Payroll > Payroll Processing > TRS Processing > Create Files

This tab is used to create the Employee Data (ED), Regular Payroll (RP), and Employment of Retirees (ER) submission files for TRS reporting. These submission files can be electronically submitted to TRS.

The **Employee Data (ED)** submission file contains basic employee enrollment information. The ED file is submitted at the beginning of a new school year for all employees and each month for new employees.

The **Regular Payroll (RP)** submission file provides a payroll contribution detail report for each employee on a monthly basis. The RP file is submitted after the last payroll of the month.

The **Employment of Retirees (ER)** submission file reports employment information for retirees, regardless of retirement date or retirement type. The ER file is submitted once a month for retired members.

Access the [RE Portal Resources](#) page for additional reporting information and complete file record layouts.
