Correct out-of-balances

Log on to file ID C.

Finance > Utilities > Out of Balance Correction

In the new current file ID, correct any out-of-balance occurrences. If there are no out-of-balance occurrences, continue to the next step.

This utility is used to view and correct any out-of-balance accounts in the end-of-month (EOM), current, and next accounting periods.

The ASCENDER processing logo is displayed upon accessing the page indicating that the program is searching for any out-of-balance accounts in the EOM, current, and next accounting periods.

If all accounts are in balance, the following message is displayed: All accounts for EOM, Current and Next Accounting Periods are in balance.

If any out-of-balance accounts exist for YC, AC, AA, the [FIN1600 - Batch Process Balance Error Listing Report](#) is displayed with a list of the accounts. [Review the report.](#)
