Select Codes

The Status Codes lookup is used to select status codes.

Select a status code:

The status codes are listed in ascending order.

To search for a specific status code, begin typing data **Search** field. The list displays the status codes that matched what you have typed.

When you locate the status codes to be included, select the corresponding check box and click **OK**. The lookup closes, and the field/parameter is populated with the selected status code(s).

Click **Cancel** to close the lookup without selecting an status code(s).
