warehouse_account_code_general_ledger_inquiry i

The 20-character account code mask with all Xs is displayed. Use either of the following methods to select an account code:

- Type only the digits that are used during the selection process (e.g., for a summary of all supply accounts for campus 001, the account mask would look like the following: XXX-XX-63XX-XX-001-XXXXXX).
- Click ⋮ to select from a list and click **Retrieve**, or enter the following information to include in the account code mask: Fund, Func, Obj, Sobj, Org, First Program, Second Program, Third Program, or Fourth Program.
