# GP1300 - Grant Detail General Ledger Report

## Grants and Projects > Reports > SSA Grant Reports > Grant Detail General Ledger Report

This report provides a list of detailed transactions for a grant from the general ledger. You can view grant/project data for the entire grant period regardless of the fiscal year or you can retrieve data based on the file ID and from/to accounting periods. If you need to narrow the list of transactions to a specific accounting period range within a file ID, you can use the **From-To Account Period; School Year** pop-up to specify the from/to accounting periods. Vendor transactions allow for the printing of either the name of the vendor or the reason for the transaction. Report information is displayed based on the masked account codes set in the User Profiles table for the logged-on user.
