# Mass Update Pay Date - HRS3200

**Human Resources > Maintenance > Leave Account Transaction > Mass Update Pay Date**

tab is used primarily to update the leave on the service record when the service record has been created already but not all leave for that year has been processed. The Mass Update Pay Date tab allows the users to change pay dates for unprocessed leave transmittals.

**Example:** An employee is paid off in June, and the new contract begin date is 07-01-2009. The service record for the employee has already been created for the 2008-2009 school year, and his leave balances reflect leave posted through June. Leave requests were then received for absence dates of 06-25-2009, 06-28-2009, and 07-20-2009, and are before the July payroll is processed. The 06-25-2009 and 06-28-2009 leave should affect the 2008-2009 service record and should have been included with the June payroll. The 07-20-2009 leave should affect the 2009-2010 service record and should not be posted with the July payroll, since there are June absence dates. The June absence dates should be posted first, so the 2008-2009 service record can be updated and reflect the correct leave balances for that school year. All leave is posted to the July pay date that has not yet been processed.

The Mass Update Pay Date tab enables the user to move the 07-20-2009 date from the unprocessed July pay date to the August pay date for August posting, which is eventually part of the leave balances for the 2009-2010 service record. When July payroll is processed, the employee’s leave master is updated with the June absence dates, and then the 2008-2009 service record leave only can be updated easily through the Extract Teacher Service Record utility.

## Mass update employee leave transmittals:

Field	Description
<b>Change to Pay Date</b>	Click <input type="checkbox"/> to select a pay date to mass update unprocessed leave transmittals. This field only displays unprocessed pay dates. This field must be populated.

Under **Update By:**

<b>Pay Date</b>	Select to update unprocessed leave transmittals by pay date.
<b>Emp Nbr</b>	Select to update unprocessed leave transmittals by employee number.

If **Pay Date** is selected under **Update By**, the following fields are displayed.

<b>Pay Date - From</b>	Click <input type="checkbox"/> to select a from and to pay date. The pay date fields are optional and only display pay dates where unprocessed leave transmittals exist (regardless if the pay date has been processed or not).
<b>Abs/Earned Date</b>	Click <input type="checkbox"/> to select an absence date range. These do not have to be pay dates. If no dates are selected, absence dates for all specified pay dates are extracted.
<b>Leave Type</b>	Click <input type="checkbox"/> to select a leave type to limit the transmittals retrieved to a specific leave type. This is an optional field.

<b>Reason</b>	Click  to select a reason to limit the transmittals retrieved to a specific absence reason code. This is an optional field.
---------------	--

**Note:** If the leave transmittal was created as a result of employee substitute leave, the substitute leave record will also be updated with the leave transmittal and will remain tied to that employee. Only the leave transmittal pay date is changed; the substitute's extra duty transmittal pay date is not changed. The employee/substitute report displays the new pay date for the employee and the existing pay date for the substitute. Substitute extra duty transmittals created through employee/substitute transactions cannot be duplicated or copied to another pay date.

If **Emp Nbr** is selected under **Update By**, the following fields are displayed.

<b>Emp Nbr</b>	<p>Type an employee number, if known. The employee's name is displayed at the top of the page, and unprocessed leave transmittals are displayed in the grid below.</p> <p>If the employee number is not known, click <b>Directory</b>. The Employees dialog box is displayed.</p> <p>To search for a specific employee, type data in one or more of the search fields. Click <b>Search</b>. A list of data that matches the search criteria is displayed. Select an employee number item from the list. Otherwise, click <b>Cancel</b>.</p> <p>The employee's name is displayed in the <b>Name</b> field, and employee data is displayed in the grid below. The <b>Emp Nbr</b> field must be populated to retrieve any transmittals for the mass update process.</p>
<b>Abs/Earned Date</b>	Click  to select an absence date range. These do not have to be pay dates. If no dates are selected, absence dates for all specified pay dates are extracted.
<b>Leave Type</b>	Click  to select a leave type to limit the transmittals retrieved to a specific leave type. This is an optional field.
<b>Reason</b>	Click  to select a reason to limit the transmittals retrieved to a specific absence reason code. This is an optional field.
<b>Select</b>	<p>Select an employee leave transmittal row for the mass update process. Use one of the following methods to select a group of employees:</p> <p>To select multiple rows when the employees are consecutive, select an employee to start at, and then press and hold SHIFT while selecting an employee to end the selection process.</p> <p>To select multiple row when the employees are not consecutive, select an employee number, and then select other individual employee numbers from different parts of the listing.</p> <p>Click <b>Select All</b> to select the Select check box for each employee.</p> <p>Click <b>Unselect All</b> to clear the <b>Select</b> check box for each employee.</p> <p>If the date in the <b>Change to Pay Date</b> field is the same as the pay date associated with a transmittal, Select is disabled for that row.</p>

Click **Save**.

<b>Execute</b>	<p>Click to display the Mass Update Leave Transmittals preview report. <a href="#">Review the report.</a></p> <p><b>Review the report using the following buttons:</b></p> <p>Click  to go to the first page of the report.  Click  to go back one page.  Click  to go forward one page.  Click  to go to the last page of the report.</p> <p><b>The report can be viewed and saved in various file formats.</b></p> <p>Click  to save and print the report in PDF format.  Click  to save and print the report in CSV format. (This option is not available for all reports.) When a report is exported to the CSV format, the report headers may not be included.  Click <b>X</b> to close the report window. Some reports may have a <b>Close Report, Exit,</b> or <b>Cancel</b> button instead.</p>
<b>Process</b>	<p>Click to update the selected transmittals, or click <b>Cancel</b> to return to the Mass Update Pay Date tab without updating the selected leave transmittals.</p> <p>If you click <b>Process</b>, a message is displayed asking if you want to create a system backup. If you click <b>Yes</b>, a pop-up window is displayed with the <b>Frequency</b> and <b>Export File Name</b>. Click <b>Execute</b> to continue. Or, click <b>Cancel</b> to not create the backup and continue.</p> <p>If you click <b>Execute</b> to create the system backup, a pop-up window is displayed prompting you to enter a password for the archive. Type the password and click <b>OK</b> or click <b>Cancel</b> to cancel the process. After the process is completed, the Save As window is displayed. Select the drive location to save a copy of the export.  Click <b>Save</b>. A message is displayed indicating whether or not the process was completed. Click <b>Yes</b> or <b>No</b> to either continue or end the process.</p>

A message displays indicating that the mass update was successful. Click **OK** to close the message box.
