HRS9950 - EOY Accrual Account Code Comparison

Payroll > Reports > EOY Accrual Reports > EOY Accrual Account Code Comparison

The report compares the distribution of the August accrued pay by account codes. The information is retrieved from the accrual calculations temporary work file that is used to generate all transactions that are posted to the Finance application. The information cannot be modified, but the district can adjust the information in an employee's record and rerun the calculations to change what is stored in the employee record in the temporary work file.
