W2 Inquiry- HRS3600

Human Resources > Maintenance > Calendar YTD Data > W2 Inquiry

This tab displays data related to taxes, deductions, travel pay, taxable benefits, TRS deposits, and other amounts based on the totals included on the past year's W-2 form. This tab displays both Calendar YTD and W-2 information. The left side of the page displays a portion of the Calendar YTD amounts that are reflective of the payments made to the employee for the logged-on payroll frequency. If the employee is on multiple payroll frequencies, the Calendar YTD information to the left of the W-2 information does not display the same amounts as the W-2. The W-2 reflects amounts based on all payroll frequencies. If the Calendar YTD information displays a 457 Withdraw amount, the Calendar YTD Taxable Gross does not display the same amount as the W-2. The W2 Inquiry tab is display only, and data cannot be changed on this tab. The tab populates when the Quarterly/Annual Report, HRS5100 - W-2 Forms processing is completed.

If the calendar year is greater than 2013, the non-TRS nontax business allowance and non-TRS nontax nonpay business allowance amounts are not included in the taxable gross calculations.
