Years of Service Notes i

Review the following information:

WARNING: The Extract Teacher Service Record page retrieves the employee's contract begin/end dates from the [Payroll > Maintenance > Staff Job/Pay Data > Job Info](#) tab to create the service record, which means that service records must be extracted **before** new contract information is entered for the current year or rolled in from next year, and prior to updating the **Years Experience** fields on the [Personnel > Maintenance > Employment Info](#) tab for the next school year.

Notes:

- **It is recommended** that service records are extracted for **ALL** employees after June payrolls have been completed. If all leave for the current year has not been posted for certain employees, you can update those employees by using the **Update Leave Only** option on the [Personnel > Utilities > Extract Teacher Service Record](#) page after leave is posted in July and August.
- The data collection for Class Roster Winter submission will not be impacted since the prior teaching experience is maintained separately on the [Personnel > Maintenance > Employment Info](#) page.

Service records should include the completed number of years of experience at the **beginning** of the current school year and the leave balances at the **end** of the current school year.

Service record examples

According to the Teacher Service Record guidelines, the actual experience should be recorded by September 1 of the school year meaning that the current school year is not included in the total years of service.

Example 1:

John graduated in 2021. He began working at the LEA in August 2021. As of Sept 1, 2021, he has not yet completed a year of service so his record will indicate zero years of experience for 2021-2022.

Example 2:

Amy worked as a certified teacher's aide in 2012-2013, 2013-2014, and 2014-2015. Then, she earned a degree and teaching certificate and began working as a teacher during her years of service. Section 53. 1021, Section M indicates that Amy can receive up to two years of creditable service applied for

salary increment purposes. Amy should have eight years of experience on the 2022 row of her service record (2013 does not count toward service, 2014 = 0, 2015 = 1, 2016 = 2....2022 = 8) and she should be on step 9 for salary purposes (only two years of credit for aide job, not three) for 2023. She will be on step 10 for 2022-2023. We recommend adding a note indicating that she was given two years of credit for salary increment purposes and therefore was paid on step 8 for 2022.
