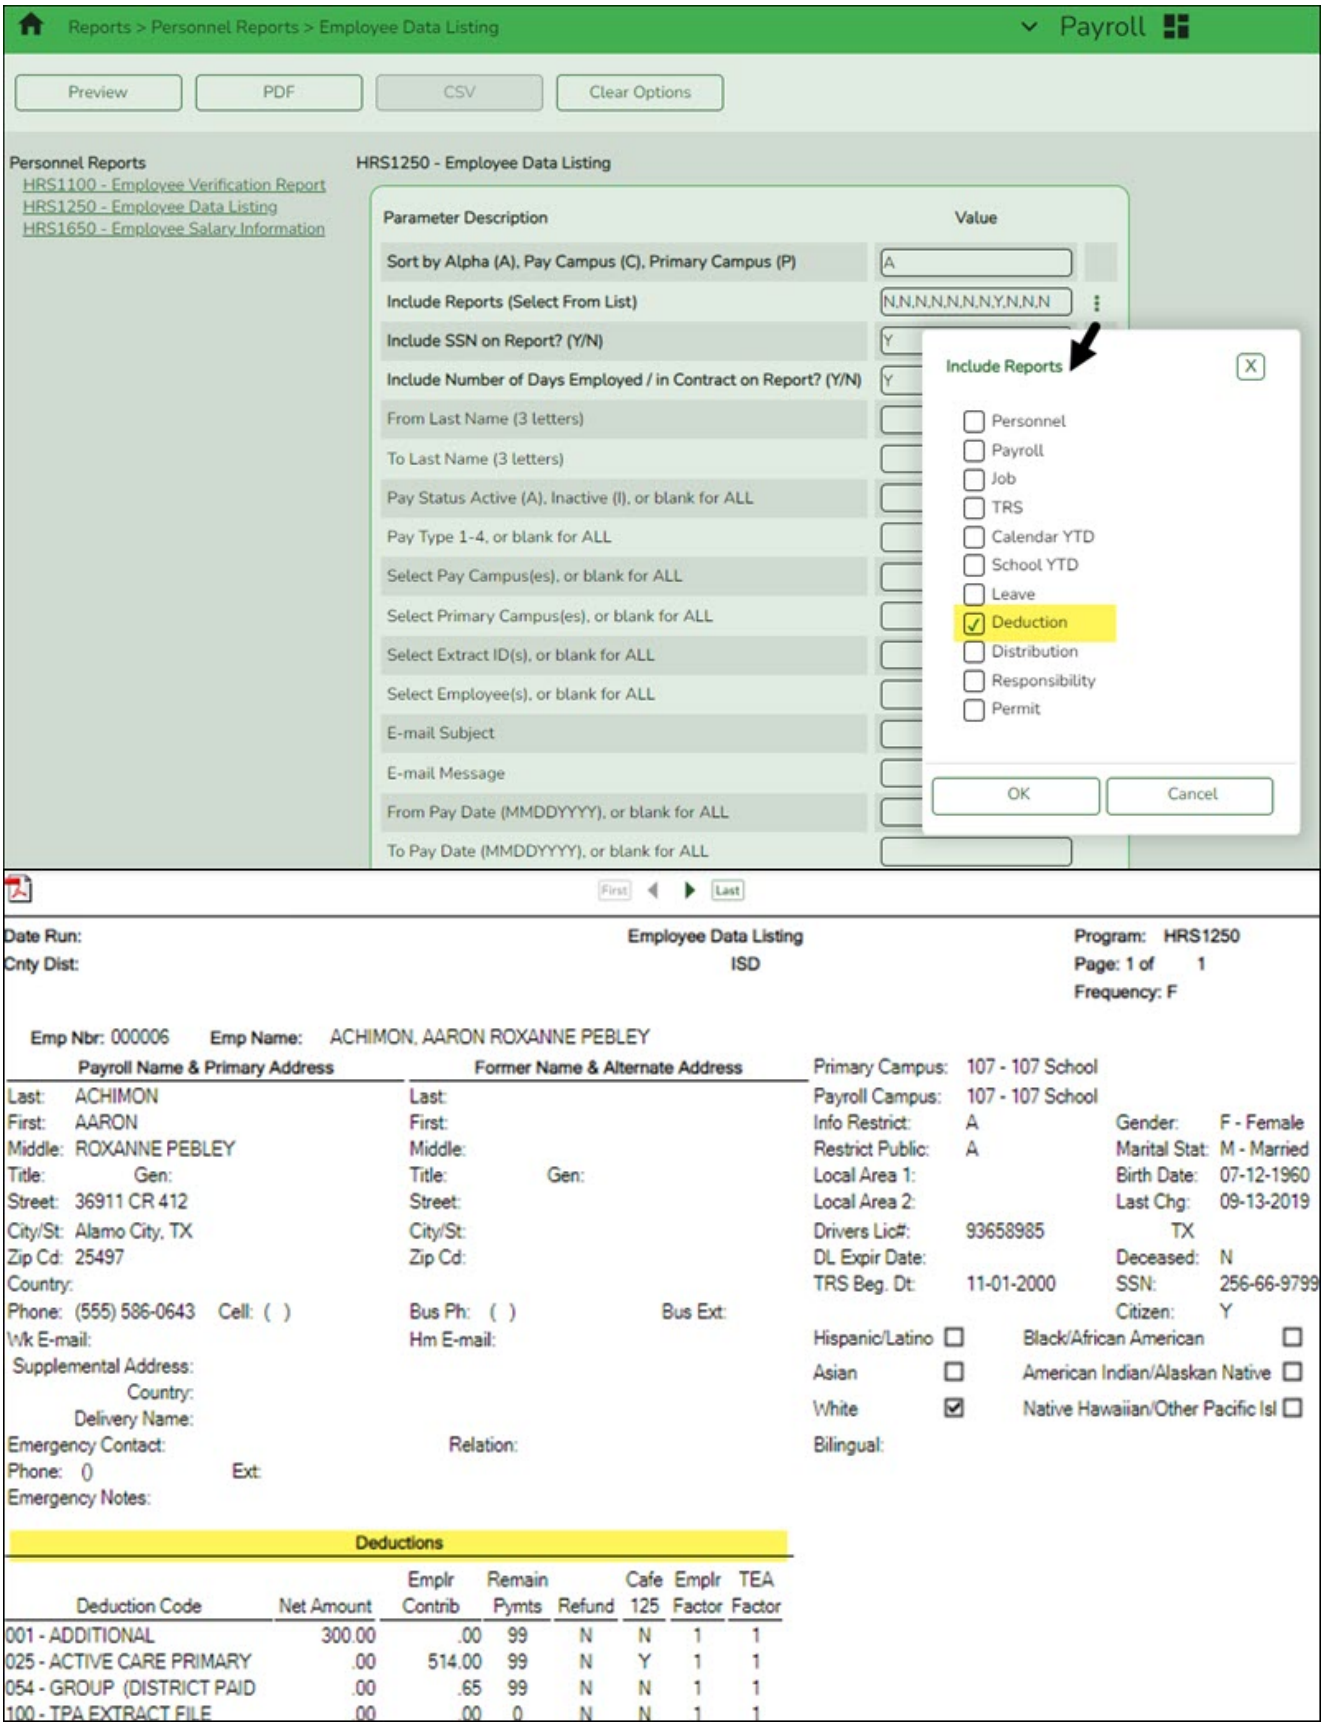

Generate reports to verify employee data

Generate the following reports to assist in verifying employee data.

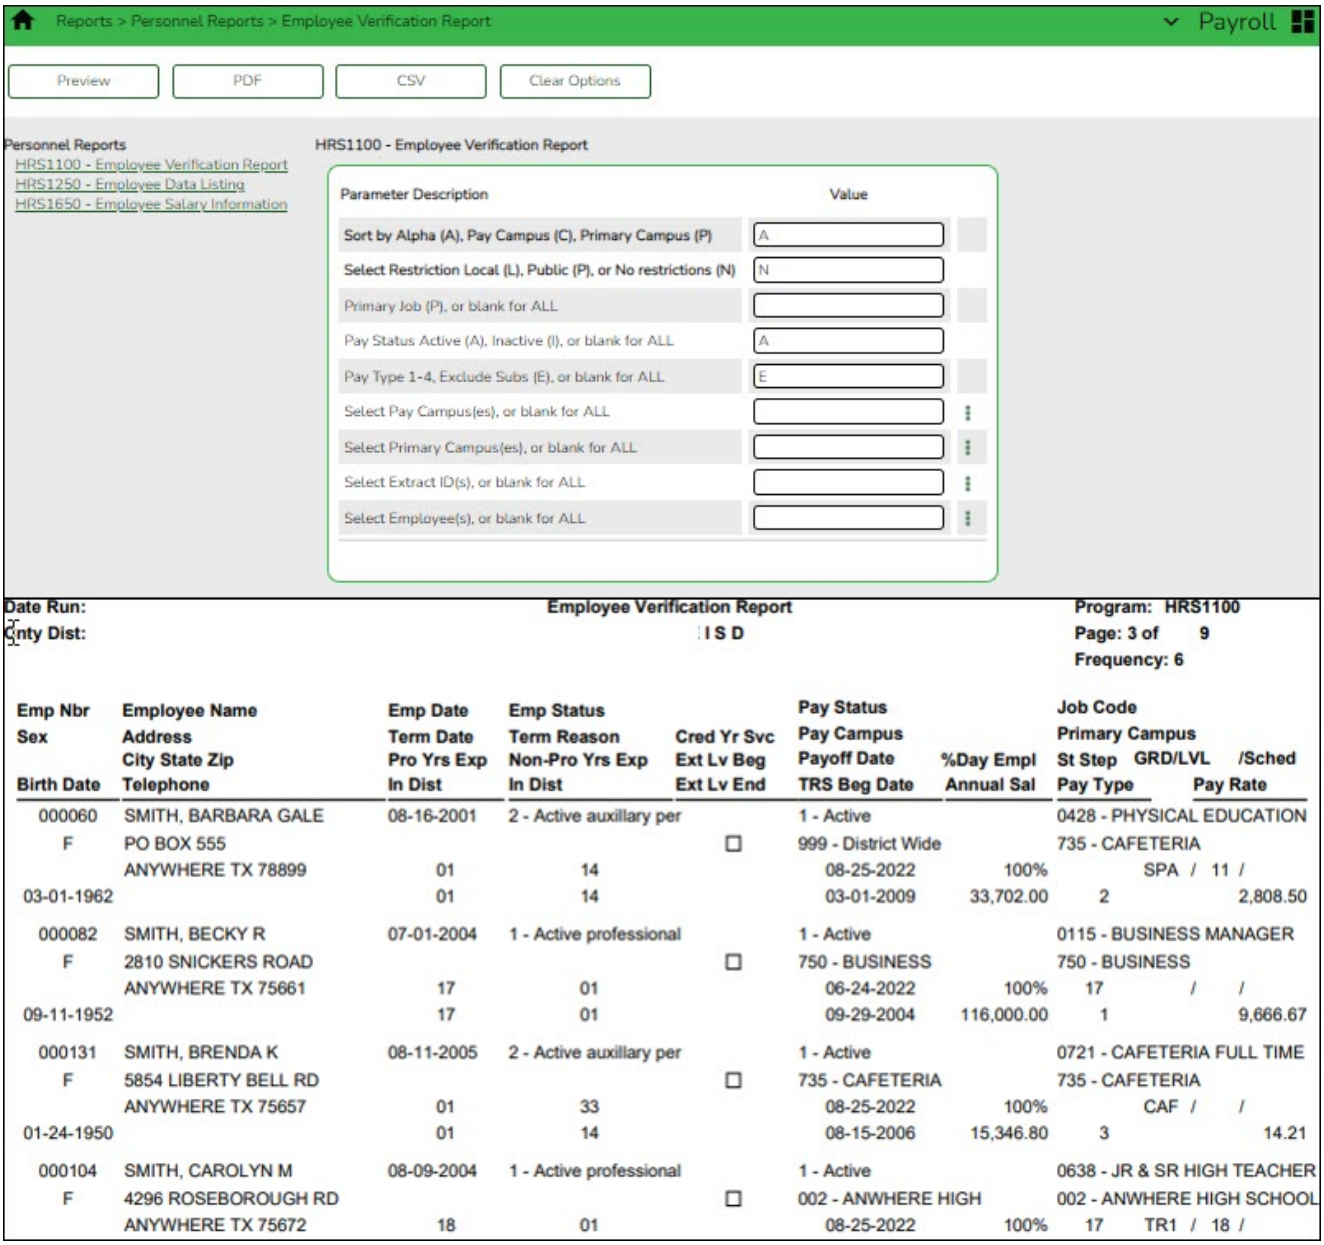

- Personnel > Reports > Personnel Reports > HRS1000 - Roster of Personnel - If an employee was not copied over to the next year, run the Copy CYR Staff to NYR utility again for only the single employee.

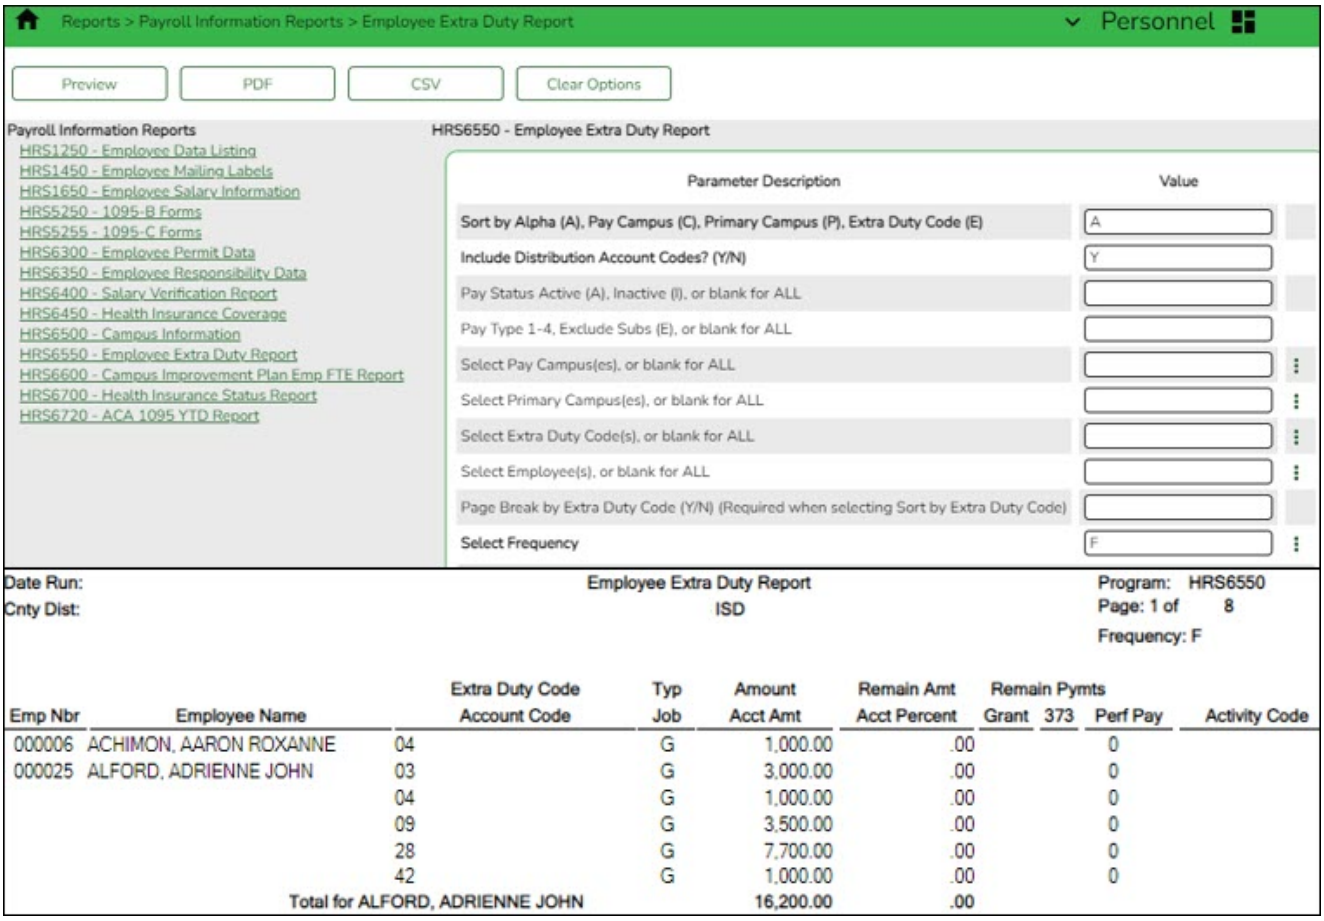

- Payroll or Personnel > Reports > Personnel Reports > HRS1250 - Employee Data Listing - This report can be used to verify deduction information and is available in Personnel or Payroll. Run the report with only the **Include Reports** parameter set to **Deductions**. A user created report can be created to only include deduction information. It can be sorted by deduction code and remaining payments.

- Payroll or Personnel > Reports > Personnel Reports > HRS1100 - Employee Verification Report - This report provides detailed employee data such as employment dates, salary, address, and other information for reference or to verify recent input and processing.

- Personnel > Reports > Payroll Information Reports > HRS6550 - Employee Extra Duty Report - The report lists all employees with extra duty codes on the Pay Info tab. The report can be sorted by name, campus, or extra duty code. The **Include Distribution Account Codes** parameter includes S-type distributions for the selected employees.
